45th National Convention
Enjoys Florida Sunshine
Conducts Business and Pleasure While Studying Mickey's "Home Away From Home" Near Orlando, Florida

by Sharlee Seeley, WGAA, Metagenes

The Apollodorus Chapter of the University of Florida graciously hosted Alpha Rho Chi's 45th National Convention in Orlando, Florida from March 6 through 8, 1992. Twenty-two Chapters and Alumni Associations sent delegates and other attendees for the three-day event in the "Land o' Disney."

It seems only natural that the architecture of Walt Disney World was highlighted during the weekend in two special events. Friday, conventioneers were free to explore various facilities recently constructed on the Disney property. These included the Dolphin and Swan Hotels by Robert Stern, the Yacht and Beach Club, and the Team Disney Headquarters Building by Japanese architect Izosaki.

The architecture of both the Dolphin and the Swan Hotels was remarkably playful and fantastic - so much so that the structures elicited either a 'love it' or 'hate it' response from most of our group. There was no middle ground. Incredibly, no detail was left untouched by the designer: Stern and Graves left nothing to chance.

The most striking feature of the Team Disney Headquarters Building was the huge central court which functions as a sundial - the world's largest, according to the Guinness Book of World Records. Everyone was immediately drawn into the stark, rock-strewn sundial courtyard and amused by the 'timely' captions engraved in the stone pavers.

Our second dose of Disneyland was pleasantly administered by Chris Crary of the Master Planning Department of the Disney Investment Corporation. By coi-
Chapter of Alpha Rho Chi Fraternity be adopted. These guidelines outline a series of signals for the Grand Council to heed in order to help support a struggling Chapter.

* That the Chapter Maintenance Committee be made a standing committee, making recommendations to each Convention on current issues concerning the stability and growth of our Chapters.

* That the Constitution be changed to allow new Chapters to be named after ancient Egyptian architects as well as Greek and Roman.

* That Michael Eisner and the Disney Development Corporation be presented the Alpha Rho Chi Patron of Architecture Award as recognition for significant contributions made to the profession by a non-architect.

Another motion made by the Grand Council, which was tabled until next year, was the proposal that a new position be added to the Grand Council—that of a Grand Collegiate Advisor. This position would be for a one-year term, and the candidate would be selected from the active membership. This idea was developed by Bill Bradford, GA, and Chuck Nickel, WGA, as a way to keep the Grand Council “in touch” with the student membership.

Fortunately, there were some truly wonderful moments in the midst of the business meeting drudgery. In an unprecedented move, the Convention seated a delegate, Ted A. Ertl, from the newly re-formed (as in, “on the spot”, thanks to the wonders of modern technology) Satyros Alumni Association, since he miraculously obtained the required alumni signatures (to officially establish the organization) over the hotel facsimile machine that same hour!

Another event of note was the welcoming of the new Theron Alumni Association to the Convention Delegation table! Unfortunately, no alumni were able to attend, so a proxy was seated in their stead. We are all quite pleased

Hamming it up with a little cheesecake after Saturday evening’s banquet.

(45th Convention Continued - )

...considered “minor”. And too, even the Disney machine has learned from its “mistakes” - if you can call the least successful of its accomplishments “mistakes”!

But, as always, there was work to be done that weekend and the delegates acquitted themselves admirably. The order of business included four motions tabled from last year and 18 new motions to consider. Of those, eight were offered by the Grand Council, three from the Theron Chapter, three from our Regional Deputies, one from the Daedalus Chapter, and three from the Xenocles Alumni Association.

Some of the resolutions and directives passed by the 45th Convention include the following:

* That the Ritual Committee be made a standing committee making recommendations to each Convention on the quality and effectiveness of The Ritual of Alpha Rho Chi.

* That Guidelines for Probationary Status for a
at the way one of our newest Chapters has really grown—it is a fine example for all of our organizations.

Finally, the highlight of the day was the acceptance of the petition offered by the Pytheos Colony (University of Nebraska) to become our newest full-fledged Chapter! The sponsoring Chapter, Rhoeus (University of Kansas), will initiate them on the weekend of March 28th in Lawrence, Kansas, and the Chapter Installation will coincide with a Founders' Day banquet held on Saturday, April 11th in Lincoln (the dates of both will have passed by press time).

The 45th Convention was also tasked with electing two Grand Council officers this year: Worthy Grand Architect and Worthy Grand Scribe. Although the slate seemed to be a moving target for a while, the nominations finally settled down. Chuck Nickel was re-elected WGA and Scott MacKay was re-elected WGS. As has been shown in the past, both men will do a fine job for Alpha Rho Chi in their next terms.

Our final order of business was the selection of the site for next year's Convention. Our chapter in Los Angeles, Andronicus, stood unchallenged in its bid for the honor, and everyone cheered for their slide presentation of what we could expect to find in their modest hometown.

With our business concluded Saturday afternoon, we adjourned to an evening banquet where we recognized some of our outstanding brothers. The ‘So’ Whitten Award for scholastics was shared this year by Vitruvius (Penn State) and Apollodorus (University of Florida). And a special ‘thank you’ was extended to the Brothers of Apollodorus for their concerted efforts in hosting a wonderful convention.

By Sunday morning, ninety-one Brothers straggled downstairs to trade hugs and say their good-byes—until the next convention, that is! See you in L.A.!!®

---

(45th Convention Continued.

Convention From a Non-delegate's Point of View
by Jonathan Broh, Iktinos '92

Feb 19: "Oh yes, we'd all like to go to convention."
Feb 20-March 3: "I can't go. "I have a test." "I have a test." "It's too expensive..."...and then there were seven.

Mar 4
7:24 p.m. "My, Steve (Jantick), what a BIG van you have?"
7:58 p.m. All packed up and ready to go.
8:01 p.m. "Steve, can we pull over and get something to eat?"
9:32 p.m. Devoid of anything to do, we play the alphabet game.
10:41 p.m. "There are no G's on any sign."
11:35 p.m. zzzzzz (bump) zzzzzz (swerve) zzzzzzz (pot hole) zzzzzzz

Mar 5
3:26 a.m. Pledge trainer Mike Randall obtains the autograph of Officer Bobby Smith attached to a $112 ticket.
7:53 a.m. After seeing the four-billionth Waifie House sign we have been brainwashed into eating at the establishment.
8:17 a.m. Discover that Waifie Houses are, in fact, gross.
3:57 p.m. Florida. Check-in. Lay out.
8:12 p.m. Wonder what the male counterpart to Hooters might be.

Mar 6
7:41 a.m. Proceed to take beverages out of tub so that I may bathe.
11:12 a.m. Look at Graves' hotel and question if I want to be associated with a profession which created such monstrosities.
11:38 a.m. Play volleyball at beach with family from Sweden (My team won).
4:30 p.m. "Have fun at the meetings, Dave (Pezda). We're laying out.
5:22 p.m. Shower in Michelle Smay and Sue Evrette's room as our tub is once again full of beverages.

March 7
2:20 a.m. We're back in the hotel. Dave is watching a classic Hunter episode.
2:30 a.m. Party forms in our room as our brothers from Apollodorus and Metaganes drop by.
4:23 a.m. Party continues. Dave is forced to sleep on terrace as he must attend meetings in 4 hours.
8:00 a.m. Dave wakes up.
11:47 a.m. Rest of us wake up.
12:6:00 p.m. Us: shop, sleep, sun. Dave: "Yea, nay, I abstain."
8:00 p.m. Formal dinner concludes convention (I had the chicken). Excellent convention Apollodorus. job well done!!!!!!!

9:03 p.m. Beverage run #17.
9:30-??? The longer the party in 410 continues, the more sorry I feel for the cleaning staff at the Harley Hotel.

Mar 7
7:48 a.m. "Hi, Mike. Where have you been?"
8:10 a.m. Check-out. "Movies? What movies? We didn't order any movies."

Mar 8
8:30 - 4:12 a.m. Due to my physical exhaustion from complete sleep deprivation, these hours are a blur. I do remember napping, eating bad food and praying for my life while Sue drove.
4:13 a.m. Drop Steve off in Tecumseh. "Steve, thanks for both the convention and the support you have given, and I'm sure will continue to give, over the next years. You are very special to your brothers at Iktinos. Again, thank you."
4:32 a.m. "Well I'm going to sleep. See ya next year....I'm going back to Cali, Cali. Yes I think so!!!"
Andronicus

Robert N. Eddy, ’40
Brother Eddy had his own practice as Eddy-Paynter Associates in Bakersfield, California from 1948 through 1985. He sold his firm intending to retire, but joined BFGC, Inc., Architects/Planners as a consulting architect in 1986. He stays busy with his work, but finds time to play golf, travel and do community service work.

Anthemios

Bruce Christensen, ’84
Brother Christensen, who has been with Household Retail Services for the past two and a half years, was recently promoted to Assistant Vice President and is responsible for the management of a $50 million portfolio. He has also been Treasurer of the Anthemios Control Corporation since 1989.

Todd G. Jefferies, ’75
Brother Jefferies has recently joined A. Epstein & Sons, Internationale after five and a half years with SOM in Chicago (as Todd says, “not really an accomplishment, but news”).

Leonard A. Peterson, ’59
Brother Peterson is currently President of the Chicago Chapter of the American Institute of Architects.

Daniel R. Schulz, ’70
Life Member #717. Installed 14 February 1992 as a Fellow of The Institute for the Advancement of Engineering, currently President-elect of the Los Angeles Section of the American Society for Quality Control.

Cleisthenenes

Suzanne Simpson, ’86
Brother Simpson was promoted to Associate of Gensler & Associates of Houston, Texas in December 1991.

Daedalus

Brian A. Cravens, ’84
Brother Cravens has been Programs Director for three years on the board of the Pasadena & Foot hill Chapter of the American Institute of Architects.

Demetrios

Ralph G. Dix, Jr.
Life Member #24. Brother Dix has received a full service commission recently for an addition to a church in Massillon, Ohio which will cost about $1 million. He is currently nearing completion of a nursing home addition costing over $1.5 million on Turkeyfoot Lake, just south of Akron, Ohio. He is also converting an automobile dealer showroom-office into a restaurant in Canton.

Alan Jazak, ’86
In January, Brother Jazak accepted a position as Art Director with re:Source Marketing. He had previously worked at Ohio State since graduation, with the last two-and-a-half years spent as a Graphic Designer for the Wexner Center for the Arts.

Ted Siaweleski, ’76
Brother Siaweleski has been promoted to Zoning Division Manager with responsibility for developing Houston, Texas’ first zoning ordinance.

Kallikrates

Thomas G. Murrell
Life Member #264. At the end of 1991, Brother Murrell retired from Atlantic Division, Naval Facilities Engineering Command, after 16 years in the Specifications Branch of the Engineering and Design Division. His plan now is to enjoy retirement with his wife Rose Marie at their home in Virginia Beach, Virginia.

Iktinos

Roy I. Albert
Brother Albert has retired this year from the firm he established in 1962. He will be doing consultation and educational work during his retirement.

Fred J. Stephenson, ’58
Life Member #518. Brother Stephenson has recently produced and published two works: A Walking Tour of Central Sedalia and Historical Architecture.
Metagenes

Thomas A. Vitanza, '79
Brother Vitanza works as both a registered Architect and Historic Architecture Program Manager with the National Park Service, Historic Preservation Training Center in Williamsport, MD. He received his 10-year service pin this last summer.

Sharlee Seeley, WGAA, '84
Brother Seeley has been selected to participate in the Federal Women’s Executive Leadership Program for the 1992-93 fiscal year.

Mnesicles

William W. Scott, '50
Life Member #281. Brother Scott was elected to the American Institute of Architects’ College of Fellows in 1984.

Vitruvius

Richard H. Seabold, '56
Life Member #700. Brother Seabold conducted the engineering (land and building) survey and damage assessment of the dome at the Amundsen Scott South Pole Station during January and February of 1989. The dome floats on polar ice which is about two miles deep. After 19 years of use, the dome was sinking, tilting and distorting. After digging through three feet of ice, the team discovered a major failure in the main base ring. The dome was repaired later that same year.

It’s Better the Second Time Around

by J. Scott MacKay, WGS, Anthemos

The Office of the Worthy Grand Scribe is pleased to welcome back in fellowship the brothers of the Satyros Alumni Association as they were recognized and petitioned under the auspices of Brother Ted Ertl, Satyros '69, and Faculty Advisor to the Pytheos Colony (now the Pytheos Chapter). Brother Ertl was seated as the association delegate to the Convention, reporting that although their membership may be suffering from “Oldtimer’s Disease,” he anticipated much activity on the part of the Satyros Alumni Association and renewed personal interest in recolonizing the Satyros Chapter. Our appreciation goes to Brother Ertl for his continued endeavors in fraternal spirit.

Errata

by J. Scott MacKay, WGS, Anthemos

The editor wishes to apologize to the University of Oklahoma and to Oklahoma State University. The list of Alpha Rho Chi Medal winners in the December 1991 issue of The Archimist mistakenly reported C. Arsalides as a student at the University of Oklahoma. Actually, Constantinos Arsalides was the recipient of the APX medal awarded by the School of Architecture of Oklahoma State University at Stillwater. Stephen Bassett was the APX Medal recipient for the University of Oklahoma.

I regret any confusion this mistake may have caused.

- S.L.B.

“So” Fine!

by J. Scott MacKay, WGS, Anthemos

The Grand Council, in an unprecedented situation, has found two chapters equally deserving of this year’s George “So” Whitten Scholastic Achievement Award. Spring semester 1991 academic ratings reported indicated that the Apollodorus Chapter’s Grade Point Average (GPA) was 3.26 against a university-wide average of 2.90 and a fraternity average of 2.80, while the Vitruvius Chapter’s GPA was 3.20 against a university-wide average of 2.84 and a fraternity average of 2.69.

Two plaques will be prepared with both recipients’ names for 1991, with the hope from the WGS that we will continue to award two plaques in continuing years.

Well done to both chapters!

Ptytheos Installation

Fait Accompli!

by J. Scott MacKay, WGS, Anthemos

The Grand Council is pleased to recognize the Pytheos Chapter into the brotherhood that is Alpha Rho Chi. Congratulations on your recent initiation and may the lessons we teach be passed to many of your future Pytheos brothers!

The Installation Ceremony, conducted by WGA Charles L. Nickel, was held on 11 April 1992 in Lincoln, Nebraska, following an initiation of the Charter Members on the weekend of 27-29 March at the Rhoecus Chapter, sponsor to the colony. The thanks of the brotherhood go to Ted Ertl, Satyros '69, as Faculty Advisor, for his time and effort in assisting the colony.
John D. Martindale  
Iktinos '32  
November 21st, 1991  
Stephen P. Janick, Alumni President  
Iktinos Chapter, Alpha Rho Chi  

Dear Brother Janick:  

It is with deep regret that I write to inform you of the death of John D. Martindale, Iktinos '32, of Fort Wayne, Indiana, on Tuesday, November 19.  

John was my roommate at the old Sirnas Tau Delta. John was a real dynamic guy—a leader, fun loving, but extremely talented and a good student. He was a friend and brother who embodied all of the best precepts of the fraternal spirit.  

Despite the almost total difference in our talents and personalities, we became fast friends, sharing mutual respect and high regard. This bond of friendship has persisted through the ensuing sixty odd years.  

After graduation, John carried on an active career in his chosen profession, at the same time maintaining his interest and loyalty to Alpha Rho Chi as a supportive Iktinos alum. He was a credit to the fraternity and will be sadly missed.  

In his memory, I am enclosing a check...hoping to be included in any existing fund devoted to reestablishing the one-time strength and vitality of Iktinos, as one of the co-founding chapters of Alpha Rho Chi.  

Fraternally yours,  
(sign)  

Robert S. Chamberlin '31  

Editor’s note:  
Brother Martindale, Life Member #167, was a retired Architect, registered in the State of Indiana. He is survived by his wife Gladys and five daughters.  

William C. Jarrett  
Andronicus '31  
Buena Park, California. No other information was available.  

S. Graham Latta  
Andronicus '27  
Canoga Park, California. Brother Latta was a registered Architect in California who specialized in the design of public buildings and low cost housing.  

Edgar I. Kober  
Anthemios '18  
Pasadena, California. No additional information was available.  

Harford Field  
Anthemios '24  
Weslaco, Texas. No additional information was available.  

Gale M. Bergman  
Anthemios '25  
Wilmington, Delaware, Brother 'Chris' Bergman died January 6, 1991 in his home. He earned the professional degree of Certified Life Underwriter and was a special agent of Northwestern Mutual Life Insurance Co., Tulsa. He retired in 1985 after more than 50 years of service. He is survived by two sons and a daughter, nine grandchildren, and nine great-grandchildren.  

Ralph E. Koch  
Anthemios '33  
Godfrey, Illinois, Life Member #630, died on September 16, 1991. He was survived by his wife.  

Roy E. Wendahl  
Anthemios '34  
Fort Lauderdale, Florida. Life Member #462.  

Joseph M. Gartner  
Anthemios '36  
Woodridge, Illinois, died in February 1990. He worked as a patent attorney and professional engineer.  

John W. Steinmann  
Anthemios '36  
Monroe, Wisconsin, Fraternity Life Member #600, died in January 1987. As an Architect, he specialized in design and code analysis. He was registered in Wisconsin, Iowa, Minnesota, Ohio, Texas, Missouri, Nebraska, and Georgia. He is survived by his wife Patricia and his four children.  

John Phillip Guyer  
Anthemios '47  
Indianapolis, Indiana, died on December 12, 1991. He worked as an Architect registered in Indiana and Illinois.  

E. Paul Shisler  
Demetrios '30  
Dublin, Ohio, died on February 15, 1991. He worked as a registered Landscape Architect in the state of Ohio and is survived by his wife Margaret and 2 children. At his death, Paul provided a gift to the Ohio State University Sutton Scholarship Fund.  

Morton W. McClure  
Dinocrates '26  
Dallas, Texas, was a registered Architect in the state of Texas. He is survived by his wife, Cleo.  

Frederick J. Horner  
Iktinos  
Farmington Hills, Michigan.  

Russell B. Olsen  
Iktinos  
Muskegon, Michigan, died in 1991.  

David R. Anderson  
Iktinos '49  
Died on January 17, 1992. Brother Anderson, Life Member #52, worked as an Architect in Seattle and was registered in Washington, Idaho, Montana, and Wisconsin. He is survived by his wife, Theresa Gene, three children and two grandsons.  

G. C. Armstrong  
Mnesicles  
Escondido, California, died on February 15, 1992.  

H. F. MacKenzie  
Mnesicles  
Saint Louis Park, Minneapolis, died on September 22, 1991.  

Alva Henry Freeman  
Paeonios '28  
Springfield, Illinois, died of a heart attack on April 27, 1991. He is survived by his wife Ruthie.  

Arthur William Wolga  
Paeonios '24  
Alta Vista, Kansas, died on May 6, 1991.  

Howard William Baker  
Paeonios '30  
Troy, Michigan. He is survived by his son.  

Earl F. Holyfield  
Theron '26  
Oklahoma City, Oklahoma, died on December 16, 1990.  

Editor’s note:  
You may contact the families of these Brothers at the last known address we have by writing to them in care of Sharlee Seeley, WGAA, 241 Sandpiper Dr, Portsmouth, VA 23704. *
Future of Fraternity Given
Goals and Parameters

by J. Scott MacKay, WGS, Anthemios

The 45th National Convention, by unanimous decision, adopted the Alpha Rho Chi Fraternity Business Plan for 1992-1993, following presentations by the WGA and WGS to the assembled delegates and guests. Charles L. Nickel, WGA, presented a Mission Statement addressing the Fraternity's desire to respond to the profession, academia, volunteerism, society, and to our members. J. Scott MacKay, WGS, presented an outline of Objectives, Strategies, and Tactics in achieving the goals of the Mission Statement. The plan encompasses the direction of the Fraternity, to be reviewed, revised and/or affirmed on an annual basis. Its short- medium- and long-range impact is to be determined as each Grand Council and Convention establishes one, five, and ten year markers and defines responsibilities in order to reach these markers. The following Objectives were identified as being integral to the Business Plan:

- Establish the professional standing of APX
- Found an APX professional educational forum nationwide
- Foster leadership, service, and the promise of professional merit
- Support continuing education programs
- Expand our volunteer base
- Implement training programs
- Reinforce the volunteer spirit
- Promote involvement in community service
- Project a leadership image
- Increase public awareness of our professions
- Increase chapter membership participation
- Increase alumni participation
- Increase the number of active chapters
- Increase membership.

Laurels in Oklahoma

by Lia Russell & S. Brett Carter

Scott Luckiesh, WA of the Theron Chapter, has been named as one of three recipients of the Alumni Scholarship at OSU’s School of Architecture, awarded to deserving students entering into their third year of the professional program. Each recipient must carry a minimum of thirteen hours of courses and must maintain a 3.25 GPA. Scott will be re-evaluated every semester through his fifth year.

Also at Theron, S. Brett Carter, Professional Director of the chapter, was awarded an Honorable Mention in the Pella Prize Design Competition, established within the School of Architecture to recognize excellence in overall performance in ARCH 5119. The fifth year course emphasizes the synthesis and application of all the technical and general knowledge and design skills developed during the first four years of the program.

After graduating this month with a B.Arch. Degree, Brett plans to pursue a Master’s degree in Urban Planning through OSU’s Summer European Study Program and in an exchange program currently being established with Warsaw Polytechnic in Poland.

Remember...All you need for a road trip are a car, a van or a fleet of motorcycles (What, are you nuts???) and some gas. So what are you waiting for? Go visit some brothers!
APX BRIEFS

75 Years Young and Still Going Strong!

The Demetrios Chapter celebrated its 75th Founders' Day this year by meeting at the Confluenence Park Banquet Hall in downtown Columbus, Ohio on Saturday, 11 April. The Brothers were surrounded by a panoramic view of Columbus while enjoying a semi-formal cocktail hour, buffet dinner and dancing. Everyone was asked to bring along their old photos and scrapbooks for display and “discussion”, not to mention a few good stories.

Earlier in the day, the annual meetings of the Alumni Association and Control Corporation were held, preceded by a buffet lunch.

BROTHERS ABROAD

Five Anthemios Brothers (Univ. of Illinois, Champaign-Urbana) have spent the 1991-92 school year with the University of Illinois architecture program in Versailles, France. The photo shows (L. to R.) David Carbol, Henry Hill, Tai Tammaru, Karen Grieves, and Bob Kerns ready to depart for France from O'Hare Airport in Chicago.

In addition, four Pytheos Colonists (University of Nebraska) are spending the Spring semester in London. Most of the Metagenes brothers (Virginia Tech) have spent either the Spring or Fall semester of this year in various parts of Europe. Are there others? Needless to say, we expect that the next Archi will be chock-full of photographs and vivid descriptions of the architectural experiences all these globe-trotting brothers had in Europe!

Metagenes Working Hard on New Cooperative Effort

by Brian Coates, Metagenes

The Metagenes Chapter is in the process of getting a new project off the ground - CoSeas - Cooperation of SouthEastern Architecture Schools. They are working in conjunction with the University of Tennessee at Knoxville to establish a lecture series as well as promoting an understanding and appreciation of the various styles and teaching methods within different schools of Architecture. They expect the program to expose students in the Southeast to exceptional architects and architecture in the region and to give the Brothers a chance to correspond with students around their area who are not blessed with the existence of an active Alpha Rho Chi chapter.

Congratulations to our new AIA Fellows:

Charles E. Garrison; Anth '50
Robert Y.C. Hsiung; Anth '58
Robert W. Peters; Mnes '58

Vitruvius Faculty Member Wesley Wei was spotlighted in the February '92 issue of Progressive Architecture.

"Up, up and away... !" See story at left.
The following is a list of recent initiations. If your chapter is not listed, please contact the editors to be included in the next Archi.

**Anthemios - 9 January 1992**
Matthew Bremer  
Kimberly Clarkson  
Karen Hu  
Fred Moreno  
Charles Pickard  
Francis Torres
