PAST OFFICERS WRITE OF FAITH

CHAPTER SCHOLARSHIP NEEDS ATTENTION

ANTHEMIOS RATES HIGH AMONG OTHER CHAPTERS

Differences In Marking Systems
Makes Comparisons Hard.

In response to a feeling often expressed by the alumni brothers THE
ARCHI has taken steps to secure from the collegiate authorities the standings of the
chapters among the fraternities on their respective campuses.

Anthemios chapter, despite the great variations in values of grades in the va-
rious institutions which virtually makes accurate comparison impossible, stands
head and shoulders above the chapters upon which reports were received.

The authorities of each institution were asked to send THE ARCHI a
statement showing how the local chapter of Alpha Rho Chi stood last June
among the fraternities under their supervision. Reports were received from all
but Virginia and Southern California.

In the case of Anthemios chapter, data shows that at that time they stood
fourth among nineteen national professional fraternities and eighth among
sixty-three national social and professional groups with a numerical average
of 81.8. At the end of the preceding semester they stood eighth among the
professionals and thirteenth in the larger list.

Eighteenth among twenty-two professional fraternities and thirty-second
among seventy-seven social, professional and local chapters was the rating given
Iktinos chapter. Their numerical average was 73.3. At Michigan C is 70,
while at Illinois C is 78.85.

At Ohio State fourteen professional fraternities competed for a cup last year

(Continued on Page 2)

AMERICAN INSTITUTE
AND NEWCOMB PRIZES

Annual cash prizes and a list of special
prizes for architectural students of U. S.
C. were announced recently by Prof. A.
C. Weatherhead, head of the Depart-
ment of Architecture.

The California Problem prize, which
will be annual, will be for the best de-
sign embodying the California spirit in
architecture. It is the gift of Prof. Rex-
ford Newcomb, University of Illinois
and associate editor of the Western
Architect. Brother Newcomb has also
presented a group of valuable architect-
ural books to the library of the de-
partment.

The Southern California chapter of
the American Institute of Architects
has established an annual cash prize for
students of the department. This prize
will be given to the senior student mak-
ing the highest record in the entire four
years of his college course.

John Pierse, Ex 22, Demetrios, is
teaching mechanical drawing in the
Franklin Junior High, Columbus.

FOUNDEEHS' DAY FOR
REVIEWING IDEALS

Founder's Day to Celebrate First
Decade of Alpha Rho Chi
April 11 or 12.

With memories of first days of Alpha
Rho Chi filling their thoughts past of-
cers of our fraternity have sent in let-
ters of rejoicing, words of appreciation
for the past and messages of hope for
and faith in the future.

Two local architectural fraternities,
Sigma Upsilon organized at Michigan in
the fall of 1910 and Arcus of Illinois
formed a year later, each sent a delegate
to the conference in Chicago on April
10, 1914, out of which came our fraternity, Alpha Rho Chi, so named by the
two men on April 11, 1914.

On May 22, 1914, the Arcus society
became Anthemios chapter of Alpha Rho
Chi, while Sigma Upsilon formally
changed its name to Iktinos chapter on
June 6, 1914. During the summer the
national organization was perfected and
in November the first Grand Council
met in Ann Arbor to discuss the better-
ment of the fraternity.

Subsequently, on Feb. 3, 1915, the first
convention was held in Detroit, at
which time the petition of Tau Epsilon
Chi of Ohio State was granted, while
the Detroit Alumni were given the first
alumni charter. The following April
16th Tau Epsilon Chi became Demetrios
chapter.

With this brief background, and the
knowledge that the first grand officers
were Leo M. Bauer, Anthemios, W. G.
A.; Chandler C. Cohagen, Iktinos, W. G.
S.; Bro. Geo. M. McConkey, Iktinos,
that he exercise good judgment in doing so. These are a few of the things that Alpha Rho Chi can do for the student, and the better she does this piece of work the higher will be her place in the Architectural World and the greater will be her service to the profession.

IMPROVED LIVES THE TEST OF A P X SUCCESS

In the next few days we shall be celebrating the tenth anniversary of the founding of Alpha Rho Chi. Her first ten years have been years of faithful efforts crowned with success. She has proved that she has and can maintain a rightful place in the college fraternity system.

This is a good time to consider just what we wish the next ten years to bring. We no longer have the serious problems of obtaining membership and financial support. Our problem today, and I honestly believe it to be as great a problem as we have met before, is that of making certain that we adhere to the ideals and principles upon which Alpha Rho Chi was founded ten years ago.

What, then, is the great end for which Alpha Rho Chi was founded and toward which we are working? Is it national expansion; is it social superiority; or is it a closer relationship to the business of architecture? I do not think it is any one of these. I feel that the work of the Fraternity is idealistic in that of all others with which it is affiliated, and that is to prepare young men for life.

If we graduate from our chapters men whose standards of brotherly love, character and ability to serve have been raised by their Fraternity associations, Alpha Rho Chi is a success. Our expansion must be from within—within our chapters, and within the individual members, if we are to truly be successful.

—W. G. A.

VENTURESOME SPIRITS

While events may transpire to make him change his mind, Bro. Ralph W. Hammett, '19, Mnesicles, M. Arc., Harvard '23, who is now associate professor in architecture at the University of Washington, Seattle, is planning a world tour this summer.

Brother Hammett has an interesting course mapped out following the course of civilization and architecture, “touch Japan and China, work around to India, thence to Egypt. This first part as quickly as possible. From Egypt on I plan to touch Paphlagonia, Greece, Venice and Southern Italy, then up through Italy into Southern France and Spain, ending in Paris with a short tour of England on a quick return.”

If any of the brothers contract Brother Hammett’s spirit of adventure, he desires to have them communicate with him. “It will take some money, quite a bit in fact, though I am gathering every bit of information on how to beat the game.”

As evidence of this the trip from Seattle to the Orient is planned to be on a tramp steamer.

CHAPTER SCHOLARSHIP

IN NEED OF ATTENTION

(Continued from Page 1)

and Demetrios stood last with 201 points out of a possible 400. The previous year they scored lower, 184, but stood higher, twelfth.

Compared with twenty-two professional fraternities in June Mnesicles chapter stood last, and forty-fifth among fifty-seven national social and professional chapters. A system of honor points per credit hour is in vogue at Minnesota, which when one chap quit school last year without canceling his registration put the other brothers “in the hole” with minus points to overcome.

Mnesicles average was .82 which numerically is a mark of about 83 in a code where C is 83-90 and D is 75-83. This is the lowest Mnesicles has ever been. A year ago they stood 1.03 and the first quarter showed a marked improvement.

With Kansas State possibly having another ratio of grades it is hard to compare Paeonios with the other chapters. However they stood twenty-first among twenty-two campus fraternities, social and professional, with a grade listed as 76.89.

No scholarship statistics were available among the professional fraternities at the University of Virginia, while no response for information had been received from either the University of Southern California or Andronicus chapter at press time.
ANTHEMIOS—ILLINOIS

Dale Zent, who stayed out of school last year, is back at the grind again, but is taking Architectural Engineering instead of Architecture.

Bro. P. S. Hall did not register the second semester, and is employed in the office of Bro. E. A. Steubenrauch, '19, Sheboygan, Wis.

Bro. H. F. Pfeiffer has been elected W. A. A. to succeed Hartford Field. The last we heard from Brother Field was that he was convalescing after a serious operation at St. Luke's Hospital, Racine, Wis.

Initiation was held Feb. 22-23. We initiated five men, as follows: Boydston Satterfield, Buford Pickens, Howard Gilbert Gainey, Willis C. Earl, and Wm. Glen Costello. All are freshmen architects except Brother Earl, who is a junior in the Landscape school.

Our Intramural bowling team, under the leadership of Brother Spencer, has done well. At present we have won over half of our games.

In the Plym Fellowship Competition preliminary, which was just recently held, E. V. Gauger, '23, and Fred Keck, '20, both placed. The prize is a year's travel in Italy.

The Architectural Fete is to be held on March 21. It is to be Chinese this year. An innovation is the prize which will be given for the best costume.

We learn that Bro. H. F. Ziemann, Milwaukee, took the "great step" on Jan. 5, when he was married to Miss Gladys Pedersen of Milwaukee.

A letter from Bro. Harold Parr, better known as "Perk," contains the information that he is well satisfied in his new home at Jackson, Mich., and is getting a world of experience along structural lines.

The annual formal dinner-dance will be held at the new Urbana-Lincoln Hotel on March 29th. No details are available at this time.

Carl Dumbolton, '24, formerly of Wichita, Kan., has turned up in Los Angeles, where he is drafting.

While Milo Janes, '23, did leave school he has stayed by the game and is still with Holmes & Flinn, Chicago.

K. M. Waggner, '17, is practicing architecture in Waterloo, Iowa; while Joseph H. Wild, '20, is doing likewise in Gary, Ind. There is one difference, Brother Joe is married.

IKTINOS—MICHIGAN

Friday night, Feb. 29, Iktinos held the annual spring initiation, at which time six new men were taken into membership. They are Brothers Russell Radford, Edward Hull, Roy Fleming, Walter Thompson, Theodore Wright, and C. Taylor Miller.

Many of the alumni were present at the Initiation Banquet held Saturday, March 1. Bro. George M. McConkey, '14, was the principal speaker, and his pleasant reminiscences of the early days of the Fraternity were enjoyed by everyone present. Bro. George Williams, '24, also told some interesting stories involving the older members, the most prominent being one on Bro. Clair W. Ditchy, '15. Write George for particulars!

We are informed that Bro. Roland S. Westbrook, '16, is now head of the Utica, N. Y., Alumni Association of the University of Michigan.

Brother McConkey is again a proud father. It's a boy this time, George Jr., and we hope a future member of A. P. X. Congratulations, Dad.

Intramural basketball is now in the semi-final series, and Iktinos is still in the running, having won seven games and lost one. We now lead the professional fraternities in points toward the Athletic Cup.

Plans for the annual Greenwich Village Party are now in full swing. Schemes for the decorations of the rooms have been approved by the General Chairman, Bro. Gene Cleland, and work is progressing rapidly. We propose to have this the best party ever, and no effort is being spared to make it so.

Prof. Eliel Saarinen held a reception for the members of his class on Mar. 6. A competition is to be held among the active members for the remodeling of the present chapter house, the winner to receive as a prize the payment of his $30,000 building fund pledge.

Several of the Detroit alumni are to act as judges. Landscaping is the main line of work of Bro. Sam Holmes, Jr., '15, Iktinos, who resides in Detroit, Mich.

Ward Davenport, '23, is employed by the department of buildings and grounds, University of Michigan, as a maintenance engineer.

Seven fifteen Michigan Trust building is the office of Chas. A. Crowe, '14, who is married and practicing in Detroit.

THE CALENDAR

March 21
Illinois, Architectural department fete.

Minesicles, Greenwich Village Party for Actives.

Nemesicles, Party at chapter house.

March 22
Iktinos, Greenwich Village Party for Alumni.

March 29
Anthemios, Formal, Urbana-Lincoln hotel.

April 11
Minesicles, Founders' Day banquet.

April 12
Demetrios, Founders' Day banquet, Chittenden Hotel.

April 25
Minnesota, St. Pats' Day, engineers celebration.

DEMETRIOS—OHIO STATE

Demetrios announces the pledging of C. E. Mellenbrook, '26, and T. J. Foley, '26, both of Olmstead Falls, Ohio.

Brother Ayres is leaving school this quarter to accept a position with Halsten & Strong, architcture, Lima, Ohio.

Harry D. McCune, Iktinos, has been staying at the chapter house for the last ten days. He has been doing acoustical work at the Jeffery Mfg. Co.

We recently discovered two prospective architects in our midst. Bro. Frank Whitehouse and Pledge-brother J. K. Lee announced the birth of sons.

Bro. J. W. Green will re-enter school this quarter. He will also continue his work in the university architect's office.

The formal came off in great shape. The fact that this is Leap Year didn't seem to affect the boys much. However, we still have hopes for some of them. Among the alumni who attended were Brothers Fanning, Smith, Osborn, Krob, Cool, Kennedy, Mc Mahon, Spencer and Coady, of Columbus; Budke of Springfield, and Bridenbach of Dayton.

Founders' Day will be celebrated this year with a banquet at the Chittenden Hotel on April 12. This will also be the initiation banquet for five of our men who we expect to initiate about the first week in April.

Bro. Robert A. Lewis, '22, formerly at Bluefield, W. Va., is now practicing in Cincinnati, Ohio. "Bob" is not married.

Samuel Frederick Albrecht, Jr., '22, is very emphatic in stating that he is not married and has no children.

A chief draughtman's duties are those of Bro. Ernst Budke, Jr., who did special work in '22. He is located in Springfield, Ohio.

(Additional Chapter News on Page 11)
MORAL COURAGE

Once again the Grand Council has been advised of the chapters that the name of one of the men had been stricken from the rolls because he failed to keep his obligations. We do not have his story but the charges brought by the chapter, it is sufficient to say, were that he had not paid his just debts and had not kept his promises. It is a pity such things have to be, but any A P X man who fails to pay his just debts for board and room and furthermore does not endeavor to make arrangements is not square. If more chapters had the courage shown by Kallikrates chapter, there would be fewer bad accounts, and the fellows would have more self-respect, more moral courage.

WELL DONE PAEONIOS

Members of the Paeonios chapter are to be congratulated on their recent purchase of a home. Indeed it owns well for the thrift and character of the men in "our baby chapter." A chapter house in the lives of fraternity men soon becomes their college home full of associations and memories—it becomes more than just a house. We hope that the Virginians will be able to find the house they desire before the fall comes—they realize that they are missing.

BALANCE YOUR LIFE

We have in the ranks of Alpha Rho Chi a number of crippled men. Each chapter has its quota of these deformed individuals. True they are sound physically, but they are lopsided mentally. Here you will find a good hearted chap who is all sports, while another place you will find the fellow who has a social bug and but rarely you will find a grind. If a man is interested only in athletics, stepping or books he needs attention.

If a man is going to be successful he must balance his activities in life. Participate in or support the physical program of your school and chapter. Attend the social functions of your chapter and limit your other outside dates because after all your school work must come first. There is room for all these interests in the game of life, schedule your time, hit the ball hard, dance hard and study hard. The records of scholarship prove that if you don't conscientiously do your part you are not helping the fair name of Alpha Rho Chi.

OUR NEW DIRECTORY

Every A P X man is urged to preserve this issue of THE ARCHI, for it contains the last directory which will be published until next fall. As it stands, the directory represents days of actual work on the part of your editor. Wonderful co-operation has been accorded by the chapter correspondents and the alumni secretaries at the Big Ten schools. Until the issuance of the fall directory we propose to publish address changes each month, so please cooperate, advise us when you move.

EXPERIENCED BROTHER?

One of the brothers, connected with a prominent structural engineering company in the middle west is looking for two or more architectural engineers with experience in reinforced concrete design. A brother having experience, and looking for a new location will please advise THE ARCHI. We will put you in touch with the interested party.

MELANDER ASSOCIATES

According to a recent announcement Bro. Albin R. Melander, 21, Maseelec, has become associated with Harold St. Clair Starin for the general practice of architecture as Starin & Melander, Duluth, Minn.

DELEGATES REMEMBER?

Delegates at the Ninth Convention formal will remember Miss Marion Petri, 23, Minnesota, who with Miss Gladys Brouillard, 22, Minnesota, has opened a studio of Interior Decoration in Minneapolis. Both are members of Alpha Alpha Gamma national architectural sorority.

Detroit, Mich.

When we say that the status of the men listed herewith
is still irregular we mean that technically their record is
not clear with the Grand Council. In spirit and perhaps
in some cases the local chapter records are clear. However
in some detail or details the records of the men must be
checked up. The matter has slid along for years and NOW
is the time to clear the slate once and for all. Until THE
ARCHI set about comparing chapter rolls with the Grand
Council roll many of the errors were not caught. In fact
old issues of THE ARCHI bear the names of brothers
whose names are not on either roll.

Historically it might be well to go back to the work
of the auditing committee prior to the Seventh Convention.
They made one assumption, that is, that the directory cards
then on file, Feb. 1, 1921, were O. K. There was no way of
knowing what names were missing, but they anticipated that
there would be omissions. Therefore a membership roll
was included with the auditing committee's report to the
Seventh Convention (see convention report) and a charge
made to each chapter accordingly.

Five men who were listed with irregularities have, this
issue, been listed in with the Alumni-Associate men, but
under protest. They are in under way to clarify matters
relating to them. The others listed must still receive
attention. The auditing committee report adopted that a man whose status was irregular could be put in good
standing by the chapter sending in his directory card, his
order for certificate of membership and his Grand Council
fees. If initiated before Feb. 1, 1921, the total fee is $3.00,
the building fund being cancelled. If initiated between then
and Jan. 3, 1924, the G. C. fee is $15, five for certificate and
ten for the building fund.
Mnesicles—MINNESOTA

Mnesicles announces the pledging of Frank Lindgren, '27, Minneapolis, and Glenn B. Youatt, '27, Kasota, Minn.

Bro. and Mrs. “Larry” Bakken announce the birth of a daughter on Feb. 24th. Brother Bakken officially confirmed the fact by passing the smokes.

Brothers Eddie Olson and Geo. Freeberg are performing with their usual skill on the Varsity bowling team. Eddie has a fine chance for the high individual total trophy.

Fighting to the whistle our basketball team was eliminated in the semi-finals by the tune of 12 to 11. The score is self-evident.

W. Dewey (“Duke”) Gerlach was presented with the scholarship cup at a recent meeting as a reward for being chosen the best all around man during his freshman year. He has his name on every athletic trophy on the mantel and has also maintained a high scholastic standing.

“Chet” Dock and “Bab” Davidson paid us a pleasant visit the first of the month. “Bab” presented the house with a Mah Jong set, and as a result the boys punged and chowed all night.

Bro. Clarence J. Olson, also breezed in for a week end from Clear Lake, la.

Monday evening, March 8, Tressa Snure, Minnesota Alpha Alpha Gamma, announced to the sisters her engagement to Bro. Frank R. Root, '24. They are both to be congratulated.

Bro. John Ray Corwin, Ex '23, won the prize for the design of the Builders’ Exchange Booth at the St. Paul Building show.

Men interested in Big Ten football will be glad to know that work has started on Minnesota’s new stadium and that the contract calls for it to be completed this coming October. Bro. Frederick M. Mann, headed a group of the architectural faculty who rendered professional services.

Most of the actives attended the recent dance given by the alumni at Tamrack lodge, St. Paul, which was some dance while it lasted. It just whetted their appetites and the alumni are here with invited to attend the chapter house dance, Friday, March 21; with no school the next day—well—it will be an endurance dance.

By the way, Sid Strong, Ex '20, was up from Atwater, Minn., for the alumni dance and was duly attentive to the lady in blue. He “has nothing to say as yet.”

Kallikrates—Virginia

Dr. Fiske Kimball paid us a short visit while here from New York City on February 23rd.

Plans for remodeling the old gymnasium for the School of Architecture have recently been completed. Although the State Legislature refused to advance the necessary appropriation in the University Budget for the ensuing year, it is understood that Prof. Hudnut has obtained sufficient funds from private sources, and work is expected to begin in the very near future.

Charles M. Loving, '25, is to be congratulated on recently winning the Monumental Design Scholarship at Columbia University offered by the Memorial Craftsmen of America. Brother Loving expects to begin his study at Columbia next fall.

Andronicus—U.S.C.

Andronicus took the lead in forwarding a professional inter-fraternity council on the campus at U. S. C. At a dinner, representatives of fourteen professional met informally at our chapter house, March 12. The meeting which followed was successful and offers much promise.

Noble McIlvain added to the house decorations by winning a gold medal in the Southern California A. A. U. relays held March 1 in the new stadium. Mac
PAEONIOS—K. S. A. C.

We have bought a house. We decided that paying rent was a slow tedious process. We did some looking around and found a house owned by President Jardine which he occupied four years prior to moving into a new house on the campus built by the state for him. We feel that this is a big step for Paeniosis chapter and will improve the fraternal spirit.

Paeniosis announces the pledging of Leonard Alberding, sophomore in architecture.

Bro. Ted Sencer has "lost" his pin. Seems to be a habit around these parts. Ted is our estimator too.

Hank Wickers is a bit blue over the manner in which the traveling exhibit is being handled. Kallikrates drawings are here. Thanks, Virginians. The rest of the chapters seem to be letting the thing slide. Snap into it, brothers. You have met Hank, back him up.

Captain Pug Hoelzel has purchased an automobile. It might have been a Ford touring once, but you couldn't tell it now.

Bro. Koenig, '22, was here over the weekend. He is now at work in New York. Will probably have more dope on him for the next ARCH.

Brother Allan Ingle, Ex '25, is now working for Dinter Brothers, architects, in Los Angeles.

A course in Landscape Architecture will probably be given here next fall. Needless to say, this is going to be a big help to Paeniosis chapter. Dean Weigle wouldn't sound half bad, would it, Paul?

DETROIT ALUMNI

Our February meeting was held at the home of David Williams. The announcement of the meeting expressly stated "Please eat at home, we don't want any money this time." This made a hit and twenty men came feeling free and easy.

Joc Zimmerman is now president and Max Colter secretary. The only important difference is that Joe gets the title and the writer gets the work! Outside of the election, there were the usual talks and arguments.

Snatches of conversation as the following drifted about: "Married yet?" "Yeah! Any kids?" "Sure, I've got two now and, say, let me tell you what that youngster did yesterday. And over in another corner of the room: "You take 44" rods about 12" on center—or—"Now we use cinder concrete block," etc. However, "a good time was had by all.

Scheduled for the evening of March 11th was the dinner-dance at the Detroit Yacht Club. This party was designed to give the boys a chance to limber up for the Greenwich Village Party in Ann Arbor on March 22nd.

News comes from William Fanning, who is now in New York. Bill is back from a year in Paris and environs. One noteworthy thing that Bill says in his letter is that the American girl has it all over the French Mademoiselle, looking at the problem from every angle (curve rather), and Bill ought to know!

LOS ANGELES ALUMNI

The brothers were much surprised at the beginning of the second semester here at U. S. C. to find that Merrill Madsen, Muscleschick, had enrolled in Architecture. To all appearances Maddy has steadied down a bit and is showing encouraging signs. Andronicus chapter has voted to affiliate him.

Our last Alumni meeting was rather a disappointment. The turnout was small, but at that quite a bit was accomplished. Brother Carl Juline was elected to the office of the board of directors of Andronicus chapter. It was voted to hold the next meeting at the chapter house on March 11.

IN GRAND RAPIDS NOW

Work with the Grand Rapids Show Case Co. as a designer has attracted Bro. Edgar J. Kober, Ex '18. Anthemics, from his old home in Waterloo, Iowa, Brother Ed is married and has one son.

AFTER MAY FIRST

In the directory portion of this issue the address given for Bro. Donald B. Ewing, '16, Drometers, will apply after May 1. Until then Bro. and Mrs. Ewing will continue to reside at 3916 N. Paulina, Chicago.

MOLLY MARRIES IRENE

Bro. Edwin "Molly" Larson, '21, Muscleschick, and Miss Irene Mullin, Ex '23, Minneapolis, were married in St. Paul, February 5th. The newly-weds reside at 232½ S. Snelling Ave., Apt. 4, St. Paul.

NOTICE

In the January issue of THE ARCHI on page 5, and continued on page 8, you will find a caption, "The Chapters from the W. G. E.

The routine of your transactions with the W. G. E. is outlined. Allow me to urge that your officers (especially your Worthy Estimator) have business with this office, review these instructions. Special mention is made of the Arch Life Subscription. This fee of $10.00 is due when badge is ordered, and should be paid with the other fees in the usual way.

There are a few men who were pledged (and not initiated) before THE ARCHI Life Subscription was put into effect, and in some special cases when these men are unable to pay their ARCHI Fee, my office has been advised to make arrangements to have this payment deferred if you will write in advance asking for such a structure.

—TRUMAN J. STRONG, W. G. E.

MINNESOTA FRATS BAN FIRST QUARTER RUSHING

Fraternities at Minnesota will not be allowed to "rush" or pledge freshmen during their first quarter hereafter.

This ruling was adopted by the inter-fraternity council recently, and if approved by the board of regents will take effect next fall.

Prof. W. F. Holman, president of the council, said it is the greatest step in advance by fraternities "since I have been here." Bro. Holman believes Muscles will profit, being enabled to watch a man professionally.

Advocates point out that it will let the freshmen establish themselves and settle down to work first; that some plan has been needed to raise the scholastic standing of freshmen as a whole and particularly of fraternity freshmen.
