CAREER SUMMARY

Versatile professional with 15+ years' experience, possessing a unique combination of refined talents that lend skills in operations management, construction management, and financial management, with a focus in real estate. Strong communication and relationship management abilities, with a wide range of stakeholders including owners, investors, operators, business partners, contractors, project team, and end users. Proven track record of collaborating effectively in team environments with colleagues at all levels, as well as demonstrated strength in working as an independent contributor to meet business goals and objectives. Solid problem solving, analytical and strategic planning, that facilitate successful completion and delivery of multiple projects, in a high-pressure environment.

EMPLOYMENT HISTORY

Unified Residential Management

August 2024 – Present

Operations Analyst & Strategist

Manage special projects and initiatives to improve operational efficiency while supporting/overseeing site-level, regional, and executive team members. Handling administrative and financial reporting needs for the real estate portfolio, developing SOPs, policies, and best practices for business operations. Including revenue management and identifying ancillary income opportunities, to ensure optimal financial performance. Conducting comprehensive risk management reviews encompassing the financial, legal, and insurance aspects to safeguard the company's assets and interests. Performing both physical and data-driven market analysis to provide insights into strategic decision-making. Implementing strategies to enhance market positioning, optimize revenue streams, and mitigate risks. Additionally, support acquisition and disposition activities to ensure successful onboarding and offboarding.

FPA/Trinity/Redwood

April 2022 – August 2024

Operations Support Manager – South Pod

April 2023 – August 2024

Managed special projects and initiatives to improve operational efficiency while training and supporting site-level and corporate team members. Handled administrative and reporting needs for a real estate portfolio, developing SOPs, policies, and best practices for business operations. Led acquisition and disposition activities to ensure successful onboarding and offboarding. Provided relief support to struggling assets and regions, identified new business opportunities, and conducted analysis for executive review. Managed associates to support regional and corporate initiatives.

Regional Construction Manager – South Pod

April 2022 – April 2023

Oversaw a portfolio of multifamily renovations and led a team of Renovation Specialists. Participated in due diligence for acquisitions, reviewing materials, bids, scopes of work, and finish packages. Communicated budgets, scopes of work, and job expectations to project teams, approved invoices and contracts, and managed the procurement of local subcontractors, vendors, and suppliers. Visited project sites bi-weekly, participated in construction calls, and managed live budgets/trackers for projects, submitting reallocations as needed. Prepared and implemented action plans to meet production, productivity, quality, and customer-service standards. Additionally, resolved problems, conducted audits, and implemented changes for system improvements. Monitored and communicated progress schedules to executive staff, liaised with Architectural/Engineering contacts, city/county officials, local businesses, and police/fire departments to facilitate successful project execution. Forecasted and monitored project budgets to meet regional financial objectives, created and maintained a safe/secure job-site environment, and hired, trained, and managed project teams. Also set quarterly goals, conducted write-ups and disciplinary actions, and ensured all project phases were executed and transitioned effectively.
