APX MEN WIN IN BIG TEN BOWLING

Mnesicles Chapter Crashes Pins For Lead in Tourney, Home Champs Third Time.

It was the fair name of Alpha Rho Chi that was carried in the papers when the final scores were made public on the results of the Big Ten conference telegraphic bowling meet.

Mnesicles chapter rolled high out of over a hundred quints participating. Their total was 2,641.

Bro. "Eddie" Olson, Mnesicles active, amassed the highest single game score of 242 and also the high three-game average.

Alpha Sigma Phi, leaders in the academic rolling at the Minnesota institution, placed second.

The men of Mnesicles feel that they have had a successful bowling season, winning the professional trophy at Minnesota for the third consecutive year without dropping a single game and then taking the academic leaders, Alpha Sigma Phi into camp with two games out of three for the Gopher pin title in addition to crashing the maples for the Big Ten honors.

However there is one fly in the ointment, but then that is as it should be, the Mnesicles alumni decisive whipped the champs! But that is O.K., for there are now two bowling cups and a trophy on the mantle awaiting the arrival of the Big Ten twenty-four inch cup.

PAEONIOS W. A. BUSY

R. C. Lane, '24, Paeonios W. A., is trying to add his name to the list of immortals by attempting two semesters of design in one. He is a Tau Sigma Delta man and has "the stuff." "Cowboy Palmquist is now chapter correspondent.

U. S. C. MAN PLACES IN PARIS PRIZE CONTEST

Rowland H. Crawford, '24, Andronicus, has been awarded fourth place in the first preliminary for the Paris prize offered by the Beaux Art Institute of New York City.

There were over 150 contestants from all over the country competing for the prize, but Crawford was the only man from the Pacific Coast to place.

There will be two preliminaries and a final for the prize, and the winner will receive a scholarship for three years study in the Beaux Art Institute of Paris.

OHIO MAN TO COLUMBIA

Clarence D. Badgeley, '23, Demetrios, received an architectural graduate study scholarship at Columbia University. He received his notice last month and took up his residence in New York, Feb. 6th. The best wishes of Alpha Rho Chi are extended to him.

LIFE SUBSCRIPTION RIGHT

In a recent letter George Lindeberg, '18, Anthemios, head of the Chicago alumni, writes: "My copy of the last ARCHI arrived yesterday, and I will say that it sure is a coker; it is everything that we can expect. The idea of a life subscription is a step in the right direction."

Brother E. A. Stubenauch, '18, Anthemios, is practicing in Sheboygan, Wisconsin.

MICHIGAN ALUMNI ARE POOR BACKERS

Demetrios and Anthemios Men Vie in Race For Subscriptions. Andronicus Now Leads.

Michigan men, alumni, associate and honorary members of Alpha Rho Chi are giving the poorest support to THE ARCHI of any group.

This seems a pitiable situation in view of the fact that Iktinos was one of the two initial chapters. The active chapter was the first to be one hundred per cent subscribed; they reserve better backing.

Andronicus, Paenios and Kallikrates groups, the younger chapters, which have not such a large group of "lost" members, stand at the top of the list of percentages in the order named. Kal­likrates, however, has not been recorded the support of their grads or they would rank higher.

Demetrios Coming Fine

During January, Mnesicles chapter forged ahead of Andronicus, into third place, only to lose it when subscriptions for the last batch of pledges came in. Mnesicles still leads the four older chapters in percentage as well as total subscriptions.

As subscription have come in the last two months Demetrios men have pulled their chapter out of a poor last place into a place in the main fact for a few days they jumped ahead of Anthemios in the "batting average." At this writing Anthemios has the upper hand, but for how long?

At the left are the standing on Jan. 25th and Feb. 8th. What will they be next month. Are Michigan Alumni officers satisfied? THE ARCHI is here to stay—why not co-operate?

COHAGEN FIRST WORTHY GRAND SCRIBE WRITES

Chandler C. Cohagen, '15, Iktinos, first W. G. S., now located in Billings, Mont., is practicing in partnership with Angus V. McIver under the name of McIver & Cohagen. Brother Cohagen is married, but has no children.

In writing he says, "I have enjoyed THE ARCHI very much, have merely delayed answering your letters before. Tell me about the new chapter, the eighth one you mentioned. I rarely hear from Iktinos, but I am interested in Alpha Rho Chi."
ONLY FOUR PAGES, WHY?

Yes, there are only four pages this month. The original program of THE ARCHI was to average, if possible, an eight-page paper each month. The first issue of the year, October, was a twelve-page issue which offsets this four-page edition. We are planning on another twelve pages next month, with a revamped fraternity directory taking six pages.

ONE DOLLAR AND TEN

At the present time, most of the men who have not subscribed are either men whose addresses have been so defective that early issues of THE ARCHI did not reach them or else they are new men in the fraternity. For them THE ARCHI will be $1.00 for the balance of the school year. In the case of the new pledges, this will be in addition to the $10.00 life subscription which is payable upon initiation. The life subscription starts with the October 1924 issue.

FORGING THOSE LINKS

In the first issue under the present administration we stated that it was our aim "to make the little newspaper an instrument through which the men of Alpha Rho Chi will be forged into a living chain of fellowship which will guarantee for the future a united and growing fraternity."

To gain this end we first launched a vigorous subscription campaign which we are still pushing. Last year we had only 264 subscribers on the lists, while at the present time there are 384, a 46 per cent increase. It is only reasonable to believe that the larger the subscription list the greater the unity of the fraternity.

Second class mail entry is secured for THE ARCHI and all copies are delivered. Through the co-operation of postal officials, under second-class mail regulations, many addresses were found to be incorrect. In some cases new addresses have been given by post-offices.

Gradually through the splendid cooperation of the various Alumni Offices at Illinois, Michigan, Ohio and Minnesota the list of "Who Knows" has been cut down. Chapter officers, former classmates and faculty men have supplied other data, but the task is not yet complete. Please give your attention to this matter at once, we plan on a new directory next month.
The Chapters

ANTHEMIOS—ILLINOIS

Prof. S. W. White of the department of Landscape Gardening has been pledged for faculty membership.

New officers elected at the last meeting are: Bro. K. C. Helms, W. E., Bro. W. E. Fraser, W. Supt., and Bro. Young, House Manager.

"Liz" Field has left school and will undergo an operation for appendicitis. Bro. Field's going leaves an important office, that of W. A. A., vacant.

"Flea" Hougen and "Spike" Fickett were over from Indianapolis the weekend before last.

At a recent meeting it was voted to extend the privileges of voting to the associate members. This was the outgrowth of a suggestion made at the convention.

Postal reports show that Bro. R. L. Jordan, formerly with Gordon Van Tine Co., Davenport, Ia., is now in Denver with the Wm. Bowman Co.

By the way it will not be long now until Bro. W. M. Wadsworth, charter member, will be investing in four sister pins for his daughters. "Waddy" lives in Minneapolis and was alumni delegate at the convention.

"Bill" Hallauer, '22, whose home address is still Davenport, Iowa, is an architectural engineer for the board of education in Toledo, Ohio.

Detroit is the center of activity for Bro. Fred A. Rohn, '16, who is in the fireproofing contracting game for himself, wife and son.

Harry A. Hylen, Ex '19, is one of the fellows who has gone into a business other than architecture. The sales game, calculating machines in particular, provided Harry and his wife with Christmas cheer.

Andrew S. Phillips, '23, is pushing a pencil in a Denver office and is living in single "blessedness" at the Argonaut hotel.

We have it on good authority that Bro. H. G. Overend, '17, who is with Bro. Lorentz Schmidt & Co., Wichita, as a designer, is still single, but wavering. Not that it has any connection, but we hope he will visit us enroute to France, as it is reported he will.

Did you know that Lorentz Schmidt, '13, who is doing such creditable work these days in and around Wichita, Kan., is inspired by a good wife and two kiddies?

And by the way, Bert M. Thorud, '18, is associated with Edward Benson & Son (Arthur E. Benson, '15) as an architect and structural engineer in Chicago.

IKTINOS—MICHIGAN

Iktinos announces the pledging of Walter R. Thompson, of Muncie, Ind.; C. Taylor Miller of South Bend, Ind., and Theodore S. Wright of Elmlira, N. Y. All are '27 men.

Recently Brother Elder was elected W. E. to succeed Brother Johnson, who had served two semesters. Brothers Perry and Johnson were made directors, while all other officers were re-elected.

The Regents have approved the retention of Prof. Eliel Saarinen for two more months, which is hailed with enthusiasm by the students. Prof. Saarinen possesses a personality which is an inspiration to those who work under him.

Faculty and seniors of the school attended a luncheon, Jan. 30, in honor of Mr. Louis Sullivan of Chicago, at the Union. Mr. Sullivan favored those attending, with an informal discussion of his philosophy of architecture, his theory of ornament, and general views and experiences in the profession.

Brother Fred Morse will receive his A. B. from the "Lit" school at the close of this semester and is ready to begin the practice of architecture in the "Windy City."

Brother Fred Schoettley of Toledo is expected back next semester to resume his work after a semester's absence.

Theater Magazine for January contains a number of photographs of stage settings designed by Orrin F. Stone, '20, for the Little Theater, Pontiac, Mich. Brother Stone, who resides in Pasadena, was one of the originators and chief scenic artists of our now famous Green Village Nygill.

A P X stood fifth in the first round of the interfraternity bowling tournament.

In basketball, four teams have been defeated by the Maroon and Blue terrors.

An exhibition of drawings from Illinois hangs at present in the drafting rooms, and we are pleased to note a number of problems by members of Anthemos Chapter, known to us through THE ARCHI and football meetings. We hope to be well represented in the return exhibit which goes to Urbana.

Bro. Lester F. Anderson, charter member of Sigma Upsilon which became Iktinos chapter is designer for Brown & Derrick, Detroit. Brother Anderson has a son five years old.

Walt Pearl, another of the same gang, is located in Grand Rapids, Mich., with Architect H. L. Reed. Brother Pearl is married, but has no children.

While his home address remains Leavenworth, Kan., Bro. John B. Franks is now at M. I. T., Cambridge. He is Lieut. Franks of the Q. M. C. Construction service of the U. S. Army.

Newark, N. J., is the home of Bro. Isaac Neger, '12, who is manager of the Hudson Glass Co., New York City.

Lester J. Kelker, '14, who is in the contracting business in Little Rock, Ark., and is practicing architecture; he writes that the men who knew Bro. A. L. ("Art") Soman, '14, have no doubt as to his present whereabouts when they learn that he was listed as "died in France of pneumonia, Oct. 27, 1918" by Uncle Sam. Colwater, Mich., was his home.

DEMETRIOS—OHIO STATE

Demetrios announces the pledging of F. H. Lee, Mansfield, Ohio.

Prof. W. C. Ronan and Prof. Herbert Baumber have been granted honorary membership in Alpha Rho Chi. The following biographies will enlighten the other chapters as to the new men.

Prof. Ronan, Ohio State, C. E. in Architecture in 1910, took additional work at Pennsylvania and received his B. S. in Arch. in 1913. Mr. Ronan returned to Ohio State in 1913 as an instructor. He is now professor of junior and senior design and is practicing architecture in Columbus. His most recent work is the gymnasium for the Kent, Ohio, Normal College. Pledge Brother Ronan is Grand Recorder of Tau Sigma Delta.

Prof. Baumber, George Washington University, '03, was in the office of Nathan Wyeth, Washington, D. C., until 1905, when he entered the office of the Supervising Architect of the United States. While connected with this office he spent four years in the Panama Canal Zone. In 1911 Mr. Baumber entered Ecole de Beaux Arts in Paris and later became associated with Achille Duchene, Paris, on the Parkway Scheme and the Municipal Art Gallery for Philadelphia. After serving with the United States forces during the war he finished his Beaux Arts work and received the degree of Master Architect. Mr. Baumer came to us in 1922, is now professor of senior design and is also in the office of the University Architect.

Bro. G. F. Oman, '19, is back in the old grind again. He is working on the LeBrun Traveling Scholarship and Paris Prize competitions. Doc is also teaching sophomore and junior design.

Geo. Bullord, '20, was married very recently. We were all greatly surprised, but managed to express our congratulations and condolences.

Our annual formal dinner dance will be given at the Deshler Hotel Feb. 29. We are looking forward to a great time and a regular reunion. Brothers Wade
and Axline have several stunts in mind if the censors do not object.

A recent letter from Bro. Walter A. Taylor, '21, advises that he has reached his station in China, where he is to serve as a missionary architect for the American Church Mission at Hankow. At present, he is in Peking for six months of language study. He has promised something for subsequent publication.

MNESICLES—MINNESOTA

Mnesicles announces the pledging of Milo Minnigas, N. D., and Robert Gullette, Minneapolis.

The following men were initiated Jan. 19: J. T. Grisdale and Vernon Peterson, Minneapolis; Kenneth Backstrom, Pipestone; W. J. Witherspoon, Hell, St. Paul; A. Claude Fegel, Great Falls, Mont.; Harold Dower, Staples; Alvin Jansma, Hoppers, Ia., and Frank R. Root, Omro, Wis. A banquet was held following the initiation at the Chateau Tea Rooms.

A Dutch party was given in honor of the new initiates at the chapter house, January 26. As usual, Walt Kendall made his light menu by devising a unique scheme of decorations. Elton Crowell made a wonderful choice of refreshments while Dewey Gerlach provided the best and incidentally the longest music we have ever had.

Our basketball team has won six out of seven starts. K. Backstrom was chosen as one of the freshman squad. "Kenny" looks like a promising candidate for the varsity in a year or two.

A subscription has come in for Myron R. Dassett, Ex '17, from his folks in Minneapolis. After leaving Minnesota Mike went to Columbia and is now a student at l'Ecole des Beaux Arts, Paris.

Donald H. Buckhout, '17, is married and has a son sixteen months old. Don lives at River Home, Perrysburg, Ohio, and commuted to Toledo, where he is working as an architectural draftsman.

January 29th, Bro. and Mrs. Edwin M. Loye sailed for France, Spain, Italy and Greece and will return to New York in June or July. Brother Ed is a 20 graduate who went on to Harvard for his Master's degree. His address is C/o National City Bank of New York, 41 Boulevard d'Haussman, Paris.

In a letter a few days since, Oggie Beeman, Ex '24, speaks with interest of his new work at Washington State, Pullman, where he is employed as a draftsman. He spent New Years in "the now famous log cabin with Fred G. Rounds, Anthemios '16, and his wife and babe." Ogden expects to teach next semester.

Speaking of log cabins, Brother Larry Bakken, '22, is "homesteading" at 4819 29th Ave. S., Minneapolis. Larry and Peggy bought the lot, built a home which will eventually be a garage and are saving for the house.

KALLIKRATES—VIRGINIA

After an absence of half a year, Bro. Henry J. Lawrence returned after the holidays to complete the remaining work on his degree. Bro. Lawrence expects to finish this June.

Bro. W. Irving Dixon dropped in to see us while on a short visit to the University recently, and of course we had to stop work and have an old time hand of Bridge a la Dixon!

Prof. Joseph Hudnut was successful in booking an exhibit of recent paintings in oil by Henry S. Eddy for the University. The exhibition opened on January 29th and was continued two weeks. Mr. Eddy was here himself for a few days as the guest of Prof. Hudnut.

ANDRONICUS—U. S. C.

The new officers for the next semester, installed at last meeting, are as follows:

On the 26th of last month the chapter gave a house dance in honor of the newly initiated pledges—Abrams, Allison, McClelland, Mclvain, Parsons and Straw. The young ladies friends of several of the brothers took the dance way; the only thing they didn't try to get away with was the piano.

Brothers Baldwin and Andersen rescued such things as pennants, ash trays, and brick-a-brac, but an inventory later showed seven A P X paddles missing. These have since been recovered following drastic threats. It has been suggested, however, that some of the brothers patronize different sororities next time.

Our February chapter dance was held at the Palos Verdes Country Club.

Donald L. Bartles, '23, who resides in Downey, Calif., is working as a draftsman for Allison & Allison in Los Angeles.

PAEONIOS—K. S. A. C.

"Pug" Hoelzel is meeting "Kid" Hendrickson of Oklahoma U. at the Kansas City Athletic Club Tournament this week. "Pug" will also be on the Aggie boxing team on their trip to Iowa State next month.

Our past W. A., V. A. Chase, is leaving us this semester. Pretty hard losing your best men, isn't it?

"Pink" Johnson has lost his pin. We regret the loss very much, but we were greatly repaid the day that we met her as a sister.

Brother Patterson has been nominated for the "Wise Fool Contest." Pat will make a good one.

Brother O. D. Lantz, a man that is quite crafty with a set of chops, has presented the house with a new shingle.

Bill Kerr was elected President of the Architects' club for the coming semester. They are very busy at the present time arranging an exhibit for the annual Farm and Home week.

Brother Johnson and Pledge Friedel took first place on the last Esquire, in the Senior and Sophomore classes respectively.

Brother Kraybill, '22, writes from Chicago saying that he enjoys every word in THE ARCHI. So do we, Em.
