DEMETRIOS CHAPTER EXERCISES AUTHORITY

Pledge a Friend and Neighbor, Judge Ivor H. Hughes

An epoch-making event, in the records of Demetrios chapter, was enacted on Monday night, February 28, in the pledging of Judge Ivor H. Hughes for honorary membership in Alpha Rho Chi. It will be remembered by those who attended the recent convention that measures were passed to make possible this initiation of one outside the profession of Architecture or the Allied Arts. It will be long before those present that evening will forget the address in which the "Judge" so eloquently professed his acceptance of the pledge pin and the fellowship of the members of the Alpha Rho Chi, stressing the riches of friendship and his interest in young life.

The "Judge" is one of the oldest friends of Demetrios chapter, having been our neighbor for eight years and having seen many of its members enter and leave, often lending a helping hand to make the way a little easier for someone.

Watched the Invasion

In his own words, "In 1919 I watched with interest the boys inside of the house and thought, 'Here are some new friends.' Twenty minutes later told that the acquaintance of two of the boys at work in the back yard and since that minute I have taken the greatest pride in considering myself a friend of Alpha Rho Chi."

This move, now a recorded fact, has been in the minds of the men for several years but was impossible due to the "Judge" profession, the obstacle which was removed at the recent convention.

"Judge" Hughes is a practicing lawyer, graduated from State U. Iowa in 1908, and is a member of the Junia lodge of the I. O. O. F., having the degree of Past Grand Master of Ohio, and a Mason of high standing.

"Judge" is also a member of a distinctive group, Columbus' select organization in a Kit Kat Club, modeled from the early Kit Kat Club of London, England. It is a literary club and is limited to thirty-nine members, consisting in the greater part to lawyers and professors, admittance to which can be gained only through the death of one of the present members.

By W. B. Parks, Campaign Manager.

Anthemoius Men Called to Action

With Lots Purchased and Plans Started, Pledges Are Due.

The Alumni Association has purchased the site and architects have been selected to prepare the plans and supervise the work. The third and final step rests upon our Alums and architects. The success of this step can be readily accomplished by April 11th, Founder's Day, the thirteenth anniversary of the Nationalization of old Arcus as Anthemoius of Alpha Rho Chi. If every brother does his part the financing can be completed by that date.

The latter part of February we purchased a lot on South First Street just south of Armory avenue. For those not familiar with the new campus development, First street is one of the three main streets. Our lot is on the east side of the street with a frontage of two hundred feet. We first considered a lot almost directly across the street with three less frontage at a cost of $15,000, but finally decided that the larger lot on the east side was the better buy at $10,000.

Plans Under Way Now

Since then the pledges have made arrangements with Royer, Danely & Smith, Urbana architects, to prepare working drawings and supervise the work. Our Master Architect, Brother Cass Gilbert, has expressed a desire to help us in planning and designing our new home. We are sending preliminary sketches to him for criticism.

We now have our lots and our plans are being prepared. All we need now is the loyal support of every man. To completely swing this deal we must have $7,000.00 from our alumni. A great many have said: "When you do something I will do my part." Now it's up to us. We have gone ahead on this basis. Buying the lot has taken all of our cash and we must raise more immediately to make the next step.

It is possible we will have sketches ready for publication in the next issue of The Archi, watch for them. In the meantime let's make Founder's Day a time for a real celebration with the entire $7,000 and more if possible, in the treasurer. Remember, campaign headquarters are 905 South First Street, Champaign, Ill.

Many Pay in Advance

Some of the boys are paying their building pledges in advance while others are catching up on their back payments. Now, as soon as we double our list of subscriptions to buy alumni notes, our success in the building is assured. Perhaps you would like to know who some of the live wires are.

Clarence P. Griffith, '14, came through first and he offered to donate his notes to the chapter for putting on a new roof in 1946.

"Tiny" Hall has been a backer for the cause and is doing his part, even though he is away down in Mississippi.

Eddie Larch, '17, is doing his stuff. We're proud of him and his enthusiasm is great.

Art Lee, '20, is one of the crew who promises support in more ways than one.

Then there is Geo. Lindeberg, '18, and Tommy O'Donnell, '13, who are with us pretty often and surely have our interests at heart.

Prof. and Bro. Newcomb also promises to add a little color to our enterprise.

I could say a lot about Andy Phillips, '23, but he likes to keep things under cover, so I'll just say Andy is on the job and doing some real work.

Rohn Down But Not Out

Fred Rohn, '16, came thru while flat on his back in that plaster cast of his. What do you think of that kind of spirit? If I were to complete this list without the name of Chuck Sutton, '21, Ye Editor would want to know why? However the old bachelor is in on everything good and is still doing his part.

I must not forget Lorentz Schmidt, '13, for even though he did, at one time (Continued on Page Two)
ANTHEMIOS MEN ARE ALL CALLED TO ACTION
(Continued from Page One)

in his life, scarpe faces and leave a nose occasionally, promises to get the APX gang together down in Wichita and do something for Anthemi's.

George Whitten, '22, is our old stand-by and knows our conditions about as well as anyone, and we are looking to him to convince a few of our needs down here in Champaign.

"Waddy," '14, the realtor from Minneapolis and a friend of the Mnesicles project now completed, has promised his support.

And then to wind things up it is a pleasure to know that men like Benson, Thord, and Field have been, always, the most enthused and interested. What they have done in the past and will still do in the future for Anthemi's will never be forgotten.

the so-called professional social fraternities. What in a man's social life made it advantageous for a man to go to live at the professional house? The answer is that in the "professional social" fraternity one finds a perfect synchronization of social life with professional studies.

Hard For Non-Professional To See

This angle is hard for the freshman, and in fact many academic fraternity men to understand. Assuming that the greatest good to be derived from the college fraternity is during the school years, it is agreed that social life is essential to a well-rounded career. How few understand the absolute restrictions put upon a man in medicine, law or architecture as he pursues his course of study practically put that within the fold. It is because the social fraternity program has conflicted with a man's first obligation to his class work that has caused him to see the wisdom of living in a professional social fraternity.

Assuming still that the fraternity serves its greatest function in assisting a man to grow and develop into a good engineer, architect or doctor, the fraternity that serves best his studies by brotherly guidance of older men, the distinct separation of professional responsibilities, is the one to which the knowing professional student will unerringly go.

There is a function and purpose for both the academic and so-called professional fraternity. Some people today do not clearly see the line, however; it is definite in medicine which requires a certain period of pre-medical work. In the first years in school, before a lad is sure of his profession, the general fraternity serves his purpose. But—when he comes to the place where he must concentrate on the big thing, he concentrates best among fellows who have or are following the same path.
The so-called socialization of the professional fraternity is not a fact. The old-time honorary professional fraternity is still with us, but the needs of men in the professions caused a banding together of professional men in restricted social fraternities with a common interest and a common purpose when Alpha Rho Chi was founded with the distinct purpose in view of catering to the embryo architect and his co-workers in the allied professions. Many of the founders were general fraternity men, many organizers in various chapters have also belonged to academic fraternities, and the thing that brought Alpha Rho Chi into being was the lack of something in their first organization. Our fraternity was organized to serve a purpose in the field of architectural students and whenever it starts in another institution it is because a group of students say "we need Alpha Rho Chi, it will fit our needs."

Alpha Rho Chi has no enmity toward the social or academic fraternity, but because we are in architecture and understand the problems of the architectural training we can understand "the why" of the professional fraternity. There is a need we can fill that they can not, and they fill a place we cannot. When the day comes when there will be a pre-architectural course in all our schools the field of the two types of fraternities will be more defined. Until the student gains an understanding of the academic fraternity the place he belongs, when he realizes the course ahead and what it means, he will make the wise choice. Alpha Rho Chi will then supply his needs. Alpha Rho Chi is a social fraternity of architecturally allied men. That was its intention and is its definition now and in the future. The fraternity is purely architectural, as every member fully realizes.

From The Editor's Mail Box

Wherein We Recount Things and Thoughts
Which Come To Our Attention.

Harold A. Barr, former faculty member at K. S. A. C. and a member of Peonios chapter, is now located at Port Arthur, Texas. He writes: "In this region the extremely large cotton crop with exceptionally low prices has decidedly dampened all construction with very little new work contemplated. I have not figured on a job since I completed three theatre buildings about nine months ago."

"Words are but a small measure of the sympathy felt toward the loss of Brother Dunlap. Always will I remember his office in "Chi," a gathering place which will perhaps never be again."

"There is one place I miss in The Archi. Where is the little column from Peonios? If they do not work any harder on their column than in answering my notes, well-I can guess the future." Mrs. Barr was Miss H. Jean Macfarlane, Edgewater, Colo., before her marriage Jan. 1, 1920. They had two kiddies, Mary Emelie, age 6 and Harold Jr., a little over a year old. "Hab" is a structural engineer.

Carnegie Boys Write Too

Recently we have had communications from four of the Polyklitos boys. Julian P. Crowe, 25, Don A. Hamilton, 27, John Samuel Wood, 24 and Paul H. Stoel, 25, writing for Kenneth Elliott & Chalfant, Pittsburg architects, while "Jack" is down in Clemson College, S. C.

"Don" who is now in school originally attended K. S. A. C. from 1913-16 when he transferred to Carnegie Tech. He has now returned and expects to graduate in 1927 after having enlisted in April, 17. In the interim he married Miss Grace Lassing, June 26, 1920, and their daughter Marilyn was born Jan. 8, 1923.

Don, best wishes for high honors with your year, rate 'em for persistence. "Woody" is in Cincinnati. "I have a son, John Samuel, Jr., born last Decoration Day, and I am sorry I didn't write you before. Pure neglect. Have a good job here, mostly residences of the $10,000 class, some smaller and some larger."

Fatality Takes Milder

"Last year we had 39 jobs and it looks like more this year. Had two assistants last year. Am Architect for the Robl. Blinn & Satter Co., formerly the B. & O. Co." "Woody" is a proud daddy! "Jackie is lying here crying so I will have to take him up. (Something he seldom does.) And then he signs his name with a Sr. after it! Good spirit, say we!

We were greatly shocked to find the death of Erich Charlemagne, Iktinos 24 A. E., recorded in the directory from the active chapter. Erich had been one of our old faithful correspondents while in the fraternity. It seems that his body was found near Mt. Vernon, N. Y., the morning of Feb. 18th, on the railroad track with head and arm severed.

Little explanation can be made of how the terrible accident happened, and no cause for sorrow can be known. He was a registered architect working in New York at the time of his death. The active chapter observed a two week's mourning period and the sympathy of the entire fraternity is with his folks and family."

H. W. T.

Murphy Back, Silvius Next

Paul E. T. Silvius, Andr. '23, alias "Pete," is a new Lifer and writing advises that he plans to sail for Europe April 2nd on the S. S. Majestic, traveling and sketching in France, Spain, Italy, Austria, Switzerland, Belgium, Germany and England. He plans to spend practically the rest of the year abroad.

Speaking of Europe, Paul E. Murphy, Andr. Ex '24, and his wife, formerly Miss Margaret Halcomb, U. S. C. '24, whom he married July 11th following her graduation, returned from France this last September. "Murph" is with Witner & Watson of Los Angeles, and is heading up the organization of an Andronicus Alumni Association with a view to obtaining a charter from the Grand Council.

Coming closer to us, we heard from Gale M. Bergman, Amth. '25, recently, "I was not so enthusiastic about The Archi while in school, but subscribed for Life, and I am glad now that I did, as it brings old pictures back occasionally." Chris, we thank you. Brother Bergman finished in commerce, changing from architecture. He's changed his address also.

Brothers of Anthemios chapter will be sorry to learn that Tom and Amy Tanner now of New Castle, Pa. lost the little girl born to them Feb. 19th. Shirley Jean lived but a few weeks. Tom, Anthemios '17, recently moved to New Castle with his wife from Lansing, Mich.

Paul Damberg Engaged

The Virginia (Minn.) Daily Enterprise carried the announcement Feb. 12th, of the engagement of Miss Vanda Nelson, Virginia, to Bro. Paul S. Damberg, Mnesicles, '22. The wedding is to take place in the fall. Paul, our congratulations.

Our ex-associate editor, "Bill" Townes, who sent the clipping including a good likeness of the future Mrs. Paul, also advises that "Old Man" Elmer Magnus, '20, living in St. Louis, met Miss Carol Lavonne Castle with his wife from La. Lansing, Mich., and England. He plans to spend the summer in the Orient.

As we were preparing to mail this copy we heard from Wm. H. Stone, Jr., Ikt. '23, and H. Lee Burton, Mnes. Ex '22. Both are married; Lee to Miss Calista Davis, June 24, 1925, and Bill to Miss Margaret Alejandro Barry, Midland, Mich., Sept. 8, 1924. The Stones have two children, Wm. Henry III, (Nov. 21, 1919) and Joan Hutsall (June 20, 1925). Both boys are practicing architects, Lee in Minneapolis and Bill in Birmingham, Mich.

Lee wrote: "I want to take this occasion to express my appreciation of The Archi and the work of those who promote it."
The Grand Council's Directory

CORRECT TO MARCH 31, 1927

Only such men as have been initiated and have a directory card in the Grand Council file are included. For example, a man stays on the pledge list until an approved directory card is received from the W. G. I. by THE ARCHI attesting to his initiation. This plan is the only fair one.

The users of the directory call attention to the fact that this will be the last complete directory this school year, keep it. Changes of address, supplementing this directory, will continue to be published each month. To all men we suggest, that you scan the whole list for men of other chapters in your vicinity, forge the links of friendship in Alpha Rho Chi.

A total of 37 lines of text are visible in the image, containing various names, addresses, and other information. The text appears to be a list of addresses, possibly for alumni or members of an organization. The text is not neatly formatted, with lines running in various orientations. The names and addresses are written in a mix of styles and fonts, indicating that the document might be a scanned copy of a printed page. The content is not comprehensible due to the lack of clear formatting and the density of information. The text does not appear to be a coherent paragraph or a question that can be answered directly from the visual content. It seems to be a part of a larger document, possibly a directory or a list of members for an organization.
Active Members

Home address of each active member and pledge is given below. When a man's home is not in the Twin Cities his school address is 315 19th Ave. S., Minneapolis, Minn., after August 1, 1926.

**Backstrom, Kenneth A. W.,** 27, Pipestone, Minn.

**Barber, Edward W.,** 29, 901 Octavia Ave., Duluth, Minn.

**Bayliss, D. C.,** 29, Chisholm, Minn.

**Boyce, H. Dean,** 20, 401 Clark St., Mankato, Minn.

**Campbell, Clinton F.,** 30, 123 W. 4th St., Minneapolis, Minn.

**Carlson, Chester L.,** 27, 315 19th Ave. S., Minneapolis, Minn.

**Church, Bruce R.,** 28, 282 Second Ave. E., Cresco, Iowa

**Desmond, J. Mathew,** 29, 1420 Fairmount Ave., St. Paul

**Danner, Harold L.,** 25, 722 Minneapolis Ave. S., Minneapolis, Minn.

**Eaton, Hugh C.,** 27, 4410 Aldrich Ave. S., Minneapolis, Minn.

**Flegel, Al C.,** 27, 315 19th Ave. S., Minneapolis, Minn.

**Franzen, Morris C.,** 29, Alexandria, Minn.

**Fridlund, Harold W.,** 23, 494 Dupont Ave. S., Minneapolis, Minn.

**Grills, John T.,** 27, 3533 Twelfth Ave. S., Minneapolis, Minn.

THE ARCHI

THE CHAPTERS

ANTHEMIOS—ILLINOIS

Wm. P. Crane, II, Correspondent

We were able assisted with our first semester initiation by Bros. Fraser, Helms, Pickens and Weymouth, who drove down from Chicago for said purpose.

"Pick" and "Mish." Weymouth are doing a little night work—at the Art Institute.

"Bill" and "Ken" when not busied being a little night work at the Art Institute.

The active chapter had the pleasure of receiving a letter from our W. G. E.—elect, H. L. Parr, 21. Of late, we have had a considerable correspondence with our alumni, which is very interesting to us young fellows.

New House coming—soon. See Page One.

IKTINOS—MICHIGAN

Harper P. Poylrey, Correspondent

Our annual Greenwich Village Party occurred March 18-19. The halls were hung with hanging paper, then the designs sketched in charcoal and painted. One room represented a circus, another a Japanese garden, another a scene of the most gory gods, another exhibited numerous Egyptian dancers. The new Architectural Building is going up rapidly, and it will be ready for occupancy next fall. The steel work is finished, and the masonry is completed for the first two floors. The structure was designed by Prof. Emil Lorch, assisted by a number of the faculty. The steel work was designed largely by Prof. MeConkey, one of our charter members.

Harold Naser, having received enough credits for graduation, has left school and is working in Detroit.

Brothers Wright and Pine have left school for this semester. Ted is working in Lansing and "Gert" is in Windsor, Ont.

DEMETRIOS—OHIO STATE

W. S. Geah, Correspondent

At last we have a "Mothers and Wives" club, organized and "rarin' to go. Due chiefly to the efforts of Mother Ulery, several mothers and wives of the alumni met in the chapter house Friday afternoon, February 4, and organized.

Those present at the first meeting were, Mother Ulery, Mrs. C. H. Teach, Mrs. Max Teach, mother and wife of Max Teach, 21; Mrs. D. P. Ely, wife of "Pop", '17, Ely, W. G. A., and Mrs. John F. Kennedy, mother of Jack, 21. Mrs. C. H. Teach was elected president of the club and Mrs. D. P. Ely, secretary-treasurer. From all this nucleus they hope to build a large and active membership.

On February 26, Demetrios chapter, pledges, actives and alumni, enjoyed one of the most successful Formal meals ever formalized by this chapter. Twelve alumni were on deck with wifey or lady friend.

We were honored with the presence of Mother Ulery, Mr. and Mrs. D. P. Ely and Mr. and Mrs. H. D. Smith who chaperoned the party in great style.

We were glad to see "Bob" Wade, 25, Cleveland, at the Formal. Bob has been getting down quite often lately to look things over. There's a reason.

"Reg" Morrow, '14, down from Toledo for the Formal, said: "Wouldn't have missed it for the world I'd had to walk." Don't forget the Founder's Day Banquet, Roger.

MNECLES—MINNESOTA

Dudley C. Bayliss, Correspondent

The active chapter put on a house party Saturday, March 5th, and it was the best attended party we have had for some time. The chapter house was richly decorated (for $1.13) and the music was good and about one-third we finally broke up.

Sid Stolte, our dramatic representative, has been doing some profitable business. Only a week ago he packed his brand new Oldsmobile out in front for inspection.

Brother Kilpatrick is fast becoming a prominent figure on the campus. He was elected to be St. Pat. in the annual Annual's Day program which takes place on Friday, May 13th. This is quite an honor because he is the first architect ever to be elected to that office.

Our Alumni entertained at a bridge party on Saturday evening, March 12th. Several of the active chapter were present. The prize winners were Everett Peterson, 25, and Mrs. W. M. Wadsworth.

Several active brothers have joined the Arabs, an engineering organization which produces (by magic) a musical comedy every year. We feel assured of its success this year.

Mr. and Mrs. Dunn, Miss Elizabeth Dunn, and Mrs. Backstrom were Sunday dinner guests recently.

KALLIKRATES—VIRGINIA

Ralph Little, Correspondent

Just before exams, which began March 9, Mr. Kocher, head of the department gave a special esquisse—esquisse, "It's suede to the Camps," and awarded a prize to the best. The prize was won by Brother Ballou.

Mr. Kocher is devoting much extra time and energy to the school and is
backing the Beaux-Arts Ball with all the facilities of the department. Date March 25th!

In the way of creating interest in Design and keeping Alpha Rho Chi before the students, Kallikrates offered first and second prizes of Architectural books on a pre-judgment of the analytical entitled "An Exedra."

ANDRONICUS-U. SO. CAL.

Carl Denney, Correspondent

Bottom up brothers, for the first Andronicus baby of Alpha Rho Chi. First honors go to Brother George Bissel, Ex '25, who became the proud papa last January to a representative of the masculine sex. Close behind George comes Brother "Dink" Stadelman, Ex '27, who finished a close second last February. Dick is contrary to Brother Bissel's opinions, thinks that the feminine sex is just about right.

Alas, Dick King, '27, is going to leave our ranks. However we have foreseen it for some time. Miss Charlotte Schumack, Alpha Gamma Delta, graduate of the University of Southern California from Liberal Arts is the lucky party. Miss Schumack is teaching in Hermosa Beach while Dick is working up a little prestige in the office of Weston & Weston, Hollywood. The wedding will be the outstanding event of June.

Brother MendeI's home was the entourage of Andronicus most successful house dance on February 26th. Dancing, bridge, and pinochle were the main diversions. And then Al has a wonderful view from the garden if you are interested in views.

The seniors have just finished a charrette for the Margaret Sulathiel Newcomb prize of $25 for the best application of style of architecture for California buildings.

PAEONIOS-K. S. A. C.

F. P. Gehring, Correspondent

The first semester ended with a "Bang," only ten men left school. We have two new pledges, and are rushing prospects.

Our house mother is back with us, and we are sorry the convention delegates didn't get to meet her.

We gave our annual "Dotted Row Tie Brawl," Saturday, March 5th, and it was a big success. The Spring Formal will be May 7.

Clyde Cless left school, to become an undertaker, but who he will undertake matrimony first, Yes, a Chi Omega.

Paenios is glad to announce, we have been elected to Pan-Hellenic, and To-basco.

The favors to be given to the delegates by Burr Patterson, weren't. They will be given next convention, won't they, so say they?

DINOCRATES—TEXAS

J. Roy White, Correspondent

Gerald Decker, '25, was with us for a few days this week. We all wish that it had been more than just a few days. Jerry has been employed in the firm of Alfred Dubois, prominent New Orleans architect, for the past six or seven months. He is planning to start out for himself in his home town of Mission, Texas, or thereabouts, in the very near future. Best luck ever, Gerald!

The Chapter was mighty glad to receive the music for the song. There is a Name Must Dear to Us, sent by Andronicus. The boys have now decided that we also need a song—Bros. Murchison, Jessen, and White are supposed to get hot and 'compose' some masterpieces for Dinocrates—poor Dinocrates.

POLYKLITOS—CARNEGIE

Thure M. Lewis, Correspondent

Brother Macmillan, now of Yale but formerly of Carnegie Tech, has been named a logeist on the Paris Prize. We hope to see him come out on the top. We have reason also to be proud of Brother Jones, W. E., who received one of the two first mention placed awards in the last Beaux Arts Class B plan problem.

In a recent issue of The Pencil Points, we were surprised to see the face of Brother Harold Bradley in a picture of the atelier group of Hirons-Morgans. According to custom previously established, Polyklitos chapter recently gave a little prize for the best solution of the first freshman design problem.

THERON—OKLAHOMA

Hugh W. Brown, Jr., Correspondent

On March 6th seven pledges lost their pledge buttons and were awarded with APX Badges. Rex Cunningham, an Alumni member of the old Theron, was also made a member of A.P.X. Rex has been out of school for two years, but he has finally returned to take a place on the faculty of the School of Agriculture.

Theron put on its first Dance on March 11th. It was called an "Atelier Dance." Decorations and everything as far as we know went over big. Miss Vaska Roe of Norman was here, I almost said Vaska Redding.

Ralph McKee, '26, thinks it wiser and cheaper for two to live than one, so he married Miss Clement Baker of Shawnee, Oklahoma.

Bro. Nolen, our recent W. A., is in the Veterans Hospital at Muskogee, Okla. We hope that he will be out soon.

Theron offers an Alpha Rho Chi Medal to the student in the School of Agriculture who makes the highest scholastic average for the year.

TWELFTH CONVENTION PICTURE

Men who attended gathering at Manhattan with the Paeonios Chapter Jan. 7-8, 1927. Reading from left to right:

Back row—Carl E. Kuek, Demetrios; Carl R. Olson, Dinocrates; F. A. Kleinschmidt, Mnesicles Alumnus; Myron H. Soupehe, Paeonios delegate, and J. Russell Radford, Ikinos.

Center row—Harold L. Redding, Theron; O. D. Lantz, Convention President, Paeonios; C. H. Cless, Convention Secretary, Paeonios, and Rex M. Keener, Polyklitos.

Alumni delegates: H. C. Overyend, Anthemios and Henry E. Wickers, Paeonios, were not present when the photo was taken.
