ARCHI SUPPORTERS STEADILY INCREASE

Subscribers Aid in Pre-Directory Buttonhole Sales Campaign To Rally Delinquents

While the drive for subscriptions to THE ARCHI the last month has not raised the total to 500, the increase has been steady. There are on the books at press time 357 paid subscribers, 10 life subscriptions due the Grand Council and 51 pledges, a potential total of 418 toward the 500.

This figure is significant when one remembers that there have been but four issues for this year and that it was not until nearly April last year that the 400 mark was reached.

During the coming three weeks all subscribers are urged to aid in the Pre-Directory subscription campaign. The March issue will contain the spring directory of the fraternity, and in it we want the addresses as correct as is possible.

The Marks of Loyalty

Furthermore, in that directory the subscribers will be identified. A mark * before the name will signify a life subscriber, while the † will point out the partial payments. Every man whose address is known should have the mark of loyalty before his name.

Because the board and staff feel that their letters are not reaching their mark you will find on the last page a list of all men who at this time are not subscribers. The majority of these men have not been heard from in the last three years. We want to put the case (Continued on Page Two)

THE BEST INSURANCE

"I certainly do enjoy and appreciate our 'little newspaper.' It seems to be getting better every issue, and I consider the $1.00 spent for my life subscription one of the best forms of insurance that I have ever taken out."

Thus writes one of the old stand-bys of THE ARCHI, one Lester H. Christen. Anthemos '18, who is located in Norfolk, Va., with the Truscon Steel Co., Brother Christen has been out of school and is so far away from his old pals that he knows the great joy of "the chatter" about them carried to him via our fraternity publication.

A THUMB NAIL SKETCH OF ALPHA RHO CHI

Alpha Rho Chi, professional architectural fraternity, was established simultaneously at the Universities of Illinois and Michigan, April 11, 1914. Anthemos chapter of Illinois was formed from the Arcus society and started with twenty charter members.

Anthemos chapter of Michigan was formed by members of the Sigma Pi and the charter members numbered twenty-seven.

Demetrios chapter was originally established April 17, 1915, by eleven men, members of Tau Epsilon Chi, a local at Ohio State University. This organization had failed to secure the recognition of the faculty and a new installation was made the following February.

On the tenth of October, 1916, ten members of the Cruxa fraternity were initiated as Mnesicles chapter together with three honorary members. Thus the fourth chapter was established at the University of Minnesota.

Initiated at Convention.

Kallikrates chapter was the seventh who were initiated Jan. 22, 1922, preceding the formal establishment at the University of Virginia on Feb. 15, 1922, with a total of eleven charter members.

Next in line came Androcles at the University of Southern California, which was established with eleven men on March 11, 1922.

Alpha Chi, a local fraternity at Kansas State, became Patroclus chapter of Alpha Rho Chi on Feb. 10, 1923, numbering sixteen men at the time of installation.

Ten members of the Delta Club at the University of Texas comprised the charter roll of Dineractus chapter installed April 19, 1924.

Carnegie Institute of Technology is the home of the ninth chapter formed by fifteen members of the Carnegie Architectural society. The chapter was established May 24, 1924.

THE ARCHI DIRECTORY IDENTIFIES CAMPBELL

Donald Campbell, Mnesicles Ex '21, writes from Rome. "Received through the American Academy in Rome a government permit to visit all national monuments and museums throughout Italy on the strength of a copy of THE ARCHI (directory number).

Had lost my letters which are required and that was the only thing to prove I was an architectural student. I was lucky to get by, as ordinarily they are very strict, but thought that it might interest you.

"Have met Ralph Hammett and 'Bill' Ingemann, but missed Al Melander." The fellows mentioned are Mnesicles men who are or have been in Europe this winter.

BIG TEN BOWLING IS AGAIN WON BY A P X

Mnesicles Chapter Wins Laurels Second Time in Telegraphic Meet, Also All-U Title

Once again Mnesicles chapter was responsible for the name of Alpha Rho Chi being announced to the world as the Western Conference "Big Ten" bowling champions. It was a telegraphic tournament staged under the auspices of the intramural department at Ohio State.

The Minnesota chapter also won the All-University title from Alpha Sigma Phi again this year, making it the third time straight; while the Big Ten cup is theirs for the second consecutive year. Before coping the All-U title Mnesicles rolled into the professional fraternity championship for the fourth trophy.

Against the Alpha Sigs, Mnesicles won the first game by but 13 pins, coming back strong with 931 to 815 and 903 to 843 in the other two games. Walt Kendall, Mnesicles senior delegate at Ann Arbor, was high man with a 243 score.

Not a "Flash in the Pan"

In the conference meet, Mnesicles set a new Minnesota record, beating the Betas of Wisconsin with a score of 2,653 to 2,609, 44 pins to the good. This, however, did not establish a new conference record.

Press reports say, "The winning of the title was not a "flash in the pan" as the A P Xers have approached this mark several times this season." The score by games in the Big Ten meet for Mnesicles was:

Olson ___ 179 203 166 548
Flegal ___ 134 156 168 458
Freeberg ___ 167 183 151 501
Kendall ___ 187 163 226 576
Gerlach ___ 191 177 202 570
Team ___ 858 882 913 2653

The ten high teams in the Western conference bowling tourney:

Alpha Rho Chi, Minnesota...2653
Beta Theta Pi, Wisconsin...2609
Alpha Kappa Lambda, Illinois...2576
Psi Epsilon, Wisconsin...2522
Theta Delta Chi, Illinois...2457
Phi Sigma Kappa, Wisconsin...2456
Delta Phi, Michigan...2456
Pi Kappa Alpha, Ohio State...2434
Alpha Chi Sigma, Wisconsin...2390
Tau Delta Tau, Illinois...2382

(Continued on Page Three)
ARCHI SUPPORTERS ARE STEADILY INCREASING

(Continued from Page One)

of THE ARCHI before them, if possible. Subscribers—help us reach them.

A number of the men listed are men who subscribed last year or the year before. Perhaps they have simply neglected mailing in their check, or of course they may have moved and mail has not reached them.

Doubles in Four Years

In any event, each subscriber is urged to talk these Alpha Rho Chi men, buttonhole them and talk the "little newspaper" to them. Tell them that Alpha Rho Chi is a living, growing fraternity that has jumped from 338 to 680 in four years.

But regardless of whether or not you sell them THE ARCHI, find out their addresses and notify the staff so that the coming directory may be as complete and accurate as possible. The deadline for the next issue is March 10.

In order that each group of members may see who is loyal to their chapters we present herewith the percentages of subscribers:

Men of chapters below the average, does it look good to see the name of your chapter so far down the list? Alumni—THE ARCHI has its biggest service for you—give it the support you should. If "the little newspaper" were to be abolished you would be the first to shout "no." Right now is the time to yell at the top of your voice, "Here's my check!"

MNESICLES MAN WEDS

E. J. Magnuson, Ex '23, and Vivien Lienhardt, of Minneapolis, have announced Feb. 21, 1925, as their wedding date. They expect to live in Duluth.

ALPHA RHO CHI

OFFICIAL SONG OF THE FRATERNITY

Words by Prof. Herbert R. Cross

Tune: "How Can I Leave Thee"

Alpha Rho Chi, to thee,
Our dear Fraternity,
Sweet oaths of loyalty
Glady we raise,
As in our mystic band,
And grasping brother's hand;
Heart unto heart we stand,
Thy name we praise.

What though each one alone
Helpless and weak be shown
As in the arch each stone,
Useless apart;
But with his fellows met
And in the fair curve set,
Each mighty aid shall get,
Each strength impart.

Alpha Rho Chi, all hail!
Thine arch shall never fail
Now force shall do thee wrong;
Sound shalt thou stand and long,
Alpha Rho Chi!

KALLIKRATES—VIRGINIA

O. B. Flannagan, Correspondent

We announce the initiation on January 22, 1925, of the following members of the School of Architecture at the University of Virginia: David Barton Andrews, 27, North Haven, Conn.; Louis W. Ballard, 27, and Thomas C. Parker, 27, Richmond, Va.

NEW CORRESPONDENTS

With this issue we welcome three new correspondents to the staff, their first efforts have been good and we solicit their continued interest and cooperation. They are Newton F. Marvin, Demetrios; William Lundberg, Andronicus and William Simbol, Polykittos.

To their predecessors we extend our thanks. Los H. Demetrios, is carrying a heavy senior program and is working; the term of E. C. Abrams, Andronicus, has expired and W. Stuart Forsyth, Polykittos, has left school.

ANDRONICUS UNMASKED BY SEARCHING EYES

Brother Townes Asks, "When Is a Californian Real?"

NOTE: This is the first of a series of interesting angles that have been uncovered in the preparation of the "big book" in which will be kept the record of every man from initiation to death. In an early issue Bro. Townes will have another yarn on the distribution of men in the United States.—H. W. T.

Andronicus has been out on a laurel hunt. Not satisfied with the rewards of virtue, they have combed the highways and byways for further laurels, crowns, trophies, loving cups, and other symbols of glory, and as a result, they have brought back the bacon, so to speak.

We refer to all things Californian in general, and to the way Andronicus has coped men from other states in particular. At first they thought to keep it a dark secret, but THE ARCHI got hold of it and, making a virtue of necessity, it is now their proudest boast that of forty-five men in the active chapter, there are but eight native-born Californians.

Hereafter it will be necessary to differentiate, in our columns, between Californians and "Californians." For such is the fact, Andronicus has forty-five men, and (this was formerly kept dark) eight natives.

CALIFORNIANS vs. "CALIFORNIANS"

The once great tribe of Californians is gradually dying out, and their place is being taken by the "Californians," formidable hordes of strangers from the dark recesses of the interior or the distant reaches of the opposite coast.

Of the Andronicus membership, four hail from each of the following states: Iowa, New York, Kansas, and Colorado, Illinois, Minnesota, Pennsylvania, and South Dakota have each contributed three invaders.

And you will find one who will admit, in private, that he is from Wisconsin, one from Washington, another from Utah, and others from North Dakota, Texas, New Mexico, Indiana, Ohio, New Jersey, and Maine.

This is really an appalling state of affairs, and yet it is not the sad case of the "Last of the Mohicans," for the outlanders rapidly become acclimated, orientated, and, we are told, as enthusiastic boosters as the oldest native.

They also become burned by the benign warmth of the sun, we understand, to a rich mahogany color, so that it is impossible to tell them from Californians.

Andronicus, we salute you. In spite of the scarcity of the home product within your doors, you are well supplied with the best imported stuff.
I WONDER WHO KNOWS WHERE ABOUTS OF...

—the brothers whose names are given below? Mail addressed to them has been returned. If you know where any of the men may be reached, please advise THE ARCHI.

There are a number of men whose address we are unable to find and another list of fellows for whom we have addresses that seem to bring no response. See Page eight of this issue and extend our co-operation.

NEW ADDRESSES

Antinoms Chapter.
Costello, D. A., Glens, Ex 27, 462 First St., Ottawa, Ill.
Motters, Harbert N., '13, 131 Fourth Ave., Los Angeles.
Newcomb, Edwin E., '21, 217 University Hall, Urbana, Ill.
Sondul, Dewey A., 734 Dazell St., Shreveport, La.

Iktinos Chapter.
Aingworth, Robert H., '22, 858 Boston Court, Pasadena, Calif.
Kenyor, J. D., 18905 Inverness Ave., Detroit.
Murphy, Tom B., Ex 23, Eastwood Beach Apts., 811 Central Ave., Chicago.
Roulier, Glen E., Ex 17, Room 23, 1034 Woodward Ave., Birmingham, Mich.
Ware, Richard, '20, 958 Boston Court, Pasadena, Calif.

Mnesicles Chapter.
Campbell, Donald, C/o American Express Co., Rome, Italy.
Corwin, John Raymond, Ex 23, 2010 Juliet Ave., St. Paul, Minn.
Jerrard, Ralston, Ex 18, 975 Lincoln Ave., St. Paul, Minn.
Johnson, Polke C., Ex 26, Box 872, Crystal Falls, Mich.
Johnson, Carl E., Ex-dept, 59 Thomas Ave., N. Minneapolis.
Krapf, Harry P., Ex 18, 1100 S. Fillmore St., Denver, Colo.
Magnuson, Elmer J., Ex 22, 2240 Woodland Ave., Duluth, Minn.

Andronicus Chapter.
Andersen, George C., '24, 1314 Tenth St., Santa Monica, Calif.

* Six of this number do not have clear records with the Grand Council.
** Three of these men do not have a clean slate with the Grand Council.

In presenting the above summary, THE ARCHI wishes to call attention to the fact that it is the first composite record that has been made for years, and in spite of the difficulties experienced in gathering the facts it is fairly correct.

At the time preceding the Seventh Convention, when it was apparent that Alpha Rho Chi was an exceedingly healthy youngster that was going to grow, the auditing committee worked for weeks to establish a list of members out of records which were but partial and incomplete because of lax chapter methods under the stress of war.

In their work, the committee often placed a man's name on the roll when old correspondence showed that apparently he was a member even though directory cards were not in the files. Since that time the W. G. E. has worked hard and consistently to clear the records according to the rules adopted at that convention.

Postoffice Gives Aid
Since THE ARCHI has been entered as second class mail and the services of the postoffice have been at our disposal, many new addresses have been given us for old ones, and often the establishment of new contacts has brought data that has cleared up errors. Men who were listed have been found not to be A.P.X men, but only members of the parent organization. The facts have been relayed to the active chapters so that they may offer these men the bigger fellowship in Alpha Rho Chi.

As indicated in the above table several Demetrius and Kallikrates men have been listed, although their status is not clear with the Grand Council. The method of doing business with the national officers is simple and is related on page five, under "The Round Table."

When one remembers that the Seventh Convention report listed only 338 members all told, while today we have 731 potential members, the present effort of the Grand Council to get the records up to date and complete, while the present generation is living, is easily understood.

Give your co-operation to the efforts of your fellows, fill out your four-part directory card carefully and in detail when the active chapter sends it to you.

SOME SWELL FELLOWS!

At last the secret is out, the Demetrius correspondent of last year has been silent for some little time, but he makes a confession. Bro. Lot H. Green, '25, confesses that he has been some swell chap. No he hasn't the swelled head; he and two others have caught up on sleep while getting over the mumps.

CAMPBELL GIVES TIP

Don Campbell, Mnesicles, '21, is mighty faithful about writing from Europe. His latest is from Rome, where he saw Ralph Hummett Mnesicles '19, at the American Academy. "Having a splendid trip and can certainly recommend Europe highly to any one of our profession. Also it is surprising considering the distances and time spent, how reasonable it all is if a chap only makes up his mind he doesn't have to live like the Morgans when abroad."
ANOTHER EXPULSION

For the second time during the present school year the chapters have been notified of the expulsion of a man. Paeonios took action this time and Mnesicles on the first occasion. When a fellow flagrantly disregards the honor of his fraternity he fails to meet his financial obligations and there is no recourse left but to expel, then expulsion should follow.

ALL TOGETHER

Every man who receives a copy of this issue of THE ARCHI should find enclosed a subscription blank. If you are at present a nonsubscriber make use of it at once. If you are a subscriber, carry it in your pocket for use when you "get your man" listed on the back page. Let's get together on this job, fellows, and finish the game.

Your staff has plans to bring out for the further betterment of THE ARCHI just as soon as there is time and space not taken by subscription solicitation. We really begrudge the time and space promotion work takes, for we would rather see eight solid pages of real news each month, wouldn't you? All right, all together. Sell before March 10.

UNSOLICITED TOO

Hereewith we present in almost its entirety a letter received from one of the Anthemos chapter members who has been on our "Known" list for some months and was finally located with the help of the postal facilities. The content of the letter is especially pertinent as we challenge subscribers and non-subscribers alike to push the Pre-Directories to promote THE ARCHI in its infancy, Brother Mottern sees the possibilities of the future.

Dear Editor and Brothers:

Like some eight others in the "missing list" printed in the January issue, I probably have little excuse for being so labeled. It seems that aside from being on a mortality list, no member of the Alpha Rho Chi has very much justification for remaining "under cover." Notice that I refer to eight brothers of the Anthemos Chapter? That part of the list is larger than any other single chapter reported.

THE ARCHI is a publication which deserves every ounce of support from every brother of every chapter of the fraternity. It will eventually become an instrument of invaluable worth to the under-graduates fortunate enough to receive it during the years they are educating themselves preparatory to making a business of living.

Alumni receiving the paper are aware of its significance. If they read it with the same fervor and looked back over a few years as I have done, they instantly realize what it can mean to those just beginning careers, or those in the process of education. Think, Brother Alumni, regardless of what you may now be doing, how helpful and instructive would have been a "little newspaper" carrying mature experiences related by those who have learned the important lessons that cannot be learned in school.

Could I have been enlightened on several points pertinent to my living in a chosen profession, that enlightenment coming prior to stepping out into business, would have given me priceless advantage over the inevitable obstacles that are met by all of us. It seems that this will eventually be the mission of the publication, to exchange views, experience, and pass them on to the new brothers who need them so much more than they will realize until they are "on the road."

Tell the fellows to save the unfortunate contractor and estimator, for the future posterity, by producing, and learning to produce, the VERY BEST POSSIBLE PLANS AND SPECIFICATIONS, at any and all times, under every possible condition; never omitting anything that will aid and assist, abet and accelerate the production of bids on construction work.

(Nota.-Brother Mottern is in charge of quantity survey work for the Southern California Plasterers' association and knows whereof he speaks.)

I am pleasantly, happily, economically, fortunately and consistently, as well as permanently married. Accept my offer of anything at any time that I can do to further the interests of THE ARCHI or any brother.

Fraternally,

H. N. MOTTERN.
At the Round Table

A SHOP TALK

It was the rare privilege of your editor to stop off between trains in Dubuque, Iowa, while enroute home from the convention at Ann Arbor. Indeed it would be well if the W. A. and W. E. of each chapter might drop in and talk with the W. G. E., Bro. Truman J. Strong, Anthemos, 17.

While the object of the visit was to talk about THE ARCHI and matters concerning its welfare our conversation turned to the relationship of the several chapters to the W. G. E., and Brother Strong pointed out the folly of chapters not completing their transactions at one time, when new men are initiated.

In order that there may be no mistake let us point out again the very simple details of doing business with the Grand Council. The day a man is initiated the W. A. should have him fill out one of the pink four-part directory cards according to the instructions on the back thereof with one other item, the year of his high school class and one caution, the name of the father should be given, not his initials, and the maiden name of the mother.

Must Remit in Full

Upon initiation, FOR A MAN TO BE IN GOOD STANDING, four things must be done. First, a new yellow four-part directory card must be made complete which will replace the pink card. Second, a typewritten order, in triplicate, for Certificate of Membership, following the specimen order sent each chapter. It might be well to point out that one copy, or two is not enough, the reason will be given later.

Third, and most important is the financial obligation, FOR UNTIL A MAN IS CLEAR FINANCIALLY, he is not a member in good standing with the Grand Council and his name CAN NOT appear in the official directory. To be in good standing ALL MEN INITIATED AFTER JAN. 1, 1924, must pay (a) the regular fee of $5.00 for his Certificate of Membership, (b) $10 for the Chapter Building Fund and (c) $10.00 for THE ARCHI Life Subscription, a total of $25 for each new member.

As a fourth item comes the filling out of the badge order. Send the “Approval Stub” to the W. G. E. No mistake should be made in this. Now to review, the chapter should send to the W. G. E. the directory cards, the certificate order, a check for $25 and the badge approval stub for EACH INITIATE.

If chapter officers will see that these matters are attended to all at one time there should be little cause for trouble in the future. Failure to attend to all four items at the same time causes more work for the chapter officers as well as the W. G. E., and it delays giving the innocent initiate his real status.

Last issue we explained that the chapter retained part (d) of the four-part card sending the other three units to the W. G. E., two of which he retains for his files, (a) and (b); while the (c) card goes to the editor for entry in the directory and then on to the W. G. S. for his file.

Why are three copies of the Certificate of Membership required? One is kept by the W. G. E. for his file and he approves the other two, sending one to the engrosser and the other to the W. G. A. so that when the certificate reaches him he may know that the man’s status is clear.

Chapters Make Mistakes

Approval in the case of the Badge Order, Certificate of Membership and directory card are contingent wholly upon the payment of the $25 fee, in its entirety. Bro. Strong cited three specific cases of error during my visit with him. Two chapters sent in the money, badge and certificate orders, but no directory cards. We know that certain men are in good standing, but we do not know WHO.

In another case, a chapter W. E. sent in all the forms required, but only part of the $25. Another chapter sent in but part of the forms. This is not fair to either the W. G. E. or the chapters that are trying to attend to business. The four points above have been decreed by the fraternity as the pre-requisites for a man being in good standing. The W. G. E., if not yet, is HIS DUTY to demand that the chapters obey the fraternity law.

Your editor feels that Bro. Strong has been more than fair with the negligent chapters as he has seen the correspondence, story it is following the conversation with the W. G. E. that space is being devoted to this “Shop Talk” so that all members may be acquainted with the requirements. —H. W. T.

WITH RESPECT TO STATUS OF NON-GRADUATED MEN:

While we are talking about the simple routine of Chapter-Grand Council business it may be well to call attention also to the matter of filling out cards for other than active and initiates. At present the constitution does not specify how a man may become alumni by vote or an associate.

The W. G. E. points to the recent action of Minnesota chapter in declaring by resolution that certain men, who had not received degrees at Minnesota in architecture and probably would not return, be classed as “alumni by vote.” Other men out of school, who might return to do further work, were by resolution declared “associate members.”

Similar action may be taken by other chapters and the date of the action entered in the proper place on the four-part directory card. Truman and yellow for associates. The other classes of membership do not need amending perhaps, except that new cards should also be filled out complete by honorary and faculty members whenever possible.

In the case of deceased or expelled members be sure to fill out cards adding the dates in the blank space at the bottom; remember, the files should give the history of every man, and cards should never be destroyed.

MNESCOLES—NOTES

"Will be back in school for the spring quarter and I don’t mean maybe," is the word from Brother Ed. Adams, alias C. Jolson, states the matter. Clarence is working in the building game in Muckegon, Mich., at present.

A stranger appeared at the recent alumni meeting. We were glad to see Brother Ed. Adams, who is busy in the general contracting business in Minneapolis. He proudly announced the birth of Jane Ann, September 26.
ANTHEMIOS—ILLINOIS
Win. E. Fraser, Correspondent

Bro. E. G. Spencer, who usually reports the news items, is visiting his parents at Viroqua, Wis.

Anthemios announces the pledging of R. W. Davidson, '27, Hastings, Neb.

Most of the boys hit the trail for home at the end of the exam period. Some of the boys who lived too far away visited at the homes of those who live nearby.

Chris Bergman, our only representative in the commerce school, was graduated from the University this past semester. It begins to look like we would have to get another pianist now that Chris is gone. Chris has no definite plans, but he thinks that he will perhaps try his luck in Chicago.

Our artist and sketcher-de-luxe, "Ham" Hamby, has left school for Louisville, where he will work at the practical side of architecture. Ham was art editor of the Illio during his junior year, also the man who did the two large paintings that won two cups for the house last Homecoming. Incidentally, it was reported that the paintings are to hang permanently in the Memorial stadium. Ham's Kentucky humor was as famous as his artistic ability, and we are going to miss both qualities.

One of the boys of the S. A. T. C. days, Bro. G. A. Whitten, Ex '22, has returned to school. "So" is taking work in Architecture and will soon receive his degree.

Initiation has been set for Feb. 28, and the formal dinner dance will be March 6. Any APEX men within cruising range of Champaign are invited to these functions.

Our golfer, Pledge Bill Carter, '27, has left school for a semester and will take some work at Fairmount college, Wichita, Kan. This will enable him to return next fall and take the regular work in Architectural Engineering.

From Denver comes word of H. C. (Rip) Cheever, '21, 'I have a good job with an architect here now, and my wife and I like Denver very much. Ray Jordan, '17, and C. Patrick Griffith, '14, are also living here, and we get together quite often.'

From a letter head we received the other day we gather that Lorenz Schmidt & Co., Architects, is now called Schmidt, Boucher & Overend. Schmidt, former W. G. E., is a '13 man and Overend, another Arochi man, finished in '17. Godfrey Hartwell, '18, is still in Wichita, Kan., as their engineer.

IKTINOS—MICHIGAN
Carl Kressbach, Correspondent

The officers who were elected for the coming semester are: K. C. Black, W. A.; H. E. Peterson, W. A. A.; L. E. Kiefer, W. C.; Dean Rankin, W. Supt.; J. R. Radford, W. E., and C. C. Kressbach, W. S.

We regret that several men must leave and chapel in order to make a name in the world. W. P. McLaughlin '24, is receiving his diploma this month and will soon be at work in South Bend, Ind. V. H. Sidman '23, and Ray Weber are also leaving school for a term and will work in Detroit offices.

H. E. Pine has returned to school this semester and will resume his studies. He and H. A. Tucker have moved into the chapter house, thus filling it to capacity again. There are only a few Sophs who are still living outside of the house.

The initiation date has been set for Feb. 27, with the banquet on Feb. 28. Those who will be initiated are W. B. Clark, '27, Sanger Brown, '28, and Gerald Wattland, '27.

A letter from Tom B. Murphey, Ex '23, advises that he has finished his work for the S. S. Kresge Co., in Buffalo, and is now in charge of one of their principal projects in Chicago. See "New Addresses."

Glenn E. Routier, '17, General Contractor, announces the removal of his offices to Birmingham, Mich. He writes, "Tell all of the brothers that the latch string is always out here. "Bill" Stone is here with me."

DEMETRIOS—OHIO STATE
Newton F. Marvin, Correspondent

Demetrios chapter announces the pledging of Carnold A. Valentine, '27, Cleveland; Ray E. Toland, '28, Jamestown, and Lowell D. Beard, '28, Eldorado, Ohio.

E. Milton MacMillan, Ex '26, Polyclitis, is now in Columbus with Richards, McCarthy and Buford, Architects.

Demetrios chapter will hold its annual formal dinner dance on Feb. 20 at the Fort Hayes Hotel. Bros. Merkel and Legge are in charge of the affair and we are sure to have one grand time.

At the last election of officers Bro. Wade was re-elected W. A. The other officers are W. A. A., J. W. Green; W. E., D. F. McMurchy, re-elected; W. C. H. C. Summerset; W. S., F. G. Scott, re-elected; Supt. T. J. Foley; H. M., C. R. Dole, and Steward, D. H. Early, re-elected.

Our basketball team is doing fine work. They have won all but one game. They are tied for first place in the league and that is the only game they have left to play, the one that means they get the cup or they don't get the cup. We have a lot of confidence in our team and are going to get that cup.

Bro. D. F. McMurchy, '25, is president of the Men's Glee Club at the University, and Pledge Bros. King, '28, and Stritch, '24, are in the Freshmen Glee Club. Pledge Bro. Lacey, '26, is Freshman manager of the Strollers, a dramatic organization.

On Tuesday, Feb. 17, an active alumni night and smoker was held.

MNESICLES—MINNESOTA
K. A. W. Backstrom, Correspondent

Rushing activities have added two more men, Ed. Witt of New Ulm and James C. Gingery of Osakis, to our list of pledges, which now numbers eight. Hell week will be followed by initiation on Saturday, Feb. 21. A banquet will be held after the ceremony, with Richard Hennessy, '23, as toastmaster. The speaker of the evening will be Dr. Wm. F. Holman, Mnemics honorary.

A P.X athletic teams have met with success thus far this quarter. The basketball team, after losing the first game, came back and won the next two, going into a tie for first place in the division. In the play off we took the lead from the start and held it to win 13 to 9, winning the right to enter the semi-final for the professional championship.

Our handball player, Al. Rigg, '25, continues to defeat all opponents in an overwhelming manner, never allowing more than three points to be scored against himself.

Wallace Bonsall, '24, now at Harvard, won a prize on his last problem. "Bonnice and another man tied for first place in the competition, thus the prize was divided. This, the first mention Bro. Bonsall has earned, gives him almost all the points required before starting his thesis. This year, Don Graf, and Harry Korslund are Apertmenting these days.

Frank Lindgren, '27, was forced to cancel his registration for this quarter because of an attack of appendicitis, which required an operation and confinement to the hospital. We miss Frank and hope he will be back in school again next quarter.

We were honored not long ago with a visit from Harry Korslund, '20. He was around the house the greater part...
of two days enjoying the old haunts once more. We were glad to have Harry with us, and wish that all the alumni would pay us visits. Bro. Korslund has now returned to Harvard to complete his thesis.

Alpha Rho Chi was well represented at the recent Professional Formal held at the New Nicollet hotel. We had the largest attendance of any of the fraternities. "Duke" Gerlach sold sixteen tickets to actives and alumni.

Our last party, which took place shortly after the rushing period, was in honor of the pledges. Tamarack Lodge was the scene of action, of which there was a great deal. Practically all of the pledges and actives were present, and a few alumni, making in all a very good crowd.

Bro. and Mrs. J. Elwood Isted announce the arrival of John Elwood Jr. on January 29. Elwood was a 24 man.

Mnesicles now has an active chapter of thirty and a class of eight pledges. Twelve men are at present living in the house, and two other actives from out of the city may move in next quarter. Of the eight pledges seven live outside of the Twin Cities, and will probably want to move into the house after they are initiated. Certainly, with so many men in the chapter who can live at the house, we should have a better place than we have, and the new house can not become a reality too soon.

ANDRONICUS—U. S. C.

Wm. Lundeberg, Correspondent

Rodney McClelland, our new W. A., has started his administration with a bang, named his committees, outlined his policies, and is making preparations for a big year for Alpha Rho Chi. During the year of his tenure of office as W. A., Mel Lemon has shown great patience and tact in his official duties. We voice the sentiment of Andronicus in appreciation of his efforts.

A P.X men placed first in department design problems in senior, junior and sophomore classes, Curtis Chambers received a first mention from the Beaux Arts Institute for his design of a U. S. Postoffice portico. Bachman and McClelland received the honors in the senior class and Strawn placed first in junior work. George Dahl, Mnesicles '20, is here to stay. He is at present employed by Myron Hunt. We welcome him and hope to see him around the house more than just occasionally.

"Maddy" Madsen nearly lost a good mother when she heard that he recently passed around the cigars. She knew that it would not be his birthday, but like us, she suspicions.

Noble McIlvain and Cecil Strawn were named by the chapter to represent us on the Inter-Fraternity Council.

The chapter recently entertained two of its honorary members, Mr. Donald Parlinson and Mr. Julian Garnsey, at an informal alumni dinner at the house. On this occasion, Stan Cundiff received his long wished for etching as a wedding gift from the chapter.

Much credit is due Bud Morehead for the successful joint meeting of the Los Angeles Architectural Club and the local school society.

"Mel" Lemon just completed a week of playing at one of the leading Los Angeles theatres, and Eddie Abrans and Don are engaged at one of the other large theatres of this city for the ensuing week.

Some interesting comments have been heard around the house concerning—Mendels' plunge, Glen's Offal car, Dale's mustache, fraternity jewelry, Duell's duel life, Kenny's Skeezix, and Pass-out-Pigeon.

EXTRA. Roy F. Boxmeyer, Ex-Member just announced his marriage too late to get details, will give them next issue.

PAEONIOS—K. S. A. C.

Clyde H. Clovis, Correspondent

James Burton, Hollis, Kan., and Emmet Hill, Jennings, Kan., are new boys pledging their support to A P.X.

Paeonios chapter held initiation Saturday night, Jan. 31, for Robert Osborne, Kansas City, Mo.; Loren Olmstead, Great Bend, Kan.; Ferol Gehring, Baldwinville, Okla.; Louis Cortes, Bogota, South America; Fred Beck, Pratt, Kan.; Wilmor Sanders, Clay Center, Kan.; Archie Veitch, Kanopolis, Kan.; Walter Whiteside, Syracuse, Kan., and John F. Helm, Jr., Syracuse, N. Y. Bro. Kienenschmidt, Mnesicles '20, helped us with the work. John F. Helm, our free-hand instructor from Syracuse University, was initiated as a faculty member.

An old Alpha Chi man, Walter Whiteside, returned recently and was initiated into Alpha Rho Chi last Saturday. Alpha Chi was the local chapter before we bettered it by becoming Alpha Rho Chi.

Harold Souders was elected President of the Sophomore class for the spring semester.

We held a Valentine party at the house, and showed the world how architects can be real "Valentines."

Our spring party will be May 15th. We are expecting a lot of the old fellows to return and help us make it one never to be forgotten.

Alpha Theta Chi held open house for Alpha Rho Chi Saturday, Feb. 6th. Frankie, Al Heisterman's better half, is an Alpha Theta and thereby hangs a tale.

Merle Padgett, '23, dropped in for a few hours last week on his way home from Wymore, Neb.

Officers for the second semester are as follows: Fred Billings, W. A.; Norman Palmquist, W. A. A.; O. D. Lantz, W. E.; Harold Sanders, W. C.; Clyde H. Clovis, W. S., and Alfred Heisterman, Supt.

Allen Ingle, Ex '26, is now with Wight & Wight, Architects, of Kansas City, Mo.

POLYKLITOS—CARNEGIE

William Simboli, Correspondent

Polyklitos held its election of new officers for the coming year at the last meeting. The results were as follows: Duncan Doig, W. A.; Julian Crowegey, W. A. A.; "Art" Gehring, W. E.; James Paul, W. C.; William Simboli, W. S.; Brother Tillettson, our last W. A., was elected a member of the Board of Directors. He is to be congratulated on his excellent and untiring efforts for the interest of the fraternity and is largely responsible for the rapid progress of Polyklitos.

Brothers Tillettson and Doig received first mentions on the last class A problem. "Crematory," Brother Simboli received a first mention on the class B problem, "An Historical Society Bldg."

"Maddy" Isted completed a week of playing at one of the leading Los Angeles theatres, and Eddie Abrans and Don are engaged at one of the leading Los Angeles theatres, and Eddie Abrans and Don are engaged at one of the leading Los Angeles theatres, and Eddie Abrans and Don are engaged at one of the leading Los Angeles theatres.

Cal Lundquist, president of the Glee Club, has just started out with his songbirds on a trip through the East. Brothers Lundquist, Garber and Sloat are leading members of the Clef Club, an honorary musical organization.

Dave Garber, the manager of the well-known Carnegie Kilty Band, has just arranged a wonderful trip through the important cities of the East for his band. He was recently initiated into the Delta Epsilon honorary journalistic fraternity.

Bro. Stuart Forsythe is now in night school. He is working for one of the big architects in town and expects to return to day school next fall.

"Beany" Lowstutter, '24, was in town and looks prosperous. He took back with him a draftsman, as he has much work on hand.

The annual Arts' Ball, which was held Feb. 5, was the greatest and best ever held. The period represented by the ball was "One Arabian Night" in which were combined all the mystery, magic, and fantasy of the Far East. The decorations, costumes, entertainment, and music were surpassed those of previous years. The following A P.X men were largely responsible for the success of this fantastic and enchanting occasion: Bastian, Paul, Simboli, Garber, MacMillin, Lundquist, and Brew Young.

Some of the affairs that have been planned for the near future are: a smoker for the department, a smoker for the freshman class, and a prize for the best freshman problem submitted in the next judgment.
--WANT TO HEAR FROM THESE MEN--

In order that all subscribers may know who to approach in the Pre-Directory Subscription drive during the next three weeks we present the following list of non-subscribers. The group is divided by markings into three classes.

The first division is marked *. Mail addressed to these men has come back undeliverable. "Who knows" the whereabouts of these fellows Several men located during the last three months are now subscribers. A second mark † is used to denote men who have not been heard from in the last three years, many of them perhaps are not being reached by our mail and folks are negligent about returning it.

When no mark appears in front of a man's name it means that he was a subscriber last year or before and is guilty of procrastination! We feel that many of these men have delayed because they hoped that "soon" they would send in their life subscription of $10.00. To these men we point out the partial plans if they haven't the whole sum. Make a start before March 10. See blank inclosed.
