GRAND COUNCIL ASKS
FOR CARD CAMPAIGN

"Get Them Out By June 1st!" Cry of W. G. E., in Effort to
Clean Up Directory.

A recent letter from our W. G. E.,
T. J. Strong, gives us the "low down"
on the directory card situation in no
uncertain terms. According to T. J.,
the response from the chapters on
this matter is far from satisfactory.

The success of the new system
depending upon its completeness, even a
small delinquency on the part of a chap-
ter will negative the usefulness of the
system. The chapters are urged to note
the comparative figures on the list be-
low and remedy the situation.

The list of chapters with their per-
centage of old cards in the Grand
Council's files is as follows: Demetrios,100%; Polykliitos, 100%; Dinocrates, 69%; Iktinos, 52%; Anthemios, 49%;
Kallikrates, 40%; Paeonios, 38%; An-
dronicus, 34%; Mnesicles, 26%.

Brother Strong goes on to say, "There is a certain class of men who probably
will never answer a request sent out by
the Chapters to furnish them with the
new directory cards. The Chapters
know who these men are, and it is
recommended that the Chapter proceed
to complete these cards and mark them
on the back, "Information furnished by
chapter."

"It is assumed that Demetrios is
working on its cards. Polykliitos could
very easily be 100% complete, with a
small Alumni body to canvas. Let's
wind this job up by June 1st, so that
you can return next fall without having
a portion of the job unfinished and star-
ing you in the face."

ARCHI WORK SLOWED UP
BY CHAPTER INDOLENCE

The time has come when readers of
our fraternity publication should know
why their editors are not always able
to give readers the live news features
they desire.

A feature on Demetrios chapter was
due this issue. Two telegrams dated
April 30th and May 5th did not bring
desired data until too late for this issue.
Yes—the telegrams were finally an-
swered—but not until May 12th.

IN MEMORIAM

Once again Decoration Day approaches and Alpha Rho Chi men pay silent
tribute to brothers called by the Supreme
Architect. The roll of men who have
gone on grows each year.

Anthemios Chapter

Leslie Joseph Hug, '21, born Collin-
ville, Ill., initiated May 23, 1918, home
Highland Park, Ill., July 15, 1920. Died
Dr. Nathan Clifford Rickler, first Mas-
ter Architect, identified with A. P. X since
1904 and active in the field of
Architecture. The roll of men who have
passed on grows each year.

Iktinos Chapter

Harold Baker Abbott, '15, born Clay-
ton, Mich., initiated Nov. 21, 1914, died
March 13, 1920.

Laurence James Baker, '19, born Hast-
ings, Mich., March 28, 1914, initiated
March 13, 1917. Died in France Nov. 19,
1918.

Louis H. Bunton, for years a teacher
friend and honorary member, died April
19, 1924.

Albert Ray Oats, '19, born Dresden,
Ontario, Jan. 9, 1905; initiated from

Russell C. Hulchins, '18, born Toledo,
Ohio, a charter member, reported de-

Arthur Lucius Binnan, '14, born Cold-
water, Mich., a charter member, died in
Franco of pneumonia, Oct. 17, 1914.

Demetrios Chapter

Robert Jacob Rockfield, Ex '19, born
Columbus, Ohio, died March 23, 1917.

Charles Walter Schueneman, '19, born
June 1, 1905, of Sandusky, Ohio, initiated
March 16, 1917, lived Upper Sandusky, Ohio,
until death, with wife and parents.

George Shiel, died December, 1918.

Mnesicles Chapter

Samuel Pierce Allbe, '16, born New
Richmond, Wis., charter member, died
May, 1918.

Edward Otto John, '21, born St. Paul,
Minn., initiated Jun. 6, 1919, died Dec.
23, 1924.

Andronicus Chapter

Gervase Ker Wenzell, Ex '24, born
Tompkins Pond, Ohio, initiated April 1, 1922; home Los Angeles;
died May 4, 1924.

NOT A WORD FAMINE

Only four pages this issue! Our pro-
gram called for an average of eight
pages per month. In March we used
twelve pages. Watch for the last of
the school year—the June issue.

NEW HOUSE PLANS
STIR ANTHEMIOIS

Bond Issue Helps to Finance
New Champaign Building
Opposite Stadium.

By E. G. Spencer

Ordinary news pales into insignificance
compared to the importance of Anthem-
ios' new building program.

Most of the alumni are acquainted
with the proposition, but our brothers
in the other chapters will be interested
as they have been in Minnesota's project.

We expect to have a new chapter
house next fall! We have sold our
present lot, purchasing another on a
new street called Fraternity Row. The new
house will be on a center line of the
Illinois Stadium and facing it a future
park and drill field between. The
location is a block and a half from the
site of the new Architectural building.

Parks Aids Bert Thorud

Such a step requires considerable care
in financing, but Wendell Parks of the
local chapter and Bro. Bert Thorud of
the Anthemios Alumni Association are
taking care of that. The proposition
consists of a first mortgage which cov-
er all but about $12,000. This will have
to be taken care of by what we realized
on the lot, payment of Building Fund
notes, donations, and the sale of second
mortgage bonds.

The bonds will be issued in denomina-
tions of $100 and will pay 5% interest.
We expect the alumni to fall in line in
some way or other. By investing
in the bonds they lose nothing and get
a good return on their investment.

We will appreciate any help from any
of the brothers in any of the other
chapters. Any one interested should
write B. M. Thorud, 5153 N. Clark St.,
Chicago, for full particulars.

WILD AND WOOLLY PETE

Not only has the W. G. E. changed
his address this month but he is now
sending correspodence to the W. G. S.
at a new address. Bro. Harold R. Petersen,
for several years a member of the
bridge engineer's staff of the N. P. rail-
way, writes that his address is Box No.
8, Granite, Idaho, for the next six
months—more we haven't learned.
The Chapters

ANTHEMIOS—ILLINOIS

E. G. Spencer, Correspondent

Our new officers are H. S. Gams, W. A.; Boydston Satterfield, W. A. A.; H. C. Kneibusch, W. C.; K. C. Helms, W. E.; Otis Winn, W. S., and Wendell Parks, the fifth member of the Board of Directors. These brothers should carry on in good shape next year.

The last house dance of the year was held at the chapter house on April 25, chaperoned by Prof. and Mrs. La Force Bailey and Prof. and Mrs. Stanley White. The orchestra was dandy and everyone had a ripping good time.

For the first time in our knowledge the Spring initiation will be held during the week May 19 and 20. The dates set for the occasion. The new men will be W. P. Crane II, R. B. Mitchell, and F. A. Cervin. These men should make good future A. P. X.

Our retiring W. A. H. F. Pfeiffer, was awarded the A. I. A. medal this year for the best work of the full four years of academic work. Sig has done some mighty good work. Sig has done same as Frank also rated a second medal on his last problem.

DEMETRIOS—OHIO STATE

Newton F. Marvin, Correspondent

Demetrius Chapter announces the pledging of Donovan James Rice '28, of Dayton, Ohio. Rice is a fine chap and is taking Architectural Engineering. Bro. Edward H. Veittmeier, '17, and Mrs. Veittmeier are the proud parents of a baby girl, born on April 7; a good reason that he wasn't at the Founders' Day banquet.

Pledge Bro. E. Harris Armstrong received a first-mentioned place on the Beaux Arts Proclamation, "Lobby of a Bank and Office Building.

Three Demetrii have qualified for the Rome Prize—Bro. Galen F. Oman, '20, took first honors, and Bros. Clarence D. Badgley, '25, and Milton Osborn, '22, qualified. Demetrius Club is proud of these men and hopes that one of them comes through and takes the prize.

Bro. "Bill" Bredenbach, '22, was in the old town for the week end and paid a visit to the chapter.

Our baseball team is doing very well. We have lost two games and won one. The boys are all too busy with problems and theses to take much interest in the Intramural sports this spring. But those of us that do play once in a while get a lot of pleasure out of it. We also have teams entered for "barnyard golf," playground ball, and tennis.

Bro. Franklin Scott, '25, was chosen by the Department heads to go to New York to see the Architectural Exhibit. "Scotty" sure deserves the trip, for he is a hard worker and is very good in design, and we are sure he will bring back plenty of new ideas and suggestions. He was chosen because he had received the highest grades in design for the last two quarters.

MNESICLES—MINNESOTA

Bruce R. Church, Correspondent

Mnesicles Chapter announces the pledging of Reuben H. Melin, '28, of Virginia, Minnesota.

"Wad" Wadsworth is one of the partners in a new real estate firm recently organized in the Twin Cities. Wadsworth & Reid, Realtors, specialize in residential property.

At the meeting on April 27, Alvin Jansma was elected W. A.; Dewey Gerlach, W. A.; William Edwards, W. C.; Kenneth Backstrom, W. E.; Bruce Church, W. S.; Robert Potter, House Manager; Lyle Nelson, W. Supt., and Al Flegel, Member of Board of Control.

Don Graff, Mnesicles, '22, who is attending school at Harvard, has had rather more than his share of hard luck this year. Don has missed about a month of school because of sickness.

Pledge Brother Jacobs might now be behind the iron bars if his mother had not come to his rescue with bail. It seems that "Jake" was hurrying a little too much on his way back from the gulf links the other day. He wasn't walking, either.

Tuesday, June 2, is the date that has been selected for the spring formal. The formal will be held at Radisson Inn, situated on Christmas Lake, an ideal
place for the party. The formal promises to be a great success, and it is especially urged that the alumni attend.

Brother Harold L. Peterson, W. G. S., has left Minneapolis to engage in construction work for the Northern Pacific Railroad. His new address is Box 8, Granite, Idaho. Pete left his work as Treasurer temporarily in the hands of Frank S. Moorman, the President of the Mnesicles Alumni Association.

Miss Callista Davies of Minneapolis has announced her engagement to H. Lee Burton, Mnesicles Ex ’22. They are to be married from Stewart Memorial Church the latter part of June and will reside in this city.

KALLIKRATES—VIRGINIA
O. W. Brown, Correspondent

On Wednesday, May 6, Charles M. Loving was quietly married to Miss Werti Millar of Coveseville, Va. The newlyweds left immediately for Fayetteville, N. C., where they will spend their honeymoon. Bro. Loving is associated with the Marstellar Marble Works in Lynchburg, Virginia.

Men getting their Bachelor degrees at Virginia now can obtain their Masters degree at Harvard with only two more years of study. The course was just recently arranged between the two schools and is known as the Virginia-Harvard Course in Architecture.

Kallikrates couldn’t wait until the 17th for the initiation, so the date was moved to the 9th and 10th. Bro. Hudnut, our faculty member, joined the gumming session Saturday night and kept us interested until the wee small hours with anecdotes of some characters he has met. The initiates were Ralph Little, N. C., and Francesco Carral, Mexico.

Everyone seems to feel the chill of the approaching examinations, for gumming sessions have a way of breaking up suddenly with the remark, “Well, so long fellows, I must get home and do some work.”

ANDRONICUS—U. S. C.
Mel Lemon, Correspondent

“Mady” Madsen lived up to all predictions and expectations by blowing around to the House in a brand new Packard Six roadster. This is Mady’s fifth car since he arrived here from Mnesicles, and we are all pulling for the even half dozen.

Andronicus Chapter entertained with an Alumni Dance, Friday evening, May 8th, and the local and visiting alumni constituted a majority of those present.

Bro. George “Andy” Anderson left on Tuesday, May 12, for an extended tour of Europe, but will spend some time at his home in Iowa before going overseas. Included in his trip will be a visit to his native land of Denmark. He is taking his wife along with him and will be gone for a year and a half.

It will be remembered that Andy was Andronicus’ delegate to the convention this year, so keep an eye peeled for him, as he intends to visit some of the Eastern Chapters.

Bro. Paul Murphy plans on leaving the first of the year and will meet Andy “Somewhere in France.”

Andronicus will stage its Annual Balboa Beach Brawl over Decoration Day. The chapter as a whole will migrate to the beach and forget architecture for the week end. The Sophomore baseball team, champions of the department and composed entirely of A. P. X men, will play an exhibition game with the Skunk team which is reported to be very strong.

The U. S. C. Architectural Society, Bud Morehead, A. P. X, President, will act as sponsors for what is expected to be the largest gathering of notables of the architectural profession ever assembled in Los Angeles at one time, on May 19th. The Society will be hosts to the Southern California Chapter, A. I. A., the Allied Architects Association, the A. A. Architect Club, and all Alumni of the College of Architecture at U. S. C. The entire affair will have the atmosphere of a French cellar cafe and will be held in the Allied Architects rooms in the heart of the business center.

After much deliberation the U. S. C. El Rodeo (university year book) finally awarded its beautiful trophy, a three-foot silver loving cup, to Andronicus for being the first fraternity on the campus to turn in a 100 per cent subscription to the year book. It rests on the mantle along with our other trophies.

May 25th will be the formal initiation of the present pledges who are Ray Geiger, Chas. Fry, and Fred Hageman. A banquet will follow the initiation.

Nominations and elections of officers for the coming semester were carried at the regular meeting Monday, May 11th. The following officers were elected: W. A., Noble McIvain; W. A. A., Claude Norris; W. E., Graham Latta; W. S., Paul Hathaway; W. C., Richard King; Supt., Wilbur Wyre; Member Board of Directors, Mel Lemon; House Manager, Cecil Straw. Bro. Roswell Allison blew into the House today the proud bearer of an Alpha Kappa Psi pin, the national commerce honorary professional fraternity. Roswell is also manager of the Trojan Band, besides being on the Architecture Year Book.

POLYKLILOS—CARNEGIE
William Simboli, Correspondent

Bro. McMillen dropped in on us recently from Columbus, Ohio, where he is working, and spoke very well of the town, and even better of the A. P. X boys with whom he is living.

Five Polyklios men will graduate in June. They are: Crowgey, Tillotson, Sledd, Goerhring, and Garber. The first two are planning on working in Pittsburgh after they graduate.

In the recent class elections for the year ’25-’26, Bro. Bastian was made athletic representative for the College of Fine Arts. Max is also tearing up the dirt in track. In the recent meet with Geneva College he cooper third three places, in the broad-jump, javelin, and shot-put. "Bill" Simboli was elected treasurer of the senior class in the College of Fine Arts.

Hoffeled Stad is business manager for Campus Week, and says it is going to be the best ever.

Dave Garbe, manager of the Freshman Track team, is having a very successful season. The Plebes have not lost a meet yet this year. Dave, also manager of the Killie Band, has just returned with his syncopators from a trip to Wheeling, W. Va.

Campus Week is at hand here at Carnegie, and we expect all the alumni back and are planning for a big feed and a good time for them.

IN THE MAIL BOX

Cleveland.

Dear Brothers:

Enclosed you will find a check for the balance of my subscription. Here in the "wilds" of Cleveland THE ARCHI is invaluable in keeping track of things. You certainly are to be congratulated on the newsy paper you get out. Here's to your success.

Fraternally yours,
DAVID M. KEDALL,
Anthemios 24.

Detroit.

Dear Duke:

Herewith my subscription on life plan to THE ARCHI. There is no question but that the little paper knits us more closely than any other means possibly could.

I believe you are accomplishing a great work, and I am very much interested in what you are doing for the Fraternity.

Yours in haste,
LEO M. BAUER,
Anthemios 14.
MNESICLES WINS PRIZE

Mnesicles seniors came through the last Long Problem, which was also the Moorman Traveling Prize Problem, with flying colors. The first five places and all the mentions were won by A.P.Xers.

The Moorman Prize went to George Freeberg, former W.A. George will start some time next fall on a comprehensive tour of the Eastern Architectural centers.

The other mentions were taken by Edwin Molander, Herman Fremzel, and Alvin Jansa. First credit went to Everett Peterson. This is the best showing Mnesicles has made in several years.

The annual Architects’ Jubilee, given by the Minnesota Architectural Society, was held with great eclat on Friday, May 22. A tea dansant and an exhibition department work brought crowds of visitors in the afternoon, and an unusually brilliant costume ball in the evening brought other eager throngs.

Features of the affair were the Grand March, led by Walter Kendall, Mnesicles, 25, President of the Architectural Society, and a playlet, written by members of the Department, and enacted by Freshmen.

The theme of the skit was an incident in “Kannibalad,” and the decorations and many of the costumes were done in so-called “Congo art.”

Brother Everett Peterson, 26, won the prize for the most appropriate costume.

When Phil Didrickson, 20, sent in his new four part directory card all nicely filled out it was in an envelope of the Scullin Steel Co., St. Louis, and we deduce that he is still a testing engineer and that this outfit pays for his bread and butter. How ‘bout old topper?

Thomas B. Murphey, Ex ’19, has been advanced to the position of assistant to Architect Harold Holmes (formerly of Chicago) in charge of the Architectural and Engineering Department of the S. K. R. & S. Company, and is now located in Detroit.

THE ARCHI

MNESICLES CHAPTER

HOUSE PLANS RUSHED

Arrangements Completed as Alumni Finish Drive.

Architectural plans for the new Mnesicles chapter house are to be rushed to completion, according to a decision reached at a recent meeting of the Alumni Association. The present scheme calls for dormitories, study rooms, and a basement dining room. The plans will be handed to contractors for figures as soon as possible.

The Actives were beginning to be a little worried about their house, and fear that it would not be possible to build this summer, but this action has banished all fears, and practically assured building operations.

Meanwhile the property continues to become more desirable all the time. ΦΚΣ Fraternity is having plans made for a handsome new house to be erected within a block of the A.P.X property. TKE has completed its house, a stone and brick fireproof building, close by. ΦΦΕ, who purchased two lots on Fraternity Court, intends to build very soon. It is expected that as soon as building operations actually start, Mnesicles’ other two lots will be greatly in demand by other fraternities. As an initial step, the court will be laid out and paved making visualization of the project easier.

The Alumni have been struggling manfully with the finances and other arrangements, and now the goal of their labors is in sight. The Active chapter expects to practically double the number of men living in the house as soon as the new one is opened. Especially diligent in the task of putting the project on a working basis has been Wm. M. Wadsworth, Anthemos ’17, who from the start has handled the real estate aspect of the property.

Brother Wadsworth has proven himself a real friend to Mnesicles, and has left no stone unturned both in arranging the legal matters incident, and in advertising and making arrangements for the disposal of the property among other Fraternities.

Frederick M. Mann, Mnesicles Honorary, a recognized leader in the profession, and one who has built many fine residences here and elsewhere, is designing the house. Some time ago he submitted preliminary sketches to the active chapter to be revised. The final revisions will be incorporated into the design which he is now completing.

Arnold Raugland, of the Minneapolis firm of Lang, Raugland & Lewis, is chairman of the Building Committee, and as such will have much to do with the house all through the stages of its construction.
