MAYWOOD MOURNS AS FRANCIS DUNLAP DIES

Youthful Village Trustee, Prominent as Architect, Social and Civic Leader, Succumbs to Pneumonia.

From The Maywood Herald

Flags flew at half-mast at all village institutions on Jan. 10, 1927, and the front of the village hall was decked in mourning black, as official Maywood and common citizens of all sections of the village grieved at the death of Francis E. Dunlap, youthful member of the village and library boards, past commander of the Maywood post of the American Legion and prominent architect of Cook county, which occurred at the Oak Park hospital at 4:35 o'clock, Monday morning, following a week's illness.

Death was caused by pneumonia, together with complications of the heart. Mr. Dunlap was taken ill on Sunday, Jan. 2nd, and pneumonia had developed in both lungs by Monday night.

Mr. Dunlap was elected a village trustee April 20, 1926, for a two-year term. Those who remember early history of the village express the belief that Mr. Dunlap, while one of the youngest men to sit on the village board, is the first to die during the tenure of his office.

Not Quite Thirty-three

Despite the fact that Mr. Dunlap was not yet 33 years of age, he has traveled far, not only in his profession of architecture, but in the rewards that have come to him in civic and social life in the town of his birth—Maywood.

At the time of his death, Mr. Dunlap was also a member of the Lions club, Isaac Walton League, Alpha Rho Chi, and of the local Legion post. Although he has never held office in the various Masonic orders, he was prominently identified with the Maywood Masonic lodge, the Chapter, the White Shrine, the Knights Templar and the Eastern Star.

Maywood saw one of its largest funerals on Wednesday afternoon, Jan. 12th, when services were held at 2 o'clock in the afternoon at the Masonic temple, under the auspices of the Maywood Commandery, Knights Templars. Rev. John Norris Hall, Batavia, former pastor of the Maywood Neighborhood Community church, participated in the service.

Paeonios Entertains Twelfth Convention

Parr Succeeds Strong; Next Convention To Texas.

Alpha Rho Chi's Twelfth Annual Convention has passed into the records. Delegates from nine of the ten chapters met Jan. 7-8, 1927, at the Hotel Gillett, Manhattan, Kan., as guests of Paeonios Chapter of the Kansas State Agricultural College.

No new chapters were added, but considerable attention was paid to the problems of strengthening the several chapters. Those in attendance feel that several of the chapter delegates were able to carry back to their own chapters help in two things, competitive rushing and chapter finances.

Routine business was disposed of in one-two-three order and the entire afternoon of the second day was spent in sight-seeing in and around Manhattan with trips over the campus, to the Country Club and a power project on the river above the city.

Strong Elected Honorary W. G. E.

Two of the major, routine matters which were disposed of on Saturday morning were the election of a Worthy Grand Estimator and the awarding of the Thirteenth Annual Convention to Dinocrates of Texas. All of the Grand Officers are elected for three-year terms with one officer's term expiring each year. The term of Bro. Truman J. Strong, W. G. E., expires July 1st, 1927.

In response to the plea of Brother Strong that he wished to be relieved at the end of his term, even should the convention desire him to continue, the convention graciously considered that his nearly seven years of service had earned him the right to a release. In token of their respect for "Duke" the convention unanimously elected him as Honorary Worthy Grand Estimator and then turned to the election of his successor.

Here again the convention heeded the suggestion of Brother Strong and elected a man whom he felt would conscientiously carry thru the work of the office of W. G. E. and maintain at least the standards he had endeavored to build up and maintain. Harold L. Parr, Anth. '21, was the man suggested by Brother Strong, and the convention unanimously elected him to succeed "Duke."

Lantz and Cless Officer Convention

Following the usual convention procedure as prescribed by the constitution, Bro. Dwight P. Ely, W. G. A., called the convention to order the morning of Jan. 7th in the Willow Room of the Hotel Gillett and appointed Clyde H. Cless, Anth. '28, as temporary secretary. The examination of the delegates' credentials was followed by the election of convention officers.

Myron H. Souqoume, Paeonios delegate, nominated O. D. Lantz, Anth. '27, and Brother Cless for convention president and secretary in the order named, and the convention was in motion. The usual written chapter reports were not read but filed with the secretary to be made a part of the record. Each delegate however was given the opportunity to state his chapter's problems and successes.

Glen Vockey, Anth. '28, reported that his chapter was in the start of a campaign to build a house this year which they hoped would be ready for school next fall. The house is to be erected near the new Illinois architectural building, convenient to the stadium.

Michigan House Now Uncomfortable

Speaking of housing, J. Russell Rafford, Ikt. '27, advised that their alumni had about reached a standpoint on the Iktinos house matter. Just how soon they would be able to resume activities depended upon how quickly they could complete a loan with the banks. To date some $3,000 has been spent in the year of the present house, with baths, etc., but things are none too comfortable for the men living in the uncompleted house.

At Ohio State, Carl E. Kuck, '27, advised that Demetrios chapter's big problem was one of clearing up their debt to the Grand Council, but they hoped to be able to report a clean slate this school year. This debt was due to past officers of the chapter not tending to business as they should have done. Last year the W. G. E. visited the chapter and arrangements were made which are clearing up the debt.
In addition to reporting on Mnesicles' new house, Chester L. Carjola, 28, made a distinct contribution to the chapter finance discussion when he told of the rule adopted by Mnesicles two years ago. In substance, any member who has not paid his house bill in thirty days is automatically suspended, required to sign a bankable note and deposit his pin for security. The enforcement has been rigid and with the Board of Control responsible therefore there have been virtually no financial troubles in the house in two years.

Andronicus Forced to Move

G. Lorec Patrick, '17, Andronicus, related that just when they had gotten comfortably situated in a house that was really large enough for their chapter the zoning ordinance which prohibited fraternity houses was enforced in St. James Park. Immediately prior to his departure they had found a new place which at best would be temporary and hence until the chapter was more permanently located they did not feel ready to again invite the convention to Los Angeles.

The Kansas chapter delegates seemed to feel that their big problem was the need of more scope in the membership of the Fraternity as they seemed to be having pretty stiff competition "on the hill." It seems that no other professional social fraternity has ever lived as long as A. P. X on the campus. However questioning brought forth the fact that while last year had been pretty hard that this year they had gained strength and more and more recognition. It was the consensus of opinion that like all the older chapters, Paeonios was going to have the exception "on the hill." Dinocrates' representative, Carl R. Olson, '28, told with pleasure of the fact that while their chapter was small they felt they were in on the ground floor of a really growing University of Texas and that with their first experience in a house of their own that they were gradually overcoming their problems.

The convention trip is with the boys in Texas at Austin.

Baby Chapter Delegate Modest

Rex M. Keener, '28, Carnegie Tech., Polyktylos chapter, was of the opinion that the influence against a possible house at that institution which was apparent two years had disappeared. Once the chapter gains enough normal fraternity men to support a house one may be established. As is the case in most chapters, when starting, many of the men are general fraternity men living in their own houses.

"The baby chapter" represented for the first time by one of their football men, Harold L. Redding, Theron '28, modestly stated that he came to hear and take away rather than to be heard.

ANTHEMIO BROTHER DIES

FRANCIS E. DUNLAP

Young soldier, architect, member of the village board and library board and active in Masonic and social circles of Maywood, died suddenly on Monday, Jan. 10, 1927, of pneumonia.

Oklahoma he advised was glad to have Alpha Rho Chi, and like Texas he felt that their department was growing with a rapidly growing state.

At the Friday morning session Anthe­mios Alumni were represented by H. G. Overend, '17, Wichita, Kan., and Mnes­i­cles alumni by F. A. KleinSchmidt, '20, a member of the architectural faculty at K. S. A. S. The Paeonios alumni de­legate was Henry E. Wichers, Paeonios 24, also a member of the department staff. "Hank" was one of the active delegates at the Minneapolis convention in 1924.

The interim committee on songs, Iktnios, reported with a little printed song book containing the words of all the songs that had been sent to them. The work on the songs is a decided step along the line of progress, and as Bro. Radford expressed it, the job will not be complete until some sort of a book with the music can be developed. In the meantime the committee offered the little booklet.

Constitution and Ritual Changes

The constitution and By-laws committee recommended two major changes and a few minor corrections in the constitution. The first major change was in the pro-rata on convention expenses to include the entertaining chapter. The second was to change the admission of new chapters to an eighty per cent vote instead of unanimous. Both recommenda­tions were adopted.

Several minor corrections and adjustments in the ritual were adopted as was a revised badge lecture, a new lecture on the cost of arms and a new catego­rical examination which all new initiates will be required to learn before being admitted to meetings in their chapters. The Arch was again reiated to the Mississippi Alumni chapter for the ensuing year.

Friday evening following the conven­tion session the delegates repaired to the Paeonios Chapter house for dinner with the active chapter, and then in the evening the boys all dolled up and tripped the light-fantastic at the Elks club. Saturday evening the convention closed with the traditional stag banquet. Both functions were formal.

MAYWOOD MOURNS AS FRANCIS E. DUNLAP DIES

(Continued From Page One)

ice. The Oriental quartette from the Chicago Consistory sang.

Offices Closed in His Honor

Members of the village and library boards attended the service in a body. Village employees attended the service, and all offices in the village hall were closed down at noon in respect for Mr. Dunlap, who was chairman of the hall and park committee.

Mr. Dunlap had completed his second term of three years as a member of the library board in April. During all of his service, prior to this year, Mr. Dunlap has been chairman of the building committee of the library board, and all changes, additions and construction work at the library, has been under his supervision.

Immediately after the Wednesday afternoon service, the body was taken to Urbana, Ill., where burial was held Thursday, following another short service there at 2 o'clock Thursday afternoon. Burial was made in a grave beside that of his father, the late Judge Burleigh A. Dunlap, for 20 years village attorney of Maywood, who died on Nov. 17th, 1923. There were more than 200 floral pieces surrounding the casket at the Masonic hall service which were sent by truck to Urbana.

Wife, Mother and Brother Survive

Francis Ellsworth Dunlap was born in Maywood, March 5, 1894. He was graduated from the Emerson grammar school and Proviso high school. In 1915 he was graduated from the college of architecture at the University of Illinois.

Mr. Dunlap then returned to the Chicago district and made his home at Evanston, while he practiced his profession, until his marriage on Sept. 25, 1920, to Miss Maud Hines of Maywood. He then moved to Maywood, where he has since made his home at 130 South Nineteenth avenue.
Mr. Dunlap is survived by his wife, his mother, Mrs. Clara J. Dunlap of Urbana, and one brother, Matthew E. Dunlap (Anthemios '14), of Madison, Wis. Mrs. Maude Dunlap, surviving wife, is well known in Maywood as she just left office on Monday evening of last week as worthy matron of the Maywood chapter of the Eastern Star.

**Joined Allies Before America**

Early in the war of America joined the ranks of the Allies, Francis Dunlap, then a student at the University of Illinois, went with a group of fellow students and served with an ambulance corps attached to the French army. Here he served overseas for 22 months.

That honors did not come to Francis Dunlap that were not merited is seen in the high position that he gained in keen competition in his chosen field of architecture.

There are many monuments to the ability of Francis Dunlap in buildings, designed by him, and construction supervised by him, in Maywood and neighboring towns of Cook county. He will be remembered as the architect of the new Maywood State bank, the Moose temple, the Maywood Home for Soldiers' Widows, the Guest Funeral Home, the new Willys-Overland garage, as well as several large apartment buildings and many homes throughout the Chicago district.

At the time of his death, Mr. Dunlap left incomplete a large bank building on the south side of Chicago. At the time of the competition for a design of the proposed Chicago Tribune Tower, Mr. Dunlap, then but shortly out of the university, received honorable mention.

**Member Hamilton Club, Chicago**

Mr. Dunlap was a member of the Hamilton Club of Chicago and was the architect of the spacious clubhouse of the Michigan North Woods Club in Marquette county, Mich., which is operated by a group of huntsmen from the Hamilton club.

Mr. Dunlap was also the architect of Dr. L. E. Joslyn's new clinic building and had charge of the extensive repairs on C. N. Frees two store buildings, which have just been completely renovated.

One of the first jobs that Mr. Dunlap completed after leaving the university was the building of the village water reservoir at Sixth avenue and St. Charles road.

**IKTINOS BROTHER RUNS CITY OF ROYAL OAK**

Recently the word came to *The Archi* that one of its charter members of old Sigma Upsilon, parent body of Iktinos chapter, had been running the City of Royal Oak, Michigan, as City Manager. We immediately communicated with him and his confession follows. Oh yes, Raymond Jesse Whitney is his name.

"Royal Oak is a city of about 25,000; covers seven and a half miles of territory with additional being voted upon this next spring. We are spending mil-

lions each year for new improvements, and this territory is growing very rapidly.

"The City Manager is chief executive officer of the city in full charge of all departments except legal and finance; the Mayor and Commissioners acting only as the legislative and law-making body. The work is interesting, plenty of it to do and covers a large field, as we have half a War! I think we are going to build a hospital and fire station; construct sewers, water system, pavement, sidewalks, etc."

R. J. as he is better known was born in Livingston county, Michigan, Sept. 18, 1887, and graduated from the Fenton, Mich., high school in 1907, entering the University the following year. He with drew in 1911 and married Mabel Rogers in August of that year. The Whitneyes have three kiddies, Muriel Dorothea born Feb. 10, 1914; Russell Rogers, Jan. 24, 1916, and Billy Raymond, May 26, 1920. They now live at 224 W. 17th street, New York.

**SKINNER ELLIOTT PRESIDES**

Dean Archibald Elliott, Paeonios, alias "Skinner," presided at the annual convention banquet last night, and that he did well. First of all he called upon "Doc" (F. P.) Gehring, W. A. of Paeonios chapter, and F. A. Kleinschmidt to speak for the faculty.

The delegates then responded to toasts in order, following which Toastmaster Elliott introduced the members of the Paeonios chapter and the pledges with an address. Then he called upon Horace W. Tousley, The Archi Editor, who introduced Bro. Dwight Palmer Ely, W. G. A.

"A good time was had by all," and the waitresses beat a retreat. Oh yes, the banquet was at the Hotel Gillett; they didn't supply razors, but we didn't care, for Keener was there! Oh yes, and the parrots prevailed!

**THE CONVENTION DAYS**

Our old friend "Buck" Wicher, Paeonios Alumni delegate, was absent from the first session of the convention. Miss Dee Wicher was born Friday morning, Jan. 7th. This makes the third kiddie in the Wichers household. Billie was born Jan. 5, 1923, and Elaine July 3, 1925.

When Carl from Texas stepped off the train and was greeted by reception committee he introduced himself as Olson. The committee with one accord shouted, "Oh yes, from Minnesota!"

"Our best wishes, a center for research in the library!"

When we drifted out to the Paeonios house for supper Friday evening we were pleased to find a plaque over the front door in the modified shape of a cornish cap with the letters A P X thereon and inside a carved replica of the library with the representation by electric lights. Both are the hand work of "O D.". Brother Lantz is to be commended for his craftsmanship.

**FORMAL DANCE, ELKS CLUB FOR DELEGATES**

The formal dancing party at the Manhattan Elks Club Friday evening, Jan. 7th, was well attended. The music was really fine, decorations good, confetti, "sticky" or at least "clingy," and in fact it was good enough by all. Reference to the delegates will find the committee made happy selections in the matter of Kansas belles.

The charmers were Dean Mary P. Van Zile, Bro. and Mrs. Paul Weigel and Bro. and Mrs. F. A. Kleinschmidt. Prof. Weigel is head of the department of architecture. The couples were:

**FLASH FROM CHINA**

A recent letter from the parents of Walter A. Taylor, Dem. 21, missionary architect in China, said: "The newspaper reports are somewhat disquieting, but we have every hope that all the American missionaries will be taken care of in the present war.

Their last letter from Walter, written in December, advised he was leaving Wuchang to supervise some work on the American school building at Kuling and he felt the stories of death and destruction had been exaggerated and did not appear alarming.

A cable from the Shanghai office of the Episcopal church to New York dated Jan. 10 read: "Have accepted the appointment of Foreign Affairs of the Cantonese Government, that all missionaries will be protected. They are therefore remaining at their stations." Walt's address therefore is c/o Boone University, Wuchang, China.
FRANCIS E. DUNLAP

"Peeve" Dunlap is gone. Somehow it will not be just the same when Alpha Rho Chi men run into Chicago for a few hours. For years, unofficially, Bro. Dunlap's office was the first place an A P X man hit for, and now for over a quite a period the Chicago Alumni file has been kept in his office in the loop. Yes, whenever any brother arrived he sought to find out what was doing and who was where. "Peeve" knew.

Francis Ellsworth Dunlap has been a fine fellow—clean-cut, stalwart and square-shooting. He was the kind of a chap, once you met him and caught the smile of friendship on his face and in his eye, you liked him. He made every A P X man entering his office welcome, and when time permitted would take one to dinner at the Hamilton Club. He was a good fraternity brother in every sense of the word.

Francis and his brother Matthew were charter members of Anthenios chapter, and it is to the widow, the boys' mother, and Matt that we would express if we knew how the sorrow that is in our hearts. We realize a little perhaps their personal loss when we realize what the passing of Brother Francis will mean to Anthenios chapter, the Chicago alumni and the fraternity at large. May we rely on the example he has set for us.

CHARITY vs. RELIANCE

The Manhattan Convention gave a good deal of time to the problem of charter financial troubles. Many chapters reported that men had left school owing the chapter various sized bills. The alibi of the chapter delegates in several instances was: "well it is hard to bear down when they put up such a hard luck story." Therein lies the danger in any chapter.

Such soft heartedness is not practical, it is charity of the poorest sort. The man leaves often with contempt for the chapter, sometimes exultant to think he "has put over a lot one." Perhaps he realizes he has an obligation to pay, he doesn't communicate with the chapter unless he can send a check and thus loses contact which should mean much more to him.

There is not a chapter in the Fraternity that is strong enough on its financial feet for the members to support non-sustaining members. We all feel sorry for the man who is having tough sledding financially, but we must not permit him to become a parasite. In the past some chapters have assisted one or two men a year, but the attitude is changing because it is not fair to the chapter.

Some of the men were very worthy and in leaving school gave good bankable notes, but in many instances men have defaulted and have left burdens upon the chapters. Paenonios chapter, for example, could materially reduce their house principal if all their stock accounts were cleared up. If the debtors would acknowledge their responsibility and pay a little at a time their own self-esteem would mount.

Mnesicles chapter solved the problem two years ago. The active books were cleared of all old accounts which were turned over to the alumni who are making collections. Then a thirty-day limit was placed on house bills, board and room must be paid in public places, why not in the chapter house? A man in arrears was required to sign a bankable note and put up his pin until the account was cleaned up, in the meantime he was not permitted to eat or stay at the house.

The enforcement of any rule is the thing that counts. The Board of Control was given the duty and they lived up to it, and Mnesicles men are not running in arrears. The plan is urged upon other chapters.

The enforcement of any rule is the thing that counts. The Board of Control was given the duty and they lived up to it, and Mnesicles men are not running in arrears. The plan is urged upon other chapters. Don't permit a brother to become a parasite. Make him stand on his feet, let him borrow on the outside if he must, or from an individual on the inside if he can find one well endowed, but in a way so that he makes his own money.
From The Editor’s Mail Box

Wherein We Recount Things and Thoughts Which Come To Our Attention.

Remember how in these columns recently we told how a certain Mnesicles alumus leaving the steel game for the automotive. That reminded us that Geo. P. Everson, Ikt. Ex ’16, used to be with the Maxwell Motors as a tool engineer, so we dropped him a line of inquiry.

George is now with the Chrysler Motor Corporation (which, shall we say, absorbed Maxwell) and has advanced to the position of assistant to the general master mechanic. Bro. Everson is married and there is a little daughter, Nita Norraine, who “turned two” last Nov. 5.

Another Iktinos man whom we heard from recently is Walter Colter, Ex ’22, who is a general builder with offices in the Lafayette building, Detroit, Mich. Max is married, but has no children.

Ace Is Showing Off France

While we are speaking of Iktinos men Ward A. Davenport, Ex ’23, is still unmarried and is with the U. of Michigan Building and Grounds department as construction and maintenance engineer. He is a member of the Spanish American Legion and Kiwanis club as well as a life member of the Michigan Union P. S. He will soon be a life subscriber to The Archi.

A recent message from Mr. Henry F. Coleman, Logansport, Ind., states that Ada F., ’17, was married Feb. 9, 1926, to Miss Julia Von Haute, of Lille, France. At present “Ace” is connected with the H. C. Barnes Travel Agency in Paris, Address 15 Boulevard des Italiens. Raymond C. Lane, Pac. ’24 we learn is still at Fort Snelling a second “Lieut.” Third Infantry. He says: “I’m coaching the post basketball team again this year. Also trained for four years to become an architect (Wegel and Klenckendorf take note) I’m still very well satisfied with my present job.” We heard rumors once that R. C. was to be married, but have been unable to confirm them.

Stone Writes To Rose

Another Paeonios man we recently heard from was Fred Billings, ’25, who advises that he is still single and is working in a small office in Barstville, Okla., but is having a good deal of enjoyment in doing residence work, including two Spanish type homes recently.

Just before Christmas we received a subscription from Chas. C. Rose, Ikt. ’20, who is interested in the lumber business of W. J. Rose & Sons, Ltd., Johnstown, Pa. He inquired for the address of Orin F. Stewart, whom we advised him is living in Pasadena, Calif. The Archi is ready at any time to advise any of the brothers of the address of any man, if of course we have his address.

“Rory” finished the Johnstown high school in 1913 and then attended the U. of Penn. from 1913 until 1916 when he transferred to Michigan. He withdrew with the start of war in 1917. He served in the 314th field artillery. Bro. Rose married Miss Lillian C. Schwing, Sept. 21, 1921. Charles is also a Phi Sig.

Where Is Our Walter Mac

Here is a prize! Brother Moorman forwarded it to us the other day. For some time we have wanted to know the whereabouts of Bro. Walter F. MacGregor, Mnesicles charter member and from recent sources we received the advice, “Try Gedney & Murphy, architects, St. Petersburg, Fla.” Here is the prize: “For some time I have been receiving mail addressed to Walter F. MacGregor. My name is D. F. MacGregor and I work for a sewer contractor not an architect. Glad to hear that the old school put out a good team this year, but I’m not interested in Walter’s mail. With you and me together the world, I remain, sincerely yours, D. F. MacGregor.”

Therefore, gentlemen, we still want to know who knows where Walt can be found. Please advise us.

Help Solve This Mystery

Another mystery! The Postal authorities are the most reliable we have when it comes to keeping track of folks, but even Uncle Sam slips now and then.

On May 30, 1915, the postal authorities returned mail addressed to Bro. Russell C. Hutchins, Ikt. Ex ’17, and it was marked “Address Unknown.” Since then we have so carried Brother Hutchins in the records and no one has “called” us on the matter. Recently in endeavoring to learn the date of his “death” we communicated with U. of Mich. Their records show him as living in Newport, N. H. in June, 1924, nine years after he was reported dead.

Efforts are now being made to get in touch with Hutchins, who was a charter member of Iktinos chapter. He was born in Tippacanoe City, Ohio, Feb. 25, 1895, but was a resident of Toledo, Ohio, when he entered Michigan in the fall of 1913. He withdrew from school in 1914. If any brother knows of Russell’s present whereabouts, please advise your editor.

We Want To Hear From Detroit

Had a communication from Alger W. Luckham, Ikt. Ex ’22, tuther day. At present he is batching while his family is in California. Said family consisting of his wife and three kiddies: Elizabeth 6, Jane 4 and Alger born a year ago in September. At present Al is and has been for a year with the Geo. D. Mason & Co., Detroit architects as specification writer. Bro. “D” Williams, Ikt. ’14, you know is vice-president thereof. Gene Clelland, Ikt. ’24, he advises is also in the office. Al, we thank you for the unofficial advice that we received from the Detroit alumni chapter shortly.

Do you before the war, Iktinos men, remember one Franklin C. Stanton, who hailed from Los Angeles? “Stan” is now a practicing architect in Olympia, Wash, is married and has two little girls. One Genevieve O’Leary was the girl he married in February, 1918, and their daughters are Lucile born July 1, 1920, and Mary born the 11th of May two years later. F. C. recently moved to the New Security Bank building.

One of the Michigan men we have had inquiries out for a couple of years was Herman J. Truman, Jr. ’15, originally of Kansas City. The dope we have from the Michigan Alumni office is that he is now in the valuation department of the Interstate Commerce Commission. We’d like to hear more of H. J.

Boys Back From East

We believe that it has just come to our attention that D. H. Williams, Ikt. ’14, was the daddy of a second son last June 29th. This chap is John Norton. David H. III was born May 8, 1921, but we were sorry to learn that he had lost his grand-dad this last year. That makes him Dave, Jr. “D” married Madge Norton six years ago last June.

In a post-Christmas letter the circulation manager said, “Christmas came and went and who should drop into St. Paul but Emil Backstrom and Eddie Holien. Emil, it is reported, came here partly to see some fair lady, whereas Eddie came back from New York merely to assume some of our Western culture, although he states that he has also seen the Panther while here.”

“We have no zoological gardens here, so evidently he refers to a girl. I have been out to lunch with them, and with Eddie’s old perspiring looking hat and new clothes of Eastern cut, you would think that he was a miniature "No Yakl’ dropped from the skies.” I hear Howard Gilman is now in New York, but am unable to locate the address. Howard Dunn has been at Harvard since fall. Here’s hoping the convention is a success and that your salary may be raised. Goodness knows you deserve it.”

Garber Is Now In Hollywood

A Christmas card from Dave Garber, Poly. ’25, bears the tidings that he is now in the art department of the Universal Film Co. at Hollywood, Calif. “Find the work very interesting. Any brother desiring information on this work can drop me a line and I will be glad to correspond with him.” (Address Dave at 821 Sweeter Ave., Hollywood, Calif.)

Holiday greetings from Bill Fraser, Anh. ’25, revealed the fact that he is now in Chicago working for Childs (Continued on Page Ten)
Facts For Fraternity To Face

For five years now The Archi of Alpha Rho Chi has been under the same management. During that time concerted efforts have been made to increase the subscription roll. Careful records have been kept and now that we have reached a stage where subscriptions are not coming as they should we want to lay the facts before the entire Fraternity, subscribers and non-subscribers alike. To do this a copy of this issue is going to every man for whom we have an address.

During the first two years the only basis of subscribing was annually. Due to the fact that costs of securing subscriptions and renewals was such a waste of money the Life Subscription plan was presented to the Minneapolis convention. The plan was adopted, Life Subscriptions were to be solicited from men then members, and all men initiated after that time were to pay for a Life Subscription when initiated. The principal of all Life Subscriptions to be invested in an Endowment Fund and only the income to be used for publication purposes.

It was further decided that certain monies received as a badge bonus from the fraternity jewelers were to go to The Archi until such time as the endowment earned enough for The Archi to be self-sustaining. These two incomes to be augmented by loans from the Grand Council when required to maintain the year's business. When the Michigan convention rolled around 175 Life Subscriptions had been listed. Another year added 189 more, and now the last year 141 for a grand total of 505 Life Subscriptions. At the present time there are 85 pledges who when initiated will of themselves carry the total almost 600 Lifers.

Locating the Weak Chapter Support

However these 505 Life Subscribers constitute only .599 per cent of the Fraternity. Taken as a whole, averages does not seem so bad. However, there are six chapters who rate higher than that and four below. Here are the figures:

<table>

Now, then, just how are we to account for Demetrios chapter being the tailender? We read so much these days in the newspapers about what a fine institution Ohio State U. has become. Demetrios chapter was one of the very first to start to acquire a permanent home and they have other things to make them proud. Bro. Dwight P. Ely, the W. G. A., is an Ohio man. The Life Subscription plan was supported by him, became a fact under his administration. We feel that his chapter should give him better support.

Perhaps Ohio men have pride in their Alma Mater, their chapter and their W. G. A., and that it must be that Ohio State does not give their men a training that will enable them to earn enough to keep body and soul together? Yet that seems inconsistent when Demetrios boys win prizes in graduate courses and hold down good positions. The trouble with Demetrios men seems to be that they haven't acquired the proper slant on their relationship to their chapter and the Fraternity as a whole. They are still provincial, in a sense.

Procrastination Retards Progress

What has been said for Ohio applies almost with equal emphasis to Kallikrates of Virginia and Iktinos of Michigan. At times we almost feel that the non-subscribers of these chapters are Rip Van Winkles. They seem to be in a state of coma. In other words we are not just sure whether the low record in the

matter of subscriptions of Demetrios, Kallikrates, and Paeonios chapters is on the part of active members or on the part of the individual non-subscriber. Anthemios is below the average, but same age. Polykleitos, Dinocrates and Therons, the Minneapolis convention and consent. Andronicus and Paeonios chapters are not yet raised. Mnesicles of Minnesota trails of non-subscribers who can well afford to be.

In other words since the matter of the various chapters is so largely a matter of ability we publish herewith a complete list of Life Subscribers. We realize full circumstances govern men's pocketbooks, yet there is a way. If a real he-man, facing the fact can out of his own mission without pay a little more men here in the States.

TAYLOR SETS EXAMPLE

Let us turn to the list of men who have some time during the past ten years, and see how they stand. They are "for" The Archi, we know that. What is the present Lifers could see the wisdom and brothers, the money we need to secure your the word, once spent it can never be recaptured by the Grand Council and the income sends.

</table>
Let us turn to the list of men who are not now Life Subscribers. Almost two-thirds of these men have some time during the past five years been annual subscribers to The Archi. They know that The Archi is "the little newspaper." They know that it is not a technical journal, nor a propaganda sheet, only a little newspaper in which we chronicle the joys and sorrows of our fraternity brothers. As one chap said, "It is like a letter from home"; it is the link between your schoolmates, your Alma Mater and yourself. No other publication can in any way, shape or form, take its place.

During the five years that The Archi has been under the present management and published as a monthly "newspaper" instead of the old style quarterly (which never appeared four times in any one year) some men have subscribed four of the five years. They are "for" The Archi, we know that. We wish that the others like so many of the present Lifers could see the wisdom and economy of a Life Subscription. Frankly, brothers, the money we spend to secure your renewal each year, is wasted in one sense of the word, once spent it can never be recalled. Your Life Subscription is invested by the Grand Council and the income sends The Archi to you each year.

Have Subscribed Four Out of Five Years

Demetrios—Ohio State
Kaltenbrun, J. A., '25, Oak Park, Ill.
Shumaker, Ross R., '16, Raleigh, N. C.
Stubenrauch, Edgar A., '18, Sheboygan, Wis.

Muscles—Minnesota
Deane, G. Brooks, '19, Minneapolis, Minn.

Five men subscribed four of the five years of the existence of "the little newspaper." In the list which follows fifteen men have lined up with The Archi three of the five years. 'The funny thing about these fellows is that they are all earning good money, or were the last we knew of them. They have never filed any complaints with us. Some of them have written us letters of commendation and encouragement. Yet fellows, it is hard to understand why it takes so much "reminding" to secure their renewals. Most of them, the second or third time they hear from us, will kick thru with their cash and apologize for the delay. They are good scouts but—well—negligent of little matters. They should Subscribe for Life.

Three Subscriptions In Five Years

Iktinos—Michigan
Cottrell, Don M., '14, Detroit, Mich.

Demetrios—Ohio State
Badke, Ernst, Ex '24, Springfield, Ohio
Dover, G. H., '23, Columbus, Ohio
Green, L. H., Ex '26, Indianapolis, Ind.
Kallikrates and Iktores is due to lack of
alumni chapter officers or whether
the letters of
an entrepreneur. For example, the ancient
Chinese, whose little newspaper is entitled
雅言, has little meritorious in the little newspaper.

In the four years your present editor has been studying the matter of subscriptions and men who subscribe and the reasons some do not have talked to many men in the Fraternity. He has met many and asked about others until, in the next two lists, he can tell who in almost every case a man has not given The Archi the support other members of the little newspaper. The subscription is entitled to be considered as a unique letter.

The next list includes all men who have subscribed twice in the five years. As is the case in all the lists there are various reasons why this or that man does not feel that he cannot subscribe for Life. In some cases the man that does not, is the single man who thinks the self-centered selfishness is slowing down the growth of the subscription. This is the man who cares more for the cost of a Life Subscription on a "smart party." The chap that does that is not a credit to himself or his chapter. Brother, show your true colors!

Again there is the chap who is paying his way, clearing up debts, and is a credit to himself and his Fraternity. We have hopes of his subscription ultimately, but you alone can know how his rating, and that of his chapter or the Life Subscribers. Almost no one subscribes for life.

For All A.P.X. Men
are now Life Subscribers. Almost two-
in the past five years annual subscribers
is "the little newspaper." They know that
ganda sheet, only a little newspaper in which
 fraternity brothers. As one chap said, "It is different from your schoolmate, your Alma Mater

SUBSCRIPTION BLANK

One of The Plans Below Will Fit Your Pocketbook, Brother.
Sign Up For Life—Keep Faith With APX

PLAN No. 1

Immediate full payment of $10.00 life subscription. Make check to The Archi Board, 600 Chamber of Commerce Bldg., St. Paul, Minn. and mail to The Archi Board with this subscription blank.

Dear Brother:

Enclosed find $ for payment on my subscription to The Archi in accordance with Plan No. as stated above.

Fraternally yours,

Bro.

Date __________ 1927

Residence Address

Class ________

City __________

Chapter ________

State __________
The Archi has at least 800 Life Subscribers, and our belief that every Brother now a subscriber can assist materially in this drive by seeing one of the subscribers to The Archi. The future of The Archi is safe if we retrench. Perhaps you can help to keep posted. These men have never lined up, but are eager to get next to their brothers in The Archi. The price of the life subscription is $10.

One of Two Alternatives Ahead

If we do not within the next three weeks receive a substantial number of Life Subscriptions we will be forced to curtail the program for the rest of the year. Our usual issue of eight pages will be reduced to four pages each month. The present income will not support either our first program of eight pages and also a continued subscription drive. Just because the Grand Council is willing and has loaned The Archi the past two years it is not fair to The Archi to continue loading it with this indebtedness.

Every brother now a subscriber can assist materially in this drive by seeing one or more of the non-subscribers. We know that not all our mail reaches them. Perhaps you can see them the wisdom of a Life Subscription where we cannot. The future of The Archi is saved, but the plea of the correspondents and readers is for more space, more news. But until The Archi has at least 800 Life Subscribers we cannot begin to think of expansion. Brothers, all of you, join hands with us and aid in the adding of Life Subscribers. Of the men listed above as not being Lifers, only six are now annual subscribers. The field is ripe. Let's go!

During the five years that have elapsed since the management of The Archi came into the hands of the present body few hundred and five men have been sold on the Life Subscription plan. Over two hundred men have during the five years subscribed for one year or more, while only a few over a hundred have never lined up on the subscription rolls in any manner. The principal reason is that The Archi staff has not been able to penetrate to the advantages of the Life Subscription, to them and to The Archi. An annual subscription is two dollars, five annuals $10 is the price of the Life Subscription.

But here is the difference. The price of the annual subscription goes into the general expense fund and is gone. The Life Subscription is invested, and only the income is used. The income from the Life Subscription is available every year. True there is a difference in the amount, but remember that a good share of the annual subscription is used up in securing that subscription—notes, drafts, address changes, etc.

In the list of subscribers one can not be able to penetrate to them by mail with the advantages of the Life Subscription, to them and to The Archi. We are often surprised to see how quickly they respond. It confirms our belief that every APX man is interested in his old class mates and his Fraternity and wants to keep posted. These men have never lined up, but are eager to get next to their brothers. For the rest of the year. Our subscription drive has been able to penetrate to many men with the advantages of the Life Subscription, to them and to The Archi.

reflection on your part will open an avenue of co-operation to you and a point of attack. Most of the men named above are not subscribers now because they have not been solicited repeatedly the last few months.

With a few exceptions all have been approached, by mail, twice this last fall. Many have been intending to subscribe again, perhaps for Life, but they have been busy, they have put it off. Mail selling is slow and expensive. Personal contact counts. Scan the lists, brothers, see which men you know, sell them. If you do not know any, see who is in your vicinity, run them down and broaden your APX acquaintance.

"Pudilus, Amen El Artes," Let every APX man do his part. The next three weeks can see a gain of two hundred Life Subscribers, IF YOU WILL IT. Unless The Staff does obtain the assistance of the fraternity as a whole and the subscribers in particular, in reaching these new non-subscribing Alumni quickly there will only be one alternative. The copies of The Archi during the balance of the year will be four pages on the average instead of eight in order that funds may be available to follow the slower and expensive method of adding subscriptions by mail.

Remember, all APX men with few exceptions are keenly interested in Alma Mater and visit the chapter every time they return. They are interested in their old mates. They are potential subscribers, they are loyal to their own chapter, brothers, IF YOU WILL IT, your chapter's honor may be retrieved and The Archi Life Subscription campaign be bolstered by plan A REAL HE-MAN, A GO-GETTER? WE BELIEVE APX IS MADE UP OF SUCH MEN, BUT WE WANT PROOF, WE WANT THOSE SUBSCRIPTIONS.

Sincerely,
Horace W. Towsley, Editor.

FROM THE MAIL BOX
(Continued From Page Five)
Smith, Kenny Helms he advises is putting up with him as a room-mate.

Another Christmas greeting, clever linoleum cut by Edwin M. Loye, Mnes. '20, tells us that Ed, Laura and Baby Britty are now in Mount Vernon, N. Y. Sorry Ed didn't say what he was doing there. Last we heard he was with York & Sawyer in New York City.

Many Splendid Cards, Boys
Speaking of Christmas cards and New Year's greetings. Your editor received a number of splendid examples of workmanship from men in Alpha Rho Chi, and he was mightily pleased to hear from so many. Of all those that came, that from Bro. Joseph J. Patterson, G. L. we feel was in a class by itself. A pen drawing of three figures, presumably representing "Madeline & Joseph Patterson and I'll Patty Ana" dressed as in old England with a border of Gothic tracery, figures and symbols. It was splendid.

Another splendid piece of workmanship was by Chas. R. Sutton, Anth. '26, now in New York landscaping. Chuck drew a composition consisting of a group of Judges with the three wise men in the foreground. Like Bro. Patterson's it was printed in sepia. Two other "different" greetings were from our W. G. A. and his good wife and the Circulation Manager. Space forbids telling about all the original cards which came to us. But again we say, thank you, "the same to you."

The mention of Brother Patterson reminds us that in January Pencil Points one will find a rendering of the Medical Arts building at Fort Worth. Joe is an Anthemiis '17 man. In the same issue one will also find a charming sketch by A. D. Pickett, Anthemiis '23, and a sketch on cameo paper of Wall Street, Columbus, Ohio, by, we believe, Geo. E. Merkel, Demetrius '26.

Dean Edgell Speaks in Chicago
Reference to our circulation manager who lives in St. Paul draws our attention "Bill" Ingemann, Mnesicles Ex '19, whose "concrete products house" which he designed in competition was recent recipient of Minnesota's Capital City. Brother William is one of these who is not keen on writing, especially about himself, but he does enjoy having APX men drop in to see him while in quest of work or to "bicker a bit." Yep, he's still in the Endicott building.

Not long ago we received a copy of a bulletin issued by Ralph W. Hammett, Mnesicles '19, to the architectural profession in Chicago announcing a visit of Prof. G. H. Edgell, Dean of the Harvard Architectural school to Chicago on Jan. 14th. "Hammy" who received his master's degree at Harvard in '23 signed himself in behalf of the Chicago Sketch Club and Alpha Rho Chi and Scarab Architectural fraternities who sponsored the dinner and lecture held at the Chicago Art Institute.

Mention of Chicago reminds us that while at Manhattan we met H. G. Overland, Anth. '17, who had been in Chicago but a short time before and advised that he understood that Francis (Pewee) Dunlap and Geo. L. Linderberg, Anth. '18, were contemplating partnership. While we were talking of these two men little did we realize that even then "Pewee" was battling for his life.

Brother Dunlap is the second Life Subscriber to The Archi that has passed to his reward, Mnesicles Ex '20, died in St. Paul, Dec. 23, 1924.

Quakes and Other Functions
Word came from Los Angeles recently that while the L. A. alumni chapter was virtually peerless an Anthemiis Alumni issue had been formed, with Paul E. Murphy, Pres.; Wm. Lundeberg, Vice Pres.; Rosswell T. Allison, Sec'y, and A. Dills Baker, Treas. Thus far these men have not petitioned the Grand Council for a charter.

Let us explain the difference between an alumni chapter and an association. A chapter is essentially social and geographic, while an alumni association is intended to be a holding body, preferably incorporated, in which the title of chapter property is placed. Mnesicles and Anthemiis alumni associations have charters from the Grand Council of Alpha Rho Chi and have incorporated under the laws of their respective states. Indications are that Anthemiis is going in this direction.

While California is having her "annual" earthquakes and "what have you," Richard W. Ware, Iktinos '20, slips us the following memo: Married at the bride's home the evening of Dec. 29th, 1925, Miss Lillian M. Jones to Robert H. Ainsworth, Iktinos '22, in Pasadena, Calif. Dick Ware served as best man. Bob and his bride will be at home (see new addresses) after Christmas. 1st Mrs. Ainsworth was originally a Chicago girl, coming to the coast about five years ago. Thanks for the dope, Dick.

Another chap we haven't heard of or from is Gordon L. Smith, Anth. '13. He writes as follows: "After two and a half years in the army, one of them in France with the 312th Engineers, I came south as head draftsman for a firm that was to become a commercial (not professional) architect. Stood the gaff about four months and then cut loose for myself. Starved about eighteen months before breaking the ice, finally got going and am gradually building up an organization. Sure is hell but great stuff at that. Regards to the gang. Never see any of them down in the West. I don't think I'd be glad to hear from some." "Smit" is located in Chattanooga, where he is practicing on his own for his own. Aug. 29, 1922, he married Miss Sara Elizabeth Simmons of Chattanooga, Jr. She was born a year ago, the 29th of January, Brother Smith originally hailed from Wyoming, Ohio. Was a member of F & A. M.

ANTHEMIOS—ILLINOIS
Wm. P. Crane, II, Correspondent.

The returns from our semi-annual election of officers, and the first semester men reinstated in their respective positions, make realizations.

Anthemiis was favored recently by an extended visit from Bro. Willis Earl Ex '25, designer of golf courses, etc. Willis was on his way from the East to his home in Kansas City, Mo.

Speaking of returns reminds us of the return of our prodigal, Glen Yockey, from the convention. From Bro. Yockey we learn that the Kansas chaps must all be social lions, for he didn't have a dull moment while there. Some of the matters discussed, that he brought back
to us, were vitally interesting and visibly pep up the bunch after they had been informed of proceedings.

DEMETRIOS—OHIO STATE
W. S. Gould, Correspondent

A Christmas party was held at the house just before the holidays with "Mother" Ulery, Prof. Fanning and Judge Hughes as our guests. The pledges entertained during the evening with several witticisms, concluding their part of the entertainment with the presentation of a beautifully wrought hearth set. Later in the evening the exchange of gifts among the boys, all of which were to fall within a ten-cent limit, was the source of much amusement.

Don Rice is back in school this quarter and has transferred to the college of Ceramic Engineering.

We all feel sorry for Carl E. Kneck, W. A., who had to miss a whole week of school in order to attend the Twelfth convention at Manhattan. Some fellows sure have tough luck.

MNESICLES—MINNESOTA
Dudley C. Bayliss, Correspondent

Our Winter Formal was put on in great style at the chapter house Saturday evening, Jan. 8th. The decorations consisted for the most part of lights turned very, very low. The orchestra was extremely warm and everyone was in a rose-tinted mood when the party ended at 2 A.M.

"Bill" Townes, Ex '26, is back from Tennessee for an indefinite stay. Although he likes the weather here, he says he'll be glad to get back where the sun shines warm when it does shine.

One of our charter members, Howard B. Gilman, '17, dropped in for a brief inspection of the new chapter house. Brother Gilman is located in New York at the present time.

There must be something about this atmosphere up here, or may be it was the Christmas spirit that moved Brothers Leach and Potter to unlock their pins from their manly bosoms. Brother Leach blushing admits that the recipient of his pin is none other than Helen Shirk of Faribault, Minn. Bro. Potter, who, by the way, graduated at the end of the Fall quarter, says the prettiest girl in Fargo is wearing his pin at the present time.

There are a few vacant chairs at the house this quarter. Brother Olsen has not returned and we sure miss him. Brother Jansa is also among the missing, having finished last quarter. Brother Olsen and Jansa are due things by halves; he carried a 24-hour schedule last quarter in order to finish up.

One of our new pledges, Jerry Wunderlich, has had the tough luck to be attacked by an insidious bug called appendicitis. He is in the hospital yet, but is getting along fine.

Among some of our recent visitors was Herbert Jennings, Ex '27.

Merrill Madsen, Ex '25, is in the Cities here. He has sold out his business in Calhoun County and is planning on remaining here for some time.

KALLIKRATES—VIRGINIA
Ralph Little, Correspondent

Christmas vacation ended on Jan. 3rd and everyone is back and ready for work after two weeks of fun and rest.

Francisco Carril, of Mexico City, and Rogelio Navarro, of Panama City, did not go home for the holidays but report a Merry Christmas nevertheless.

We were all very sorry to find that Kallikrates was not able to send a delegate to the Manhattan convention. The delegate whom we had elected has our special sympathy because we know from the convention held here last year that he missed a lot.

ANDRONICUS—U. S. CAL.
Carl Denney, Correspondent

Once again we wish to call the attention of the brothers to our new change of address. We were beginning to appreciate having a house large enough not to require all of the metropolis of Los Angeles to crowd us, and we therefore invited a zone permitting fraternities.

Our arguments were too small. We accordingly voted not to meet on present location at 902 W. 30th St. This location is nearer to the University. The house, itself, meets the situation very nicely, in spite of the fact that it isn't nearly as large as the old one. But now that our alumni have departed from our humble dwelling, our needs for a large house are not as great.

Brother Madsen better known as "Mady" has set up our surrounding conditions for an atmosphere of sunshine, hot air, and farmers back in Minnesota, but we are looking forward to his return. Yep, there's a girl in the case—looks fine and is a very busy one for most of the students. With the Junior Prom, final exams, registration, and the Art's Ball coming all in a row, one can readily understand why college men become bale-headed and broke.

THEON—OKLAHOMA
Hugh W. Brown, Jr., Correspondent

Several weeks ago Dwight E. Stevens left for Cincinnati, to again take up his study of Architecture. We received his Christmas card, but instead of just the familiar signature "Steve" it also had a prefix of Mrs. Congratulations, Steve. To other chapters—Stevens was the pen artist of the Theon petition.

Another jumped the gap. Brother West took as his betere-half Miss Verna Gambrel. Mrs. West was a student of Architecture here last year. From past observations we know that theirs will prove a brilliant partnership. Bob did the Old English lettering in our petition, but it's bad for a member to go wrong. But woe unto me, when a pledge places the diamond ring upon some fair maid's third finger. Harold Hunter is the culprit. Miss Pearl Johnson is the pen artist contemplating the changing of her name.

The songs published by the Iktinos Chapter were surely appreciated by all of the Theons, as we were in need of them.

MNESICLES ALUMNI
The Court Jester, Correspondent

Hugh "Eatin" almost borrowed my Tux for our mid-winter formal which went in great style, by the way—that is, the party. However, after informing him that he and I were becoming equal partners in the suit, he furnishing the brains, it seems that he didn't show up to take it. Just as soon that he would though as it's getting too small, and

NEW INITIATES

Not until the W. G. E. receives (1) a yellow directory card, (2) a triplicate certificate of membership order, (3) the required fees and (4) a badge approval stub does a man's name appear in this, the official Grand Council list.

Polytechnis—May 24, 1926

Thes—Nov. 24, 1926
Bousard, Leroy T., '27, Box 35, Tusla, Okla.
Henderson, George E., 27, 1900 Broadway, Altus, Texas.
Harris, Paul W., '25, 2025 Dakota Ave., Chickasha, Okla.

Stevens, Dwight E., '25, Elm Springs, Ark.

(Continued From Page Eleven)

maybe he might rip it, necessitating a new one.
Our accelerated traveler, Mr. Herman Frexel, is once more in our midst referrIng to where he is going to work.
Due to the fact that our steamed, dry, clean, president, Mr. Paulsen, attended the annual banquet of his firm where bonuses are being dished out freely as desserts we postponed our January meeting a week.
A nice Christmas card came in from Phil Didrickson—who, by the way, is buying a diamond, he says, but he also says it's only for to "Philip" his pin. Also got cards from Paul Damberg—still at Eveleth; Walt Kendall, Gus Townsend, Herb Krenkamp, Reinhard Mclnair, and-also.

NEW PLEDGES

Not until the W. G. E. receives the pink pledge card for the fraternity directory from the new chapter does a man's name appear in this, the official list of the Grand Council.
