FRATERNITY AIMS TO MAKE MORE PROGRESS

Investigations Show Preparations, Kallikrates and Paeonios In New Chapter Houses.

By "Newsy Nat"

As the first issue of THE ARCHI for the academic year is in preparation for the press it seems fitting that a summary of the condition of the fraternity prospects be presented, both with respect to the past year and the future.

During the last year two new chapters have been formed at the University of Texas, Austin, and Carnegie Institute of Technology, Pittsburgh. Dinocrates at the former institution was installed in April, while in May the establishment of Polyklytios chapter took place at Carnegie.

May also saw the initiation of Cass Gilbert, former St. Paulite, now of New York, as Master Architect of the fraternity by the Mnesicles chapter. Mr. Gilbert succeeded the late Dr. Nathan Clifford Ricker, Anthemios, who passed away in March.

A Stronger Alpha Rho Chi

While the facts mentioned above are the salient features of the past year every last chapter made progress in some measure or another and in some respects some lost ground. However, the net results of last year's efforts are a larger and stronger Alpha Rho Chi this fall.

Anthemios, Iktinos, Demetrios and Mnesicles chapters, the four older groups are still in their old homes this fall. Mnesicles, however, released their house in the spring for one year only, as this year is looked forward to as the year in which the new house will be built.

Two years ago the Mnesicles chapter purchased a piece of property adjacent to the University. A parcel of it was cut off and sold to the institution and (Continued on Page 5)

CARTER-BROWN NUPTIALS

Mr. Samuel F. Carter, Minneapolis, announces the marriage of his daughter Marjorie Sarah to Bro. Floyd W. Brown, Mnesicles '17, on Saturday, October 17th. The newlyweds will be at home at 3500 First Ave. So., Minneapolis. Best wishes, Mrs. Brown.

MURPHY MOVES AGAIN

Thomas B. Murphy, Ex. '23, Iktinos chapter, has moved his household goods again. Brother Tom, who is in the construction department of the S. S. Kresge Company, has moved from La Crosse, Wis., to Buffalo, N. Y. His work carries him from one development job to another, but he faithfully keeps THE ARCHI advised; he wants his paper!

MAIL VIA THE ARCHI

At any time any of the brothers are at liberty to write any man in the fraternity care THE ARCHI, and letters will be forwarded to the last known address. Your paper publishes two directories a year, this forwarding service is offered in addition.

AN EARLY RESPONSE INDICATES INTEREST

Life Subscriptions Are Coming In; A Quick Response Means Much To Endowment.

If comparative figures mean anything this year should be a whale of a success for THE ARCHI. Last year when the first issue went to press there were less than twenty one-year subscriptions on the books. This year there are ninety-four life subscriptions on record.

Boosters of the fraternity's national paper look upon this as an endorsement of the program established two years ago and realized last year when nine complete monthly issues were published. THE ARCHI is out of the experimentation stage, the rank and file of the men in the fraternity are convinced.

When the national convention in Minneapolis last January decreed that all men after Jan. 3rd would pay a $1000 life subscription upon initiation, the official journal was heartily endorsed. When the men initiated prior to that date rally with their subscriptions the last difficulty in the path of THE ARCHI will be removed.

Letters of Encouragement

At this time there are upon the subscription lists the names of ninety-four members who are credited upon the books of the W. G. E. Bro. Truman J. Strong, as paid. Part of these men are initiatees who came under the "automatic rule" passed Jan. 3rd while others have voluntarily mailed in their subscriptions.

Prof. Emil Lorch, head of the department at Michigan and an honorary member of Iktinos chapter "took pleasure in sending in a check for his subscription." Prof. Paul Weigle, who holds the same relative position at Kansas and with the Paeonios boys, also endorsed THE ARCHI and its efforts.

Harvey M. King, Mnesicles '18, who was head of the department at North Dakota last year, but is now with the Southern M. E. Church extension board in Louisville, wrote as follows: "I have enjoyed THE ARCHI during the past years and will appreciate its arrival from time to time in the future."

In part, a letter from Bro. Cass Gilbert, Master Architect, reads, "Upon my return from Europe I have received..."
your letter regarding life subscriptions to THE ARCHI and have the pleasure today of mailing my check to Bro. Truman J. Strong. Best wishes.

Following this came a message from Tom Murphy, Iktonos, who wrote, "Evidently through my change of address in June I missed the June issue. Really, in deference to you and others responsible for the issue, during thoughts of Alpha Rho Chi and the boys I have felt somewhat disappointed over that single loss of contact.

And thus our letters continue to read. The staff of THE ARCHI has tried seriously to make the "little newspaper" a real live proposition. They have tried to give the most results with the least expense. In this issue an account of their stewardship appears.

PROVISIONAL BUDGET FOR YEAR DEPENDS ON ALUMNI:

In considering plans for the coming year an estimate was made based upon the expenditures last year which totalled $703.37, of this sum $38.75 was spent for promotion, to secure subscriptions. If this amount is the barest cut this year it can only be done by the brothers doing at once what every man expects to do eventually. Send that ten dollars! Actual preference of THE RCHI's nine issues, took $528.18. The records show $171.93 as charged to executive expenses, including the $100 "salary" of the managing editor. The smallest total item of second class envelopes, etc., was $34.51.

In certain places it is expected that economies will be effected which will permit development otherwise. For the coming year it is proposed that an $800 minimum budget will be required. To meet this certain approximations have been made which are wholly dependent upon the response of the members. The tentative budget resources follow:

PROVISIONAL BUDGET 1924-1925

Approximate balance 1923-24... $5.00
Balance 1924-25 Badge bonus... 100.00
Estimated 1924-25 Badge bonus... 200.00
150 Active subscriptions, assessed 150.00 New Pledges, assessed... 100.00 Annual subscriptions... 200.00

Total... $800.00

Fraternity officers, in conference, have agreed that the sooner the Life Subscription Endowment Fund is built up the more serviceable it will be to THE ARCHI. Therefore, it will be the policy again this year to direct to the publication the badge bonus receipts, to go toward current expenses.

Many men have not yet realize that the life subscriptions of all men NOT active Jan. 3rd go directly into the endowment fund which remains intact to earn interest which alone is added to current expenses. Thus the great responsibility for the rapid growth is placed upon the shoulders of the older men not now active.

According to the terms of the above budget it is planned to divert as much of each active's new initiates' subscription to the endowment as is possible with the view toward rapid growth of the sum invested. Thus the budget is based upon only one dollar being diverted to current expenses. There is of course a possibility that some alumni will prefer to subscribe by the year instead of by the year and other factors. But in all cases it behooves every man to do his part and do it just as quickly as possible. The endowment, funds are invested at 4%. So in the long pull there is a return of interest which is available for current use.

The greater the income from the endowment (which is ignored in the budget) the less the "assessment" will be against the life subscription from the active and initiates. On the other hand unless the actives and alumni respond quickly there will be little interest available this year which means the assessment will have to be greater.

On the whole there is very indication that the plans is going to be supported heartily. Five times as many men have sent in their subscriptions this year (prior to the appearance of the first issue) than did so last year. Many have had good intentions and have forgotten. Their apologies are unnecessary if they will rush their checks for $100.00 to Bro. Truman J. Strong, W. G. E., 10 Coventry court, Dubuque, Iowa.

MNEISCLES CHAPTER LEADS WITH TOTAL SUBSCRIPTION:

THE ARCHI has been credited with 94 life subscriptions at press time. While all men on the list have not actually paid them to the various chapters at time of initiation the ruling of the convention makes them debtors to their chapter, if they were initiated after January 3rd. In most cases the chapters have all paid their accounts with the W. G. E., and there is no debit against them.

Of the subscriptions that have come in Mnisciles ranks first with 25; Master Architect 1, honorary 1, alumni and associates 12, and actives 11. Polykites ranks next with 18; three alumni and 15 active subscriptions. Anthemios ranks third with 16; two honorary, four alumni and associates and ten actives. Iktonos ranks next with a total of 13; one honorary, 4 alumni and associates and 8 actives. Andronicus is pressing Iktonos for fourth place with 12 subscriptions, two honorary and 10 actives. Pacinios has some honorary, three alumni and three actives credited, total 7. Three Demetrios alumni give them their only credits, while Kallikrates and Dinocrates have not been heard from.

Texas vs. Texas A. & M., Austin.

November 29th

Carnegie vs. Notre Dame, Pittsburgh.
It will be the November issue of THE ARCHI in which the semi-annual directory of the members of the Alpha Rho Chi fraternity will be published for the fall.

Every A P X man is urged to look over the lists on this page, particularly the one of men whose addresses are unknown at this time. Mail has been returned from the last known address of these men. Any brother knowing where any of the men can be reached will aid materially in the preparation of the directory.

All members are urged at all times to keep THE ARCHI advised of their whereabouts so that they may receive fraternity mail promptly and without financial loss in wasteful postage. The dead-line for the November directory number is November 8th.

**NEW ADDRESSES**

- **Anthemios Chapter**
  - Kendall, David A. 1858 E. 70th St., Cleveland, Ohio

**SEMI-ANNUAL DIRECTORY APPEARS IN NOVEMBER**

Members Urged to Aid With Address Corrections.

It will be the November issue of THE ARCHI in which the semi-annual directory of the members of the Alpha Rho Chi fraternity will be published for the fall.

Every A P X man is urged to look over the lists on this page, particularly the one of men whose addresses are unknown at this time. Mail has been returned from the last known address of these men. Any brother knowing where any of the men can be reached will aid materially in the preparation of the directory.

All members are urged at all times to keep THE ARCHI advised of their whereabouts so that they may receive fraternity mail promptly and without financial loss in wasteful postage. The dead-line for the November directory number is November 8th.

**CLARK OF MNESICLES MOVES HUGE BOULDER**

ST. CLOUD, Minn.—The largest granite stone ever taken from the ground was hauled out recently from the John Clark & Sons granite producers' quarry at Rockville, according to experts. Bro. J. Gordon Clark, Ex '18, Mnesicles, is a member of the firm.

The stone is 150 feet long, 75 feet deep and 23 feet wide. It contains 300,000 cubic feet and weighs 8,500,000 pounds, equivalent to 4,250 tons.

The stone is far larger than any of the huge worked stones in the monuments of antiquity.

AGAIW WEG BOW
To most of the members of the fraternity THE ARCHI is no stranger, last year seventy percent of the men were subscribers. The faith the early subscribers had in the possibilities in THE ARCHI paved the way for a full year of nine issues. Today you have in your hands the first issue of the 1924-25 year.

Perhaps the issue is out a little late; if so you will perhaps appreciate it the more, as many learned to do last year when they failed to give us their changes of address. We are late, but make no apologies therefore; several new correspondents have been slow and thereby hangs the tale. They will do better next year.

So we bow. Before you is the first issue of the academic year of nine months. Before lies a path along which there will be eight more issues, providing THE ARCHI is accorded the same degree of support it was last year.

OUR FUTURE PLANS
Last spring we announced that we were going to compile and publish a new history of the fraternity. A start has been made along that line and it is taking more time than was thought necessary to gather the material. However, the subject matter coming in from the older men in the fraternity justifies the waiting.

In the fulfillment of this idea old-timers in each chapter are given strict injunction to write to the editor giving as much information as is possible about the old organization which became their chapter of Alpha Rho Chi, tell who was who, and what followed. Please do not leave it to the other fellow; it will take the recollections of many men to fill the gaps in our history. Let's do it now.

SCHOLARSHIP AGAIN
With reports in from only part of the institutions at which chapters of Alpha Rho Chi are located a complete story is not yet possible on scholarship in the fraternity. However, the reports on some of the chapters are far from encouraging. Some of the chapters have slumped since the last reports.

Every man can not be an A student. For some studying does not come easily. Perhaps fondness for design is too strong, but in any event it is absolutely essential that every man do his best. There is no room in the fraternity for a man who won't work. If every member in every chapter tries and tries hard he has done his best.

We trust that before the publication of the records of the various chapters that they will have taken steps to improve their record of last year. A man's application in his undergraduate days is invariably indicative of his future in the profession.

SOMETIMES ITS NECESSARY
Word has been sent to the W. G. A. again that one of the chapters had found it necessary to expel a member of the fraternity because in substance "he hadn't been square" with the fraternity.

Now and then a chap will get by and after initiation it will be found that he is not a man in the big sense of the word. Many times a good dressing down will bring a slacker to time.

There is no place in Alpha Rho Chi for a quitter. The man who accepts a bid and is initiated must live up to his moral and financial obligations to his chapter—or he deserves to be expelled.

IKTINOS AND ANTHEMIOIS
Brothers of Iktinos chapter are urged to visit Mneseicles on the occasion of the Minnesota Homecoming, the first in the new stadium, Nov. 1st. The same invitation holds true for Anthemios at the dedication day, Nov. 15th.
At the Round Table

In submitting the following statement for the last year's work of THE ARCHI only the major items are presented because of the lack of space and the possibility of causing our readers to become bored.

If the report simply covered finances it would not be complete. Your W. G. S., who served as business manager, did not keep a record of time spent or letters sent out nor does the statement below regarding our managing editor by any means represent the time he gave to THE ARCHI.

His report records 437 personal letters written, 734 circular letters signed and mailed in addition to many monthly bulletins to correspondents. He remembered to put down 578 hours worked, during his "spare" time, a total of over thirteen 44-hour weeks.

HAROLD R. PETERSON,
Business Manager 1923-24.

FRATERNITY IS READY TO MAKE PROGRESS

(Continued From Page 1)

the remainder replatted into five lots around a semi-circular court, known now as Fraternity Court.

Last year the University of Minnesota commenced the construction of their Memorial Stadium across the avenue from the Mnesicles property. Since then two of the lots in the court have been sold to the Sigma Phi Epsilon fraternity, clearing the title to the whole property and leaving a balance.

The Stadium has created an active interest in the remaining lots and upon sale of the two east lots Mnesicles will commence building operations on the center lot.

Kallirikes chapter at Virginia was without a house last year, but before the opening of school this fall negotiations were completed for a small cottage on Carr's hill which has been named Archi house and is so known by postal authorities.

Andronicus chapter needed larger quarters this year, but had to retain their lease on their old quarters. The Californians learned that lawyers have ways of their own. Paeonios chapter, down Kansas way, however, has moved during the interim and is now in a larger home which is in first class shape.

Rushing Well Under Way

Such is the status in the local chapters in the material sense. All chapters report the majority of their last year's men back in school. Some were unable to return while men not in school last year have returned for further work, keeping the number of actives up to about normal for the fall. Rushing and pledging is under way and soon the loss of graduates will have been offset with fall initiations.

Nationally the fraternity is in the best shape ever. During the summer the W. G. A., Dwight P. Ely, has devoted his time toward two things—first, the publication of issues in loose-leaf form of the constitution and by-laws as adopted at the Minneapolis convention, and second, to getting married.

Truman J. Strong, W. G. E., in his post-academic year report indicates that the fraternity is in its best shape financially that it has ever been. Chapters have cleaned up old debts. Brother Strong, under a new plan is also Grand Business Manager of THE ARCHI and is the man who receives and invests the life subscriptions.

"Little Newspaper" Receives Support

Bro. Harold R. Peterson, W. G. S., who served last year as Business Manager of THE ARCHI, has relinquished that work so that he may devote more time to the following up of prospective new chapters. "Pete" is also treasurer of the Minnesota alumni chapter which will handle the Mnesicles building fund.

Perhaps the best indication of the progress of the fraternity as a whole is found in the fact that THE ARCHI, which is entering its third year as "the little newspaper," in this size and shape, is starting the year with better support than the first of last year. The backing this year is in terms of $10 life subscriptions while that last year was only annual subscriptions.

This year Brother Paul E. Nystrom, Mnesicles, who will receive his degree this fall, succeeds Brother Peterson as Business Manager of THE ARCHI. Brother Nystrom is interested in the publication and brings to it an unswerving loyalty and experience on the staff last year. The editorial side will be in the hands of Brother Tousley again this year.

As an advisory board this year Minnesota supplies the following men: Frank S. Moorman, Minnesota A. A. A., George F. Freeberg, Mnesicles W. A., and Brother Peterson, W. G. S.
ANTHEMIOs—ILLINOIS
E. G. Spencer, Correspondent

Towards the end of the second week of September the men of Antemio began to drift back to Illinois—headed by "Toogie" Gurns, the House Manager. By the sixteenth most of the men were back at the old stand at 401 E. Green and the annual house cleaning began.

When the roll was called at the first meeting twenty men were reported back in school. The only active who failed to come back was W. C. Earl, 342 Spruce St., Kansas City, Mo.

During the opening week of rushing the chapter was quite fortunate in their selection of new men. After the smoke of battle had cleared away we found the following new men wearing the little red and blue pledge pin:
- Wm. Cairer, 27, Wichita, Kans.;
- Glen Yockey, 27, Taylorville, Ill.;
- Wendell Parks, 27, Wichita, Kans.;
- Robert Mayberry, 28, Wichita, Kans.;
- Richard Curzon, 28, Little Rock, Ark.;
- Robert Brainerd, 27, Rock Falls, Ill.;
- Otis Winn, 27, Murphysboro, Ill.;
- Marvin Patterson, 28, Springfield, Mo.;
- Allison Tyler, 28, Hickman, Ky.;

In most respects we are quite proud of these same "Frosh." They have all made a pretty fair start scholastically and the other night in their pajama race with the Sigma Phi Sigma Frosh they clearly demonstrated their speed when our relay team beat their opponents by some 30 odd yards.

It is early for much "honors" to be passing about among the men, but we have W. A. Rolleston, who won the bronze Scabul medal last year, competing in the national Scabul competition. We all hope that he is as fortunate this year as he was last. Rolly, too, was recently elected to the presidency of the Architectural Society.

E. G. Spencer was pledged Sigma Tau, honorary engineering fraternity. Hal Knibusch is one of the half dozen junior cheer leaders who are so largely responsible for our football victories so far (Hal helped lead the cheering at the Gridgraph reproduction of the Illinois-Nebraska game.

Al Wenste was made chairman of the Homecoming Decorations Committee for the campus decorations and under him there are several A P X brothers—

Ganschinietz, Helms, Knibusch, Pfeiffer, Pickens and Spencer.

In regard to that same subject of Homecoming Decorations, we might say that the house committee under the chairmanship of Brother Bergman has a "hot" idea for house decorations and with proper cooperation from the members we are expecting to win one of the good looking cups offered.

DEMETRIOS—OHIO STATE
Lot H. Green, Correspondent

Some of our alumni are guilty of committing matrimony, but there seems to be no remedy for it. Herb. Stanley, of Ann Arbor, was married on June 26th to Miss Margaret Weer of Indianapolis, Ind. After a southern trip they returned to Ann Arbor to live.

Ralph Demmon, 23, Ann Arbor, was married exactly a month later to Miss Canele Alton of Grand Rapids, Mich.; while a third man, Ervin Bailey, 24, Ann Arbor, has announced his engagement to Miss Helen Cook, of Ypsilanti, Mich. The wedding will take place Oct. 29th.

All three of the gentlemen are employed by Bro. Lynn W. Fry, '17, state architect for Michigan, Ann Arbor.

IKTINOS—MICHIGAN
Orrin K. Griffith, Correspondent

Bro. Kenneth Black has been made W. A. to fill the vacancy caused by the resignation of Bro. Burr DuBois, who is not back in school. Wilfred McLaughlin was made W. A. A., to fill the vacancy caused by the making of Black W. A.

Bro. H. E. Peterson, Ex. 23, of Gary, Indiana, is back in the ranks again. We are always glad to have men like "Pete" back with us.

The last man to leave was Bro. Ed. L. Kline, 23, who is now working in Chicago with the firm of Coolidge and Hodgson.

Our Annual Fall Party has been set for November 22nd, the night of the Iowa game. Come back, ye Grads.

Although we haven't an addition to the chapter house here as many of us expected, we have some new improvements in the form of rugs. To walk on them feels "like walking around in the old hay-now back home."

Our pledges to date, in number six are:
- Roman Rudolph, 26, Fredonia, Wis.;
- Arthur Tucker, 27, Detroit;
- Fred Campbell, 28, Detroit; Karl Kuhn, 28, Detroit;

It seems to us that the sunny "clime" of California has somewhat lost its spell on Bro. George Williams, 24, for he is back in our midst again.

Bro. Conrad Johnson and Pledge Brother Rudolph are not back this year. For reasons beyond their control they were unable to return this fall. We expect them back next year though and it is possible that Rudolph will be back the next semester.

Very recently Bro. Roy Fleming announced to the chapter here that he was engaged to Miss Vivian Fish, of Detroit. The cigars were fine.

DEMETRIOS—OHIO STATE
Lot H. Green, Correspondent

Officers for the ensuing year are as follows:
- R. V. Wade, W. A.;
- C. E. Jones, W. A. A.;
- D. F. McMurtry, W. E.;
- N. F. Marvin, W. C.;
- F. G. Scott, W. S.;
- G. H. Ferrenz, Supt., and
- J. W. Green, house manager.

Demetrios chapter announces the pledging of seven men: Edward W. Chadeayne, Cleveland, Ohio; William R. King, Carey, Ohio; Herbert E. Lacey, Wilmington, Ohio; Willard Lindermuth, Toledo, Ohio; Charles W. Koeckley, Bellevue, Ohio; Edward H. Armstrong, and Robert M. Sterrett, both of Columbus;

Clifford E. "Isham" Jones, one of our numerous seniors, has officially planted his pin. Miss Dorothy Putnam, a Columbus girl, is the fortunate young woman.

The chapter entertained Friday the thirteenth of October at a party for the pledges.

B. F. Remick, 22, was married on Oct. 18th, to Miss Ruth Dennis of Columbus. The newlyweds are on their honeymoon at present and no permanent address has been announced.

Another house dance will be given Halloween night for all interested. A Windsor tie and a mask are the requirements and the sky is the limit.

MNESICLES—MINNESOTA
K. A. W. Backstrom, Correspondent

Rushing activities of the chapter are progressing nicely with interest being centered on upperclassmen. A ruling of the Inter-fraternity council prevents the academic fraternities from rushing freshmen the first quarter and we are profiting thereby.

Horace W. Tousley is chairman of the rushing committee, and Walt Kendall, last year's chairman is assisting him. To date Mnesicles announces the pledging of seven men: Sidney L. Stolte, 27, Minneapolis; John Ramey, 27, Maple Lake, Minn.; Jack Crimmings, 27, Anaconda, Mont.; Stanley Ceder-

The committee is working on some other prospects and the upperclassmen will probably be initiated shortly after mid-quarter examinations, then if plans work out a class of freshmen will be initiated in the spring.

Mnesicles chapter has 23 men back at school and eleven men in the house. The first party of the year at the chapter house was held Saturday, Oct. 4, after the Minnesota-North Dakota football game. It was not a regular party, but one sponsored by a few individuals.

The music was furnished by a two-piece orchestra and a lunch of chow mein was served. Although the party was hurriedly gotten up, it was very successful for there were about sixteen couple present and everyone seemed to enjoy it.

During the summer vacation the boys who were staying at the house, and for the whole chapter, were very glad to receive two cards written by honorary members who were in Europe for the summer. One was from Cass Gilbert, Master Architect of Alpha Rho Chi. He stated he was having a very enjoyable trip and that he hoped to visit the house some time and tell us about it. The other card was from Professor Arrol who spent the summer in his old home in Marseilles, France.

Wedding announcements were received from two of the older men this summer. Milton L. Anderson, '21, and Miss Glynda Mildred Grove were married July 30th in Los Angeles where they will reside at 661 Shatto Street.

Stacy, Minnesota, was the home of Miss Verna Lois Baxter, who on July 3rd became the bride of Bro. Donald H. Ellison, Ex '20. The Ellison home is 2517 Emerson Ave. So., Minneapolis. Congratulations are extended both of the young women.

However, the solicitations of the fraternity are also due Laura and Ed Loye, 20, who introduced their daughter Elizabeth Crosby, on July 4th in Los Angeles. The first word the young lady sent to America was "Has anybody seen my Uncle Sam?"

In the last issue of THE ARCHI a typographical error was made in the announcement of the engagement of Miss Edith I. Foster, Delta Zeta, St. Paul, and Bro. Paul E. Nystrom, Duluth. "Sister" Edith is a great golfer and holds her own with Paul, for he is a diplomat.

A short time after the close of school last spring the death of Mr. H. C. Gerlach, father of Dave and Henry Gerlach, both Mnesicles brothers, the sympathy of the whole fraternity is extended to them.

Mnesicles chapter is still located in its old home, but it is sincerely hoped that this will be the last year. Prospects of a new house are very bright since the completion of the new stadium which is just across the street from the chapter's property, which has increased in value.

The officers for the coming year are: President, Bro. Frank W. C. Farrar; Vice-President, Walter Kendall, W. A. A.; Audrey Grisson, W. C.; Alvin Jansen, W. E.; Dewey Gerlach, House Manager; Kenneth Backstrom, W. S., and Milo Richardson, W. Supt., who were elected to fill the vacancy left by Brother Dower, who did not return to school.

Wallace C. Bonsall, '24, our W. A. last year, and Donald T. Graf, '22, winner of the Moorman prize two years ago, entered Harvard this fall and the well wishes of the active chapter are hereby extended.

Bro. Ralph W. Hamnett, '19, who won the annual traveling fellowship last year at Harvard, is "somewhere" en route to Europe via the Orient.

Sept. 27th, Bro. Donald Campbell, Ex '22, sailed from New York for from four to six months in Europe. Don's only regret is that some of the old pirates of Mnesicles will not be able to see him go. He advises that Ed Loye and company are due back in the States in October.

After nearly a year in Europe with his father, William H. Kirchner, '22, is back in Minneapolis again.

We were pleasantly surprised the other day to have Bro. Richard F. McGee, '23, drop in on us at the house. Dick has gone back to his first love and is teaching at Stout Institute, Menomonie, Wis. He advises that he now has a son and heir.

Many of last year's Seniors are in good positions. Anton N. Johnson, former W. A., is with Mesmer Bros., Milwaukee, while E. F. C. Backstrom is with Harry Butcher, 22, at the North-West Lumberman's Association, Minneapolis.

Charles R. Barnum accepted a position teaching on the faculty of Bradley Polytechnical Institute, Peoria, Ill. He is teaching everything from architectural drawing and construction through design to "home construction" for the Home Ec. girls. "Chuck" takes the place of Bro. Max Tegar, Demetrios, who has returned to Columbus to go into business.

Frank R. Root is in Wheeling, W. Va., with a construction company, while J. Elwood Isted is still in Minneapolis.

KALLIKRATES—VIRGINIA
O. B. Flassan, Correspondent

Ten of the brothers are back at the University of Virginia this year, but Bro. Lucien Dent did not return, having accepted a good position with an architect in Memphis.

Bro. Ogden W. Brown will return in the spring to take two courses he lacks to complete work for his degree. He is working here in Charlottsville.

Not a line has been received from H. H. Ashburner to date and we do not know why he failed to return to school. However, Bro. W. C. Farrar expects to be back after Christmas. He is now in New York. Hank Lawrence, who was with us a while last session, has not rejoined us.

Harold Via has gone into the asphalt paving game. We hope he will come back to architecture, however.

It seemed good to welcome back Bro. W. Merle Brown, who has returned to finish after working a year in Roanoke, Va.

Kallikrates has new quarters this year in the shape of a very attractive little cottage which can accommodate four with a lounge for an extra now and then. To avoid confusion with the Alpha Chi Rho house, where the place has been named the "Arch house" and is so known by postal authorities.

ANDRONICUS—U. S. C.
Edmund C. Abrams, Correspondent

The house this year bulges. Andronicus had hoped to boast of a bigger and better lodge by this time, but the brothers have learned that there are leases, and leases. After having given the legal profession the once over, we saw the advisability of being contented in our old quarters for another year.

Now that rushing season is well under way six new men are wearing the pledge button. Their names: "Dink" Sadiel, Dale Stoddard, Albert Mendel, Lyle Wheeler, Frank Green, and Bill Holdredge.

Andronicus is supplied with musicians. Paul Murphy, Ross Allison, and Bill Holdredge, one of the new pledges, are members of the Trojan Band. What will be known as the A X orchestra consists of three musicians and a drummer. The personnel: Don Parker, piano; Mel Lemon, our W. A., banjo; Dale Stoddard, a new pledge, saxophone, and the writer, I must confess, is the bladder pounder.

Dale recently completed a tour on the Orpheus circuit with one of Los Angeles' leading cafe orchestras. He has been especially known into his old horn any old way, but oh how sweetly they come out.

Mel Lemon floats around in a Buick roadster these days. "Mabel," the 1902 Ford he formerly drove, was sold to one of our pledges to fill bond. After many years in a 1902 Ford you would "float" too, gentle reader, if you should suddenly acquire a Buick, a Star, or some other foreign make. By the way, we certainly treat our pledges rough out here in the Wild West.

The brothers here are anxious about the health of one Merril M. Madsen, the monkey from Minneapolis. Mady had a job all summer—which is cause for
worry in itself. More than that, he has been driving ONE Willys roadster for four months, which is unusual for little Mady. He is now proud owner of not one car, but two.

Bro. Prof. A. C. Weatherhead is at Pennsylvania pursuing his studies before leaving for Paris. The fraternity and the department miss Prof., but we are hoping that he will have a most enjoyable time abroad.

Glen Ingles rolled in from San Francisco the other day where he has been carrying on his business for the past four months.

Stanley Cundiff has been employed in the office of Brother Winslow. Brother Winslow, honorary Andronicus, is known throughout the West as an authority on church architecture and Stan has a bright future ahead. We don't know whether Stan is drawing lines or flies, but we hope for the best.

Pledge Brother Bond has been wrapping himself up in a football suit every day for the past week or so. Knowing Dave as we do we expect a lot from him on the team. If he doesn't make good he is in for a hot time. Given a chance he should turn out to be a fast and tricky little end.

We have another grinder of prep school family in "Tiny" Chambers, and yet another in "Nohe" McIlvain. These two brothers find it impossible, however, to study architecture and seek glory on the Trojan Field of Honor at the same time. Nohs won his sweater in track last year. Pledge Brother Green won his numeral in the same place.

PAEONIOS—K. S. A. C.
Clyde H. Cless, Correspondent

Ten fo the Paenioins men are back at Kansas this fall. Of those that did not return two are in the oil filling station game, and two are expecting a lot from them in Manhattan and back in Ponca City, Okla. Alberding is here in Manhattan selling jewelry.

Brothers Chase, Hartgroves, Kerr and Johnson are architecture while Wolgast is back on the farm. Van Vranen is setting type while Soupine is a superintend of construction. Lane, on the other hand, is now a second "louie" at Fort Snelling in the regulars.

Officers for the fall are: Ira L. Patterson, W. A.; Fred G. Billino-s, W. A. A.; O. T. Lantz, W. E., and Clyde H. Cless, W. S.

Seven pledges to report this trip. Robert Osborn, Kansas City, Mo.; Albert Ruggles, Salina, Kan.; Loren Oldshead, Great Bend, Kan.; Leland Roberts, Manhattan; Perol Gehring, Bartsville, Okla.; Louis Cortes, Columbus, South America, and Wilmar Sanders, Manhattan.

Alpha Kho Chi entertained Oct. 1st with a tea in honor of our new house mother, Mrs. Hughes.

The new treasurer of the Sophomore class is Harold Souders, Chicago was a visitor over the weekend.

C. Cless was pledged to Pi Epsilon Pi the pep organization of K. S. A. C., and "Cowboy" Palmquist is a member of S. S. G. A.

A P X has a new addition. Jack, our dog, is a French screw tail.

Prof. Cheek returned this fall with a bunching bride. Prof. Weigle returned from his trip to Europe with numerous editions. For instance, a Venetian lamp and a missed placed eye brow. He reports a wonderful trip.

The boys planned a house dance for Oct. 18. This was Dad's day and incidently Sweet Heart day.

"Bozo" Hoelzel is boxing instructor on the hill this year. Anyone one wishing to take boxing by correspondence is requested to write.

DINOCRATES—TEXAS
William Kleine, Correspondent

After the regular meeting on Monday, Oct. 6th, the Dinocrates chapter entertained the Architectural faculty with a smoker. Dr. Gesieke, who has spent the last year in research work in Illinois and has returned with many ideas as to the improvement of the department, gave an interesting resume of the past history of the department's work and his hopes for its future betterment.

Brother Simons, Iktinos, '14, now practicing architecture in San Antonio, was also present. Bro. Simons was responsible for the founding of the Texas chapter.

We are looking forward to a big year. All the members but four have returned and the ever increasing enrollment in the lower classes of the architectural department gives more and more good material from which to select.

Bro. Cameron Fairchild, our W. A., decided that he preferred to be a married man to being an Architectural student, and proceeded forthwith to get married. Mr. and Mrs. Fairchild are now living in Taylor, Texas. Bro. Fairchild paid the chapter a flying visit a few days ago.

We hear intermittently from Bro. "Goofy" Howze, '24, who is now working for William Ward Watkins in Houston, Texas.

Willard Markle, '24, who spent the summer touring the New England States, has returned to his home in Galveston, where he is staying while completing his plans for the year.

Bro. "Chet" Wright has been doing construction work in California.

Our chapter officers now are: George Harker, W. A.; Steve E. Terrell, W. A. A.; William Kleine, W. C.; Gerald G. Decker, W. S.; Ben F. Bailey, W. E., and Herbert Gannaway, Sup.

POLYKLITOS—CARNEGIE
W. Stuart Forsythe, Correspondent

The infant Polyklitos is already more than walking. With six new pledges in addition to the old men who are back, it will soon be taking mature strides. A P X activities for the winter begin next week.

The lid lifter will be a smoker for the freshmen of the department, to be held in the club rooms and under present plans, things will be sure to smoke. Then comes our annual Bohemian party, to be held in little Italy on Oct. 23.

Other social activities will be pulled soon, but as dates are tentative the dope can not be spilled yet. Any brother, active or alumnus of the fraternity, who may be in Pittsburgh or vicinity, is cordially invited, in fact, entreated to come to any affair that Polyklitos stages. Watch the Archi for announcements and drop a line to Cal Lundquist to tell us you are coming. Who knows, we may even bake a cake.

Our weekly sketch competition for members have started and a competition for the entire department will be held in the coming month. Prizes will be offered for the best sketches.

Everyone is working hard and Alpha Rho Chi is gaining prominence on the campus. Outside of those who received the coveted sheepskin, every man has returned except Brothers Deacon and Douglass. Brother Douglass is working in town, however. He couldn't give up the Carnegie football games. He will be back with the flock next year for which Polyklitos is thankful. He is a good worker and an A P X booster.

Brother Bastian is ripping things loose on the gridiron and in the class. Watch the All-American selection within the next two years.

How'y Page, who has been in Europe all summer, has not as yet returned. His recent letters from Paris indicate that he did not waste the summer.

Brother Pickett from Illinois was our guest the other evening. Glad to see the brothers from other chapters.

Brother Pickett is coming over to attend night school to finish up Class A. He sure has good taste when he comes to Carnegie. Ahem!

MINNESOTA ALUMNI

With Homecoming at Minnesota a two-day affair the A P X alumni are enjoined to be present at the chapter house the evening of October 31st for a real stag meeting which will follow a discussion of the plans for the new house. The time has come for action and the policy of planned superintendence will have to be settled. R. F. Hennssey, A. A., urges a full attendance as this meeting is the most important in the history of Mnesicles chapter.
